

MRS. PANKHURST IS ARRESTED IN FIGHT

Police Climb Over Flower-Be-decked Barbed Wire to Take Leader.

SMALL BOMBS EXPLODED

Score of Women Attending Suffrage Meeting Hurt and Several London Constables Are Hurt in Melee.

GLASGOW, March 10.—Mrs. Emmeline Pankhurst, leader of the militant suffragettes, was arrested last night at a suffrage meeting in St. Andrews Hall, after a fierce fight with the police in which a score of women were hurt and several constables bruised.

Mrs. Pankhurst had just declared that women had as ample justification for fighting for their rights today as man ever had in the history of the world, when a force of police with their clubs drawn, dashed into the hall. In anticipation of trouble the suffragettes had stretched a network of barbed wire across the platform. The wire was concealed by flowers and plants and proved efficacious with the aid of masculine supporters of the suffragettes, using flower pots, chairs and anything they could lay their hands on as missiles in holding back the police for a few minutes.

Finally when the police stormed the platform a number of women produced clubs from under their cloaks and used them vigorously against the attacking party.

In the midst of the fighting several blank cartridge pistols were fired and miniature bombs exploded. Frightened by the detonations many women fainted. The police seized Mrs. Pankhurst, dragged her off the platform and through the hall to the street. Here a desperate effort was made to rescue her as the police forced her into a taxicab and drove away to the police station.

MISS BELL WILL RETURN

Commissioner in Telephone Investigation Ends Labors.

Miss Mary A. Bell, who went East several months ago with Constantine J. Smyth, special assistant to the Attorney-General, and acting for the government in the prosecution of the alleged telephone trust, will return to Portland from Washington, D. C., in a few days, according to a letter received by Judge Bean from Miss Bell yesterday.

Miss Bell has taken testimony in the case in nearly all of the big Eastern cities, but for the past month has had little to do, and her return to Portland is taken to mean that the American Telephone & Telegraph Company, against whom the suit was directed, will comply with the wishes of the Attorney-General so that the suit will not be necessary.

ASSESSMENT MAPS FILED

District to Pay for Proposed Base Line Road Work Shown.

Assessment maps, showing the district which must bear a portion of the expense of hard surfacing the Base Line road from the city limits at Ninety-second street to the Troutdale road, if the improvements are made, were filed with the County Commissioners yesterday by Assistant Roadmaster McMullen. The maps were approved and ordered placed on file. Today the Commissioners are expected to pass the first intention to improve the road.

The stretch of road which it is proposed to improve is 2 1/2 miles long. The assessment district will extend half mile on each side of the road.

RIVER DREDGE IS BURNED

Dredge No. 5 of Columbia Digger Company Damaged \$500.

Dredge No. 5, operated by the Columbia Digger Company and stationed at the foot of Ankeny street, caught fire Monday night, shortly before midnight, and before the blaze could be extinguished \$500 damage resulted. The fire was caused by a blowback from the oil-burning furnace.

Fire engines Nos. 1, 2, 7 and 21 and the fireboat David Campbell answered and worked for an hour and a half.

Oregon Political Gossip

Candidates Speak Before Political Equality League—Another Entrant Expected in Governorship Race—News of the Candidates.

THE first of a series of meetings at which candidates for the various primary nominations are to be heard was held in the Central Library Monday night by the Political Equality League. The speakers were ex-Governor T. T. Geer, Republican candidate for Governor; Colonel Robert A. Miller, Democratic candidate for Governor, and Arthur I. Moulton, Progressive candidate for Congress. Each had half an hour in which to present his views. Mrs. M. T. Hadden presided.

Though Hugh McClain, of Marshfield, has announced that he is out for the Democratic nomination for National committeeman, it is understood that an effort is to be made to induce him to withdraw in favor of W. H. Cannon, of Medford.

Gus C. Moser will open his campaign for the Republican nomination for Governor in Columbia and Clatsop counties, beginning Wednesday. He is to return to Portland Saturday, and on Monday will go to Marion County.

The State Woman's Republican Club has elected the following officers: Mrs. Larna B. Bartlett, president; Mrs. Emma E. Morgan, second vice-president; Mrs. Ellen Mills, second vice-president; Mrs. E. C. Griffin, recording secretary; Mrs. Lillian Harrod, treasurer; Mrs. F. M. Pitter, corresponding secretary; members of the finance committee, Mrs. Emma E. Morgan and Mrs. Lillian Harrod; members of legislative committee, Mrs. A. E. Borthwick and Mrs. T. E. Hirst.

