

PAPER COMPANY TO HAVE NEW BUILDING

Blake, McFall Concern Signs 10-Year Lease for East Ankeny Structure.

DEAL LARGEST OF WEEK

Site Partly Occupied by Pacific Iron Works, Which Will Erect Plant on Tract Near Doernbecher Factory.

The most important realty transaction of the week was consummated yesterday, when Blake-McFall Company signed a 10-year lease on a 100,000 brick and concrete building to be erected by Oscar E. Helzlsouer on the north side of East Ankeny between East Second and East Third streets.

At present the East Ankeny-street site is partly occupied by Pacific Iron Works, of which Mr. Helzlsouer is the proprietor. The iron works recently acquired a six-acre tract near the Doernbecher furniture factory and will erect a large plant on that site.

The deal is considered a great boost for the East Burnside street district. The paper company employs more than 100 men and operates a large force of delivery teams and auto trucks.

The location for the new building is two blocks from the Harriman freight yards and only seven blocks from the yards of the Hill system.
