SIMPSON OUT FOR BOOTH

"I EXPECT TO SEE HIM WIN," SAYS NORTH BEND MAYOR.

With Bourne Out of Race, Coos Bay Man Pledges His Own and Curry Counties.

"I shall support the candidacy of R. A. Booth for United States Senator, and I expect to see him elected by a large majority," said L. J. Simpson, Mayor of North Bend, and one of the leading business men of the Coos Bay region, at the Portland Hotel yesterday.

Mr. Booth will carry Coos and Curry counties by a substantial vote. New York City, N. Y., is the only city in the United States that has elected a Republican to the United States Senate. The people of our community have had business with Mr. Booth for many years, and they know him and like him.

Booth is a man of the type that Oregon should have in the United States Senate. He is a successful man himself, a clean man and one on whom all factions of the party can well unite.

Mr. Simpson was a Bourne man himself until Mr. Bourne's decision not to be a candidate was announced. He has been mentioned prominently as a possible candidate for the Republican nomination for member of Congress from the First District. He made the definite announcement yesterday that he will not be a candidate.

"I have been urged by many Republicans to make the race," said Mr. Simpson, "and I have considered it seriously. I have reached the decision that my business interests are such that I cannot be a candidate at this time, although it is quite probable that I may seek the Republican nomination two years from now. At present, however, my business takes up all my time and I am not able to arrange it otherwise."

Mr. Simpson has been Mayor of North Bend for 19 years. In fact, he is the only Mayor of North Bend who has been elected Mayor when the town was incorporated, and has been returned to office at every election since.

Pianist Gives Lecture-Recital of "Tosca"

Miss Dorothea Nash heard in instructive, interesting and lively presentation estimate of opera.

MISS DOROTHEA NASH, pianist, gave the second of her lecture-recitals on grand opera yesterday in the parlors of the Metropolitan Hotel, her subject being the celebrated opera "Tosca," the opera selected for rendition by the Chicago Grand Opera Company at the Orpheum Theater, Saturday night.

Miss Nash gave an instructive, interesting, and often lively presentation estimate of the opera. She had the opera score in front of her, on the piano, and read from the libretto and commented on it, and from time to time played selections of the sparkling dramatic music. Selections from the opera were played also on a mechanical musical instrument. The large audience, mostly women and girls, listened with pleasure and profit to Miss Nash's lecture, and at its conclusion she was cordially complimented on the musical treat she had given. Many persons stated that they were now better equipped mentally to attend the real opera presentation at the Orpheum.

Miss Nash's piano selections were particularly enjoyed, and also the informal, easy, conversational method she adopted in telling the story of the opera.

The last of Miss Nash's operatic lecture-recitals at this time will take place this afternoon at 2 o'clock, in the presentation of Wagner's "Parsifal."

Several possible sites for the market were considered last night, but no selection was made. A meeting will be arranged with the City Commission at that body's earliest convenience to go over the plans.

A committee will be appointed to confer with the granges of the county, so that the market may be opened at a time to best serve the interests of both producer and consumer.

Curtis and Irvin went to the Arcade Lodging-House, conducted by Haden, on the evening of January 29, according to the stories told in the hotel, and demanded that the proprietor repay Irvin \$25 which he said had been stolen from him.

Irvin demanded \$25 for the week before, and Curtis refused to pay. Curtis expressed or implied, the indictment charges, that Haden would not be arrested.

Why Do French Women Always Look Young?

In France mothers and daughters look like sisters. How are the women there able to retain their youthful looks until long past middle age? Is it because they are much given to the use of a remarkable absorbent property which quickly removes the fine particles of cuticle which are constantly dying and which give the immediate cause of an old-looking complexion. Thus the liver, healthier, younger skin beneath is given a chance to clear itself.

Try this treatment yourself. It will not require two weeks to make your complexion as clear, soft and beautiful as a young girl's. Just one ounce of uncolored wax (all American druggists have it) usually does the work. The wax is put on nights like cold cream and washed off mornings.

Another valuable secret with which the French are familiar is how to quickly remove wrinkles. One ounce of powdered exfolite dissolved in a half pint with hazel makes a marvelous effective astringent lotion. The face should be bathed in this daily until even the deepest lines are affected.—Adv.