"The act under which the collection of taxes is now made is exciting deserved hostility on the part of taxpayers," said John Manning, Democratic

candidate for Governor, yesterday. "Quarterly payments are thought by a great many to be too often. I believe that the taxes should be collected occasionally with a rebate of 3 per cent if paid before April 1 and October 1.

"This rebate easily could be allowed with a saving to the city, county and state, as bonds bearing 5 per cent interest, which can only be retired annually or semi-annually, could be cancelled instead of the money being collected once a year and placed on deposit in the banks, which allow only 2 per cent for its use."

W. H. Hollis, of Forest Grove, member of the State Senate from Washington County, is mentioned as a possible candidate for the Republican nomination for Congress from the First District against Representative Hawley. Prior to his election to the Senate in 1912, Senator Hollis served two terms in the lower house of the Legislature. Though an independent Republican in politics, he favors prohibition and should be entered in the Congressional race probably would have a National prohibition plank in his platform.

Frederick Hollister, of North Bend, candidate for the Democratic nomination for Congress from the First District, who has been making Portland his headquarters for about a week, left yesterday for home. W. H. Meredith, of Curry County, and John Osterman, of Taff, in Lincoln county, are his Democratic opponents to date.

Speakers at the weekly Progressive party luncheon in the Portland Hotel next Thursday will include J. A. Clements, who is chairman of the day, and "The Differential of the Square Deal," and Arthur I. Moulton, Progressive candidate for Congress. I. H. McManis, of Astoria, is expected to announce his candidacy for the Progressive nomination for Governor at the same luncheon.

TAFI TO BE NAMED SUPREME JUSTICE

Ex-President to Accept Appointment From Wilson to Highest Tribunal.

OLIVER W. HOLMES TO QUIT

Authoritative Information Says Professor Will Remain With Yale Only Long Enough to Make Good on Present Job.

WASHINGTON, March 10.—Professor William Howard Taft, of Yale, President of the United States, will be appointed a United States Supreme Court Justice by President Wilson.

This information comes from an unquestioned authority.

From the same authoritative source it is learned that the resignation of Justice Oliver Wendell Holmes, of Massachusetts, will make the vacancy which Mr. Taft will fill.

The date of Mr. Taft's appointment is contingent upon the time required for the disposition of important cases which have the special consideration of Justice Holmes, but it is regarded as certain that Mr. Taft already has made tentative arrangements for severing his connection with Yale and for again taking up his residence in Washington.

It is said on unimpeachable authority that President Wilson sounded Mr. Taft on the question of his accepting a Supreme Court Justiceship several months ago and that Mr. Taft expressed his willingness to go on the bench. He desired first, however, to continue in his Yale professorship long enough to be sure that his work was more than a passing impression.

"It would not have it go out for the world that I was merely marking time at Yale," Mr. Taft is reported to have said.

LABOR PLAN DISCUSSED

COMMITTEE WORKING ON DRAFT OF STATUTE TO AID IDLE.

Professor Young Declares Problem is Sectional and Bordering States Should be Consulted.

The problem of unemployment is sectional and not a matter of a single state, or of Oregon, to enact laws for dealing with the problem she should also endeavor to interest Washington and California in the enactment of similar laws.

This opinion was expressed by Professor Young, of the University of Oregon, Monday night at a meeting of the committee of nine which was appointed to consider recommendations for a statute which shall provide for handling the problem of unemployment.

The recommendations of this committee are to be presented at a meeting March 23 at which representatives of the State Federation of Labor and other organizations which initiated the movement will be present.

The tentative recommendations which were decided upon last night by the committee will form, after adoption at the general meeting, the basis for a bill which will be prepared and presented at the coming session of the Legislature.

The principal points in the list of recommendations are the enactment of legislation to empower the state to provide emergency employment and if necessary to create a deficit against the State Treasury to an amount not to exceed \$500,000.

The meeting last night were: Isaac Swett, Professor Young, Professor Rebec, of the University of Oregon; W. S. Rean, C. E. Spence, of the State College; Professor Wood, of Reed College; and C. W. Barzee.

NEGROES' SHIP IN PORT

"CHIEF SAN" AND PARTY ARRIVE IN PORTLAND, ME.

Mariners Believe Vessel Will Join "Holy Ghost and Us" Fleet of Kingdom Yacht Club.

PORTLAND, Me., March 10.—The steamship Curityba, which it has been learned, will be fitted out here for the colonizing expedition of "Chief Sam" and his party of negroes to the Gold Coast of Africa, arrived today from New York. Twenty-nine persons were on board. Along the waterfront it is believed the ship will be added to the fleet of the Kingdom Yacht Club, controlled by the "Holy Ghost and Us" Society at Shiloh, whose head, Rev. Frank W. Sawyer, has been in the Federal Penitentiary at Atlanta for two years.

