

TO S COMPROMISE PRINTED IN SENATE

Administration Leaders, How-
ever, Renew Declarations
They Cannot Yield.

REPUBLICANS ARE ACTIVE

Effort Made to Solidify Minority on
Grounds of Political Expedi-
ency—Five Democrats Op-
posed to President.

WASHINGTON, April 3.—The Pan-
ama Canal tolls exemption contro-
versy has reached the simmering stage
in the Senate, pending proposed com-
promises by the committee on Inter-
oceanic canals next week. Leaders on
both sides continued their activities
today, however, preparing for the final
clash of the absorbing legislative bat-
tles.

Two salient points were emphasized
in the undercurrent developments to-
day. One was the concerted effort
made by Republican Senators to
unite against the President's repeal
policy on the ground of political ex-
pediency, and the other was the re-
inforced determination of Administration
leaders to yield no compromise on the
House bill providing for flat re-
peal of toll exemption for American
ships.

DOUBTFUL ONES GENERALLY OPPOSE.

Among Republican Senators who
have been classified as doubtful with
regard to their intentions concerning
the repeal there is a general tendency
to line up against the President's
Democratic Senators who are cham-
pioning the President's cause assert
that it can have no other effect
than to solidify the Democrats and
aid in assuring success for the Admin-
istration. These Democrats, while ad-
mitting that five of their number can-
not be induced to abandon their op-
position to the bill, insist there is every
indication that all other majority Sen-
ators eventually will support the bill.
They also are assured of support for
the measure by some of the Republi-
can Senators, despite the fact that
some of the minority to unite against
the President.

REPUBLICAN AID COUNTED ON.

Such Republicans as Senators Root,
Lodge, Burdette and McCumber are
counted on as unalterably opposed to
toll exemption for American ships, and
with these leaders the Administration
retains their confidence that nothing
can prevent ultimate victory. A bill
authorizing the President to contract
with American registered steamships
and steamship lines using the Pan-
ama Canal was introduced to-
day by Representative Edmonds, of
Pennsylvania. Under the measure, tolls
on American ships would be remitted
for a period of ten years, the amount
of such tolls to be payable out of the
Treasury treasury, and the American
ships would be required to carry mail
without charge to the Government.

Proof would be required that these
vessels were not railroad-controlled.
All agreements made with other parties
or lines, including railroad lines, the
bill provides, shall be approved by
the Department of Commerce, and all
freight rates shall be posted with
and subject to revision by the proper
authorities.

FISHERMEN ARE FAVORED

Attorney-General of Idaho Gives
Opinion on Trespass Land.

LEWISTON, Idaho, April 3.—(Spec-
ial).—During this month the fishing
season in the state of Idaho is closed,
excepting navigable streams, and the
fish and game department is endeavoring
to distribute a large number of young
trout this season. Deputy Monroe is
receiving applications for Central Idaho
streams.

The Attorney-General's office has
submitted an opinion that land owners
have no right to prevent fishing in
streams stocked by public funds, and
that unless actual damage to the prop-
erty is committed by the fishermen,
the owner of the land has no recourse
in the courts. It is further stated
that the strip of land between the high
and low-water mark along navigable
streams is public property and open to
the public for use in connection with
fishing and other pursuits.

LIST SAVES DOOMED SHIP

With Two Holes Stove in Hull
Schooner's Cargo Shifts.

NEWPORT NEWS, Va., April 3.—(Spec-
ial).—When the steamer Robert M. Thomp-
son was struck amidships yesterday off
the Virginia Capes, by the schooner
Augusta W. Snow, the impact shifted
the coal in the steamer's bunkers and
she listed so heavily that two holes
ripped into the schooner's hull were
lifted clear out of the water. But for
that fact the steamer probably would
have gone to the bottom.
She is awaiting repairs here today.
The snow was waterlogged and her
crew was taken on the Thompson.

ALASKAN FISH MENACED

Government Urged to Take Quick
Action to Prevent Slughter.

WASHINGTON, April 3.—Delegates
Wickersham, of Alaska, told the House
territories committee today that unless
quick action were taken by the Govern-
ment to prevent ruthless slaughter of
salmon in Alaskan waters there
would not be a salmon left along the
territory's coast.

He said the trap nets used on the
Alaskan coast were so numerous that
the poles looked like forests and the
fishermen sailed out to sea in power
boats to take the salmon before they
get near the shore.

White Star Orders New Leviathan.

LIVERPOOL, April 3.—The White
Star Line ordered today another huge
passenger steamer for the service be-
tween Liverpool and New York. The
new vessel is to displace 32,000 tons
and is to be an improvement on the
Adriatic type.

