### \$212,000 SUM SET FOR OREGON IN BILL

Washington Would Get \$262,-000 Under Shackleford Federal Road Measure.

#### IDAHO'S SHARE IS \$112,500

Draft Now Before Senate Provides for Aiding States Which Raise Similar Sum-Rough Construction Not Included.

OREGONIAN NEWS BUREAU, Wash-Ington, March 2 .- It the Senate passes the Shackleford good roads bill and \$25,000,000 annually is appropriated by the Federal Government to aid states in building, maintaining and improv-ing roads, Oregon wil receive from the Federal treasury a total of \$212,000 each year, provided the state raises a like amount. Under this bill the State of Washington would receive \$262,500 annually, Idaho would get \$112,500 and California \$503,750. It remains to be seen whether the Senate will pass this bill in the form in which it went through the House February 10, or whether some amendment will be adopted changing the basis of apportionment so as to increase the allot-ments made to Western states.

The Shackleford bill appropriates \$25,000,000 to be expended under the direction of the Secretary of Agriculture. Out of this lump sum will be deducted a certain amount annually for administration purposes. Then \$65,-990 is set aside for each state. The remainder of the fund is then divided into two parts. One-half is pro rated smong the states, the first half on the IN basis of population and the second on mileage of star and rural mail routes.

Mail Route Mileage Factor. For illustration, Oregon's population according to the latest census was .74 per cent of the total population of the United States. Therefore, out of the first half, Oregon would receive \$92,500, which is .74 per cent of the lump sum. In like maner the total milaage of star outes and rural routes in Oregon constituted .96 per cent of the total route-age in the entire United States, and Oregon, therefore, out of this fund would receive \$120,000, which is .96 per cent of the second fund, making an ag-

gregate of \$212.500. The \$65,000 allot-ment is included in the total given. The Secretary of Agriculture, on figures gathered from official sources, is required each year to compute the allotments to be made to each state and to furnish a statement of the allotnents to each of he Governors, Secretary and the Governors of the states, or officials designated for this purpose by the Governor, will jointly determine the roads in each state which are to be constructed with the moneys allotted by the Government, but no part of the Federal fund is to be used any state until the state itself has set aside an amount equal to the Fedcral allotment. In other words, the states and the Federal Government are to co-operate in this work, each bearing half of the cost.

#### Three Classes Recognized.

roads into three classes: Class A being dict returned marked the three votes macadamized roads; class B, gravel, shell or combination sand and clay roads; and class C dirt roads, which are arched so as to shed we are the star speaker. are arched so as to shed water, and ditched on the side for drainage, No money shall be spent by the Govern-ment for the construction or mainte-nance of roads that do not come within

At the end of each fiscal year the United States will pay to the states on each mile of class A road improve-ment the sum of \$60; on each mile of class B road \$30, and \$15 per mile fo class C roads. But no payment will b made for roads which do not comwithin one of these classifications. In other words, Government money will not be spent for the construction of rough roads which are not properly graded and drained. The bill specific-ally stipulates that it is not intended to authorize any Governor to create

#### SENATE BURNED IN EFFIGY

Action of Cordova Mob Arouses In dignant Juneau Citizens.

JUNEAU, Alaska, March 4.— (Special.)—Indignation is expressed here today at the action of the mob of cititoday at the action of the mob of citizens of Cordova nigged to have been led by George Dooley, who burned all the members of the Territorial Alaska Senate in effigy, excepting Dan Sutherland, because of the report that they had opposed before Congress the construction of the proposed Government railroad in Alaska.

The burning in effigy was the direct result of an item in the Congressional Record of January 28 in which a letter signed by the seven Senators is print-ed. The letter states that the Alaska Senate took no action for or against Government building of railroads in Alaska but left tre matter entirely to Congress, but had, however, indorsed the report of the Alaska Railroad Com- Clerk.

#### IDAHO POTATOES IN DEMAND

Product of Lewiston Vicinity Popular in St. Louis.

LEWISTON, Idaho, March 4.—(Special.)—Potatoes grown in this vicinity, irrigated by the Snake River, are leading in the demand for tubers in Eastern markets, according to advices received here for St. Luis ceived here from St. Louis.

It is said the Idaho potato differs rom the Wisconsin and Michigan brands in its clear, clean skin, fine flavor and great nutritive value. St. Louis dealers predict 200 cars, 39,000 bushels, will be sold there this season. The average carload price is from \$1 to \$1.10 a bushel. Of this the grower gets from 65 to 80 cents.

Efforts are being made by the St.

Louis distributors to induce the railroads to reduce the freight rate from Idaho from 53 cents to 38 cents a hundredweight.
