

JOYRIDERS IN WRECK

Chauffeur's Friend Hurt; Employer's Automobile Ruined.

INTOXICATION IS CHARGED

Car Sent by Woman to Garage Ends in Scrapheap at Telephone Pole Against Which It is Driven on Road to Milwaukie.

Joyriding in the car owned by his employer brought arrest to John Lark, a chauffeur, 30 years old, early yesterday after Lark had driven the car into a telephone pole at Ellis and Milwaukie streets and wrecked it, injuring F. W. Lewis, one of the three friends whom he had recruited for a joyride to the Milwaukie Tavern, at Milwaukie. They were returning from the tavern.

Mr. Lewis, who lives at the Hotel Morris, 533 1/2 Alder street, and is an electrician, was taken to St. Vincent's Hospital in an Ambulance Service Company machine. He is badly bruised but not seriously hurt.

The machine, which belongs to Mrs. J. A. Martin, of 215 Twenty-fourth street North, was reduced nearly to junk. Its four wheels were torn off, its dashboard driven over the front seats and its radiator caved in. Its running board, lamps and other outside parts were ruined.

Mrs. Martin says she ordered the driver to take the machine to a garage to be washed, but that he took it out for a ride instead.

"When it failed to appear later last night," she said, "I was alarmed. I started searching for it and for the driver, and searched all night, but got no news of it until the police informed us that it was smashed. The car is registered in the name of Miss Jean Elizabeth Martin, Mrs. Martin's daughter.

Earl Hanson, a clerk, 25 years old, Mr. Lewis and C. J. Lundberg accompanied the chauffeur. On reaching the Milwaukie Tavern Patrolmen Nutter and Gouldstone reported, the party was refused admittance and started back to town.

Persons who heard the report of the crash telephoned the police and Officers Nutter and Gouldstone, on motorcycles, were sent to the scene. They called an ambulance for Lewis and arrested Hanson on an "after hours" charge.

While they were loading Lewis into the ambulance Lark started to run and did not stop until Patrolman Gouldstone ran after him and threatened to shoot. He was charged with operating an automobile while intoxicated, and was locked up.

After being detained a short time Hanson was discharged by Acting Captain Inskip.

ESTACADA BOOSTERS MEET

Campaign for Cannery Launched at Second Session.

ESTACADA, OR., MARCH 8.—(Special.)

The second booster meeting was held

here yesterday and was well attended. The sentiment was so pronounced in favor of building a cannery after Guy T. Hunt, who has made a personal investigation, told of the successful canneries in other places, that the executive committee was instructed to complete all preliminary arrangements so that a canvass for funds could be commenced as soon as possible.

A report was made that the county had granted the petition of the first booster meeting and would build a bridge over the Clackamas River at Barton, which would give the farmers of east Clackamas County a good road into Portland. After the meeting Pro-

AIR OF MYSTERY CLEARS

MEN EXPECTED TO HAVE PART IN TIMBER WAR ARE CRUISERS.

Secret Movement of Force Equipped for Long Sojourn in Wilds Partially Explained.

ASHLAND, Or., March 8.—(Special.)—The atmosphere of mystery attending movements of a dozen men who put in an appearance here several days ago was partially explained today. Equipped with a month's supply of food, packs and snowshoes, they left for the heavy forest area southeast of Ashland.

Rumors were rife of an impending fray between the Weyerhaeuser and Hopkins timber interests in that particular territory. The men admitted that the flying column was to execute a rash order.

Hotel people, livery stable keepers and teamsters were pledged to secrecy, while newspaper reporters were repulsed with scant courtesy.

The men, who left Ashland today for repairs and additional supplies. Developments indicate that the party is engaged in cruising the Hopkins timber tract, also establishing camps for crews, which, in the Spring, will take up the work of fighting forest insect pests, with headquarters in the vicinity of Parkers Station, about 25 miles from this city.

TOWN WOULD PROBE FIRES

Bonanza People Seek Fund to Employ Detective to Find Incendiary.

KLAMATH FALLS, Or., March 8.—(Special.)—Three times within a few years the little town of Bonanza has been practically destroyed by fire.

The third fire, January 18, destroyed buildings which cost more than \$10,000 and in which there was practically no insurance because after the second fire, in 1913, no company of standing would accept risks in the place.

Each fire occurred in the night and in each case incendiaryism was indicated. The people here are planning to raise a fund to employ a detective, in their crippled financial condition it is a hard task.

St. Johns Voters Nominate for City Election.

MAYOR BREDESON IN RACE

Many Democratic Votes Found to Have Been Cast in Primaries for Republican Aspirants, but All Such Votes Are Lost.

ST. JOHNS, Or., March 8.—(Special.)—Mayor Charles Bredeson was renominated at the primaries yesterday by a vote of 235, S. G. Wright, his competitor, receiving 170 votes, on the Republican ticket. Mr. Bredeson also received 53 votes on the Democratic ticket, which were thrown away for as many on the result of the primaries were concerned, except to show that he had friends among the Democrats.

Added to his Republican vote it would give him a total vote of 288. Wright also received 45 Democratic votes.