GRANDDAUGHTER OF TENTH PRESIDENT, WHO HAS BEEN RE-
MOVED FROM POSTOFFICE SHE HELD 17 YEARS.

—Photograph by Underwood & Underwood.
MISS MATTIE R. TYLER.

MISS TYLER LOSES

Postmistress Victim of New
Civil Service Regulation.

APPEAL IS MADE IN VAIN

Tenth President's Granddaughter Un-
able to Obtain Exception to Rule
for Examination of Fourth-
Class Postmasters.

WASHINGTON, April 3.—It is taken
for granted in official Washington that
Miss Mattie R. Tyler, formerly spinster
postmistress at Courtland, Va., will not
be reinstated in the office she held for
17 years and until she was removed a
few days ago.

Miss Tyler is a victim of Postmaster-
General Burleson's order for the exam-
ination of fourth-class postmasters
under civil service rules. Not always
has the applicant obtaining the highest
rank been appointed, but it was re-
quired that the appointee should have
passed some kind of examination at
any rate. Miss Tyler did not attempt
to pass the examination. She is 70
years old and has given satisfaction to
the patrons of the office, and, though
she admitted she might be a trifle rusty
in some of the branches covered by the
examination, she relied on the invari-
ance of those she served. All united in
saying the work of the postoffice at
Courtland was being kept up to the
minute.

The Postmaster-General, however,
was inexorable. Those who did not
pass the required examination, he said,
could not be appointed. No exception
could be made. Precedent must not be
set. Miss Tyler appealed to the Pres-
ident. He promised to "consider" her
case. Meanwhile B. A. Williams,
Postmaster-General Burleson's ap-
pointee, has taken office. The matter
here to mean that the President, after
considering, has decided not to inter-
fere with Mr. Burleson's rule.

FISHERMEN ARE ANGRY

NETS SEIZED AT NEWPORT AROUSE
PROTEST FROM CITIZENS

Hard Work Is Declared Necessary to
Earn Livelihood and Intent to
Break Law Is Denied.

NEWPORT, Ore., April 3.—(Spec-
ial).—Yachina Bay is 20 years, 25 in number,
who support themselves and their fam-
ilies by catching crabs and flounders,
also salmon in season, are discouraged
by the present law governing fishing.
A net was seized today by James Ga-
tens, deputy game warden, and confis-
cated; a sample of another net used
by J. T. Fuller was cut off by Mr. Ga-
tens to be sent to the Master Fish War-
den. The first net seized was in a
slough where salmon never go, it is
said, and there are no salmon in Ya-
quina Bay at this time of the year.

These men work day and night in
rowboats. It is said it takes an entire
day to accumulate enough fish to make
wages. They catch only crabs and
flounders and nets are used. The law
says that they must use no nets which
will hold salmon.

CELULO PLANT DAMAGED

GOVERNMENT MACHINE SHOP IS
WIPE OUT AT LOSS OF \$40,000.

Work Will Not Be Hampered, but Elec-
trical Lighting Equipment May
Not Be Replaced.

THE DALLIES, Ore., April 3.—(Spec-
ial).—Starting at 2:30 P. M. today
an unknown cause, fire completely
destroyed the machine shop on the
Dallies-Cello Canal works at Big Eddy,
three miles east of this city. The loss
totals \$40,000. Much valuable machin-
ery and tools were totally wrecked. A
locomotive was the only thing in the

entire building, which was 150x50 feet,
that was saved.

No one was in the shop when the
blaze started. Within ten minutes the
entire structure was on fire. There
was no hope of saving it and the Gov-
ernment workers directed all their ef-
forts with the local freighting sys-
tem to saving the rock crusher and
cement-mixing plant. Destruction of
the rock crusher would have caused
suspension of practically all canal
work. No work will be stopped, as
temporary machine and blacksmith
shops will be erected at once.

All equipment in use on the canal
work is in good repair, having been
put in condition to last until high-
water time, when most of the work
will be halted necessarily.

Practically no wind was blowing to-
day, which is unusual at Big Eddy.
Had there been a high wind today, the
whole camp at Big Eddy would have
been destroyed.

The electric light plant was located
in the machine shop and the camp is
about electric lights, and probably
will be from now on, as it would cost
too much to install another plant for
the remainder of the construction work.

FIELD TRAINING RESUMED

Twenty-First Infantry to Have
Marches and Bayonet Practice.

VANCOUVER BARRACKS, Wash.,
April 3.—(Special).—The field training
of the Twenty-First Infantry in this
post has been resumed and will be con-
tinued until November 1. A practice
march in place of drill will be held once
each week. At first, short, in light
clothes, and gradually increasing to
marching at least 12 miles with full
pack by August 1. The first six
marches will be by company, and the
rest by battalion. The first march will
be held at 5:30 o'clock.
The first battalion will parade on Mon-
days, the second on Tuesdays, the third
on Thursdays and the regimental pa-
rade will be held on Fridays.

