"Loftiness and Correctness" of Position Wins Praise Across Atlantic.

PERFECT PHRASING NOTED

President Declared to Have Taught "Lesson That Sadly Wants Teaching" to World-Exposition Question Is Revived.

LONDON, March 6. - The Daily Graphic in an editorial this morning praises President Wilson's special message to Congress urging the repeal of the clause of the Panama Canal act ex-

empting from the payment of tolls
American coastwise shipping.

"President Wilson yesterday afforded
the United States and the larger world
outside," says the Graphic, a "singu-larly impressive illustration of the
loftiness and correctness with which
he interprets his duty as the chief magistrate of the republic. To do right and to do it loyally and generously, without quibble or hesitation, is a les-son that sadly wants teaching to the world of statesmanship, and President Wilson has taught it with admirable

Coincidence Is Noted.

The Times, in an editorial, says:
"The striking message which President Wilson read to Congress yesterday, whatever its practical results, will win him the approbation and respect of all that is best among the English-

speaking nations of the globe."
The editorial points out that by a curious coincidence the message comes at the same time as the memorial to l'arliament urging Premier Asquith to reconsider the government's refusal to participate in the Panama-Pacific Ex-

Message "Perfectly Phrased?"

The Daily News styles the message as one of the most perfectly phrased documents of modern times. The editorial admits that the United States might have an abstract right not to impose tolls on American coastwise shipping, just as Great Britain has the right to abstain from participation in the Pan-ama-Pacific Exposition, but that such

actions would be mistakes.

Great Britain's mistake with regard to the exposition, it adds, was shown by the memorial passed by Parliament Wednesday urging reconsideration of the decision not to participate, which the decision not to participate, which was signed by men representing the greatest trading and manufacturing interests of the country.

Assuming will simply propose that any like propose that any like country may, by a plebiscite, vote close of the meeting, an unanimous vote of thanks was tendered the School Board.

CLUB WRESTLERS TURN BACK

University of Oregon Matches Off,

Due to Misunderstanding. UNIVERSITY OF OREGON, Eugene, March 6.—(Special.)—Eddie O'Connell, coach and trainer of the Multnomah Club wrestling team, Portland, led six wrestlers to Eugene Thursday afternoon, only to find that Graduate Manager Walker had not scheduled a tournement.

Then Eddie "turned right around and marched right out again." Complications are due to Edgar Frank, ex-manager of the club team, resigning and leaving for the East. "Early in the year," said Walker, "I wrote Mr. Frank asking for a date here tomorrow. He consented. Later I telegraphed him cancelling the date and suggested tonight as a better time to stage the matches, because of the absence of any university social funcons. I received no reply and thought e date cancelled." "Edgar Frank's failure to notify me

"Edgar Frank's failure to notify me of Walker's telegram is responsible for the 'ball-up,'" said Eddie O'Connell. "I am sorry it happened." The Multnomah team left for Corvaills, where they are to meet the Ag-gies Saturday night.

NIGHT CLASSES FALL OFF

Evening Schools Likely to Be Discontinued Soon, Is Indication.

It is likely that the night schools now being conducted in various parts of the city will be discontinued for the year by the School Board. Inquiry into the average nightly attendance at the sessions revealed the fact that the classes are not being attended as largely as earlier in the school year and the Board indicated by its discussion yesterday that the courses will probably be ended for the year within the immediate fu-

SCHOOL BIBLE STUDY UP

Portland Board Indicates Decision Will Be Made Soon.

The School Board at its session Thursday discussed the feasibility of introducing a non-sectarian study of the Bible in the Portland schools, and judging from the expressions from the members present, Chairman Sabin, Dr. E. A. Sommer and O. M. Plummer, all of whom seemed to favor the idea, it is

quite likely that the question will come to a definite issue before long. Mention of the subject was prompted by a brief sent to the Board from New Zealand parties presenting arguments for the adoption of Bible study in the
