EX-MAYOR SEEKS TOGA

MR. COTTEHILL ANNOUNCES CANDIDACY FOR NOMINATION.
Former Executive of Seattle Declares Baltimore Platform, Equal Suffrage and Prohibition.

SEATTLE, March 22.—(Special).—George F. Cotterill, who retired last week as Mayor of Seattle, has announced his candidacy for the Democratic nomination for United States Senator. Mr. Cotterill, in a statement to the citizens of Seattle, says he stands on the Baltimore platform and is also for National prohibition. The statement in part follows:
"There are at least two great, moral, human rights problems lying squarely across the path of American progress, demanding solution. I refer to the pro-

posed National constitutional amendments (1) Establishing equal suffrage, without distinction of sex, throughout the Nation, and (2) providing for National-wide prohibition of the manufacture, importation or sale of alcoholic liquors for beverage purposes.
"These are not party questions. It is, however, the right of the citizens of Washington to know that, if elected to the United States Senate, as a fundamental Democrat and as an American, I shall by vote and voice and every honorable influence at command, support the submission to the several State Legislatures of constitutional amendments which, when adopted by the necessary three-fourths of the states, will establish National equal suffrage and National prohibition."
Monmouth Freshmen Entertain.
MONMOUTH, Or., March 22.—(Special).—Freshmen of Monmouth High School gave their annual reception to other students in the assembly hall last night. A programme of music and unique games featured the festivity. The building was profusely decorated in the class colors.

HIGHWAY TO BE PAVED

SPECIFICATIONS READY FOR STRIP NEAR VANCOUVER.
Clarke County Residents Petition Commissioners for Assistance in Building Good Roads.

VANCOUVER, Wash., March 22.—(Special).—The Pacific Highway in Clarke County eventually will be all hard-surfaced. Plans are pending for an additional two miles to be built this summer, beginning at a point about five miles from the Vancouver ferry landing on the Main street road. Last year two miles and a half of country road were paved.
Walter A. Schwarz, County Engineer, has made preparations, and the State Highway Commissioners will be here March 25 to approve the specifications. The matter will be taken before the

County Commissioners at the April meeting, when bids will be advertised for. It is hoped to get the paving started some time in May. The appropriation has been made. Property owners along the road will pay 15 per cent of the cost.
So popular has this become in the county that enough money has not been appropriated to pave all of the roads where the property owners are willing to pay 15 per cent of the cost. As there is more travel on the Pacific Highway than on any other road, and as it is paved for more than five miles, the Commissioners decided to put what money they had for such improvement all on one piece of road.
Enterprise Library Open.
ENTERPRISE, Or., March 22.—(Special).—The new Carnegie library in Enterprise has been opened. In the basement is a meeting-room for the City Council and another room is to be fitted up for a rest room for women, particularly those from the country. The Women's Improvement League is responsible for the improvement.

CLUBS SHOW BENEFITS

TOTAL OF 4363 PUPILS ENROLLED IN STATE.
Industrial Work Applications for Memberships Being Received at Rate of 150 a Day.

SALEM, Or., March 22.—(Special).—Although the work of organizing industrial clubs in the public schools has been in progress only a short time, State Superintendent of Public Instruction Churchill announced Saturday that the results were far better than had been expected. He said that 4363 pupils had been enrolled by clubs and that applications for membership were being received at a rate of 150 a day.
There are 10 subjects in which the school children may compete for prizes, the names and the number of pupils enrolled in each being as follows:

Canning and preserving, 374; cooking and baking, 563; dairy herd record, 36; corn raising, 383; manual arts, 266; pig raising, 161; potatoes, 296; poultry, 472; sewing, 1945; vegetable gardening, 77; total, 4363.
"When we stop to think," said Mr. Churchill, "that most of our school-girls will be housekeepers in a few years, and half of our boys will be farmers, the value of this industrial work can readily be appreciated."
The report was made to Mr. Churchill by Professor Griffin, of the Oregon Agricultural College, who is co-operating with the state department of education in this work.
MEXICAN CATTLE COMING
Shipment Fattened Near Ashland Started for Portland.
ASHLAND, Or., March 22.—(Special).—George W. Dunn, one of the big feeders and shippers of this locality, left last night for Portland with a consignment of cattle for the city markets.

The lot consisted of animals imported from Mexico by Bowers & Burdick of this city, last August and disposed by them to various feeders throughout Jackson and Klamath counties.
VANCOUVER HOUSE ROBBED
Dr. W. E. Cass Loses Clothes and Instruments Worth \$200 or More.
VANCOUVER, Wash., March 22.—(Special).—The home of Dr. W. E. Cass, at 1108 Esther avenue, was robbed last night of wearing apparel and instruments valued at more than \$200.
Mrs. Cass is not in the city, and while Dr. Cass was out a burglar entered the screen, opened a window and entered. A leather suit case was filled with two suits of clothes, one black and one brown, two razors and surgical instruments that had never been used. A new raincoat also was taken. Dr. Cass reported the robbery to the police.