The Curityba is commanded by Captain L. S. McKim, of Boston, Mass., ex-sailing master of the Barracuta, one of the Shiloh fleet.

The proposed colonization scheme of "Chief Sam" on the coast of Africa recalls the fact that about three years ago the Shiloh leader tried to establish a colony on the west coast of Africa, but his barkentine, Kingdom, was wrecked at Sangomar, on the African coast.

The Curityba displays the Cuban flag.

WARNING TO LEAVE CITED

British Foreign Office Explains Inactivity Toward Mexico.

MEXICO CITY, March 10.—The British foreign office, replying to the recent protest of British subjects against the killing in Juarez of William H. Benton, remarks that they had been warned to leave the zone in which there was danger. The British legation here in transmitting the reply said: "Sir Edward Grey, British Foreign Secretary, in the course of a statement which he made to Parliament March 3, pointed out that the district in which the death of Benton occurred and also the individuals responsible for his death are beyond control of the constituted Mexican government, so that His Majesty's government is unable under the present circumstances to procure reparation through it.

"British subjects in Mexico have already been notified of the danger of remaining in such districts as are in

a state of disturbance and in which their protection would be a matter of difficulty; but His Majesty's government will continue, as hitherto, to take such steps as are open to secure protection of British lives and property in Mexico, as well as redress for injuries, which the government deeply deplores."

FIREMAN FALLS OFF ROOF

Carl J. Long Injured Fighting Fire at 494 Gilsan Street.

Carl J. Long, a fireman, was seriously bruised Monday night when he stepped from the roof of a one-story building at 494 Gilsan street, while fighting a fire there. He was taken to his home at 528 Flanders street.

Physicians say fire is estimated at about \$400. The cause is unknown.

Large Audience Is Pleased By Clarence Whitehill

Chicago Grand Opera Singer Gives Well Arranged Programme at Association's Last Concert of Season.

BY JOSEPH M. QUENTIN. THE Portland Musical Association finished its series of concerts for the season of 1913-14, with the appearance Monday night at the Lincoln High School auditorium of Clarence Whitehill, baritone, a member of the Chicago Grand Opera Company. Mr. Whitehill scored a success in a finely arranged programme of songs, mostly of the classical order, was cordially received and won several recalls.

Mr. Whitehill is tall and on the concert platform is quite distinguished-looking. His voice is that of a light bass-baritone of good quality, resonance and artistic finish. His singing was carefully shaded, and he was at his very best in quiet, sentimental interpretations. His vocal work, consequently he has fervent dramatic interpretation, and last night at least, he did not win out in expression of tonal beauty.

Mr. Whitehill sang with good effect in the "Vision Fugitive" from Massenet's "Herodias," Strauss' "Cecile," Schubert's "Am Meer," Wagner's "Evening Star" from "Tannhauser," Barokowski's "Song of Tristan" and a group of merry Irish songs. In place of the Hugo Kahn number, he sang "The Dew is Sparkling" (Rubenstein). The encore numbers were "A Dream" (Strauss), "Circus Songs" (Homer) and "Since You Went Away" (Johnson).

Edgar E. Courson was the piano accompanist and he played with fine ability. The hall was nearly filled to its capacity by the audience in agreement with every mood of the artist.

PROTESTS ARE RENEWED

New Efforts Made to Keep Federal Laboratory in Portland.

Despite the protests of Senators Chamberlain and Lane and Representative Lafferty, the Department of Agriculture has declared its intention of moving the chemical laboratory of the United States Pure Food and Drug Department to Seattle. The Portland Chamber of Commerce has begun a determined campaign to bring about the reconsideration of the decision and further investigation of the matter before the change is made.

A brief of the reasons upon which Portland's claim to the laboratory is based has been prepared and sent to the officials at Washington, and Representatives in Congress have announced their willingness to renew their efforts with the department in behalf of retaining the laboratory in this city.

In a reorganization of the system of laboratories, the department decided to abolish five stations.

TONG GUNMEN ARRESTED

Police Say Invasion Means Possible Hostilities.

More than 20 members of the Bow Leung Tong, San Francisco, have come to Portland to take in possible tong hostilities since the junction with

the Portland branch, according to police statements Monday night. Two suspected members, Ma Long and Wong Sing, were arrested last night in a raid on the Bow Leung headquarters at Second and Oak streets by Sergeant Harms and Patrolmen Wise and Long. The two carried three revolvers, two automatics and a .41 calibre Colt six-shooter. They were charged with carrying concealed weapons.