Albert E. Dinsmore received the Republican nomination for Recorder by a vote of 238. Myrtle B. Brodahl was next with 137 votes. C. G. Anger received 53 votes and D. H. Knowles 55. For Treasurer S. C. Cook received 175 votes and F. A. Rice 255, the latter being nominated for City Attorney by 297 votes and P. C. Stroud received 113 votes. For Councilmen-at-large O. M. Cornell received 221 votes, F. W. Valentine 214 and A. A. Muck 92. First Ward Councilmen, R. A. Jayne 193, Marlon Johnson 144 and E. A. Grader 139. Councilmen for the Second Ward, C. M. Chadwick 161, George W. Munson 101.

The Progressives cast a few scattering votes. The result showed a complete mixing of politics, and in some cases it will require an official canvass to decide who really were nominated. It is expected that several independent candidates will enter the field for the regular city election, April 8.

KLAMATH FALLS, Or., March 8.—(Special.)—The county political situation is quiet, no new petitions having appeared within the last 10 days.

W. S. Worden, County Judge, has not said that he will be a candidate for re-nomination and so far no one has announced himself as aspirant for the place. This is attributed to Judge Worden's reticence, for a failure of the attempt to recall him it is generally believed that it will be hard to find a candidate who could make a successful showing against him.

ROAD IS ALLEGED VIOLATOR Electric Headlights Demanded of Southern Pacific at Roseburg.

ROSEBURG, Or., March 8.—(Special.)—With the object of enforcing the so-called "electric headlight" law, enacted at the last session of the Legislature, District Attorney Brown, of Roseburg, has notified the Southern Pacific Company that the law is being violated in this district.

The law went into effect on February 21, 1914, according to Mr. Brown, and as yet the company has failed to equip its locomotives operating in this county with electric headlights. The District Attorney says he will give the officials of the Southern Pacific Company a reasonable time to comply with the statute, otherwise prosecutions will ensue.

You Will Find Them ALL in the Song Book of The Portland Oregonian Over 400 Complete Songs with Words and Music Over 500 Pages HEART SONGS The Old Songs The modern airs are cheerful, melodious and sweet; We hear them sung and whistled all day upon the street. Some lilting rag-time ditty that's rollicking and gay Will gain the public favor and hold it—for a day. But when the day is ended, and we are tired and worn, And more than half persuaded that man was made to mourn, How soothing then the music our fathers used to know! The songs of sense and feeling, the songs of long ago! The "Jungle Joe" effusions and kindred roundelays Will do to hum or whistle throughout our busy days; And in the garish limelight the yodelers may yell, And Injun songs may flourish—and all is passing well; But when to light the heavens the shining stars return, And in the cottage windows the lights begin to burn, When parents and their children are seated by the fire, Remote from worldly clamor and all the world's desire, When eyes are soft and shining, and hearts with love aglow, How pleasant is the singing of songs of long ago! —WALT MASON.

GIRLS NEED HOME

Mayor Urges Early Action on Place of Detention.

OFFERS OF SITES MADE With Fund of \$15,000 Now Available, Mr. Albee Would Obtain 20 to 30 Acres Near City and Build First on Small Scale.

It is probable Mayor Albee will take definite action this week looking toward the establishment of a permanent detention home, to be operated under the auspices of the city and to be situated within 20 miles of Portland, preferably in Multnomah County.

Municipal Judge Stevenson and Mrs. Lola G. Baldwin, superintendent of the women's division of the police bureau, have laid the facts before the Mayor in an effort to obtain relief. The number of young girls who have to be committed to some home is increasing so rapidly that they say it is imperative to have in the near future some permanent place for them.

Mayor Urges Early Action. Different plans have been suggested, but as yet none has been adopted. For a time it was thought the Municipal Judge might designate such places as the Home of the Good Shepherd, the Christian Home and various others, as detention bureaus, but it is now developing that this would be unsatisfactory, as it is believed necessary that

the young women shall be under one general supervision and that the city should provide for it by purchase of ground and buildings or of the ground and construction of a building.

Mayor Albee says that it will be better to purchase the property soon, with some kind of a building on it, if possible; that suitable ones be constructed thereon. This, he points out, would make a start on a permanent home, which could be added to from time to time, as occasion requires.

Fund of \$15,000 Available. A fund of \$15,000 is available for this purpose and the Mayor announces that he has some good offers of property east of Portland, in Multnomah County, which he is considering now. One man has submitted a piece in a fine location and has cut the price \$1500 to help the cause. To obtain the best possible property for the purpose, however, the Mayor says he will wait for other offers and several men and women are seeking sites for recommendation.

"My idea of the best method of procedure," said the Mayor, "is to obtain from 20 to 30 acres about 15 miles east of Portland, in a convenient place, for not to exceed \$10,000. That would leave a balance of \$5,000 with which we could build some suitable houses and we would then be ready for operation, at least on a small scale. I have some good offers of property, but I want to make certain I can do no better before I make a recommendation for the purchase."

The purpose is to maintain vocational training for the women who are sent there. The establishment would be in part, at least, self-supporting.

SELF-RELIANT HOME DOCTORS

is what women are called who all over this broad land make their annual collections of roots and herbs, and rely upon recipes which our pioneer mothers found dependable for different family ailments. In one of these recipes, Lydia E.