NEW CANDIDATE IN FIELD

St. Helens Aspirant for Mayoralty
Makes Canvass With Handbills.

ST. HELENS, Ore., April 3.—(Spec-
ial).—New spirit has been added to the
election that is to be held here next
Monday, by the distribution today of
handbills bearing a cut of candidate for
Mayor, George E. Robertson and these
principles: He stands for:
First—Clean business administration,
sane progress, reduction of taxes.
Second—Law enforcement without
fear for all alike.
Third—Elimination of graft.
Fourth—Protection of property
rights without favor.
Fifth—Encouragement of business
enterprises, organization of a Com-
mercial Club, for procuring of manufac-
turing industries.
Sixth—For a Greater St. Helens.

DALLAS ASKS FREE TOLL

Commercial Club Urges Oregon Dele-
gation to Fight Repeat.

DALLAS, Ore., April 3.—(Spec-
ial).—At its regular meeting held last night
the Dallas Commercial Club went on
record as strongly opposed to the re-
peal of the free tolls act. After con-
siderable discussion the members were
almost unanimous in condemning the
threatened action of Congress.
It is further stated that the repre-
sentatives of the club to the Oregon
delegation in Congress, who had fought
the repeal and the committee on leg-
islation and judiciary were instructed
to telegraph the various Representa-
tives in Washington to this effect and
urge them to continue the fight
against the repeal.

BURNS KNOWS MURDERER

(Continued From First Page.)
duce "evidence" to convict Frank.
Again, he said, reports that Frank was
a man of abnormal characteristics had
put public opinion strongly against
him. His investigations, he said, con-
vinced him that the reports were un-
true.

No Mystery, Says Detective.
"There was no mystery about it at
all," he said. "The tracks of the mur-
derer were clear and there is no doubt
now as to his identity. The story will
all clear in a few days. I have re-
ported to Frank's attorneys and it will
be made public."

Hearing of the extraordinary motion
for a new trial for Frank is set for
April 12, the day preceding that on
which the execution is to take place.
Frank was superintendent of a pencil
factory. The Phegan girl was found
dead in a room in the plant, April 27,
1913. Frank was accused, arrested and
convicted.

Eugenic Marriage Law Wanted.

BOSTON, April 3.—A bill to establish
a eugenic marriage law was favorably
reported by a legislative committee
today. The measure is similar to the
Wisconsin law and would require a
physical examination and certain tests
by doctors before the issuance of a
marriage license.

RAILWAY REVENUE IS EXAMINED FIRST

Commission to Decide Neces-
sity for Increase Before
Determining Method.

SIDE ISSUES ARE AVOIDED

Question What General Course Car-
riers May Pursue to Meet Sit-
uation May Be Subject of
Further Hearings.

WASHINGTON, April 3.—Argument
on the application of Eastern railroads
for a 5 per cent increase in freight
rates will begin before the Interstate
Commerce Commission April 27 and
briefs in the case must be on file one
week earlier, April 20.

Chairman Harlan made this an-
nouncement today on the conclusion of
presentation of testimony by the rail-
roads in support of their application
with a formal statement of the Com-
mission's desire to expedite final dis-
position of the case.

The briefs and arguments will deal
with the first of the two fundamental
questions suggested by the Com-
mission's order instituting the pending
proceedings:

"Do the present rates of transporta-
tion yield adequate revenues to com-
mon carriers by railroads operating in
official classification territory?"

Collateral Issues Set Aside.

All collateral questions and extrane-
ous issues that have been injected into
the proceedings will be put aside until
this question has been determined.
These subjects involve charges for
spotting cars, pay for several services
now performed by the carriers at extra
charge, free lighters and other similar
questions.

If the Commission should decide that
the existing rates are inadequate to the
carriers' needs that will terminate the
proceedings. If, however, it should be
proceeding to determine how the
railroads should be relieved of the
question, "If not, what general course
may carriers pursue to meet the situa-
tion" will be argued perhaps at a later
time.

The real problem before the Com-
mission, if it should find that present
rates are inadequate, is whether the
additional revenues needed will be re-
laxed by an advance in rates or at
least in considerable part by a charge
against shippers for services now ren-
dered by the railroads free of charge.

First Questions Closed.

"Our investigations under this first
question," Chairman Harlan said, "are
now considered as having come to a
close today, subject to the statement
just made about exhibits called for
and other matters."

If the Commission should decide that
the railroads have established the ne-
cessity for additional income, the
chairman explained, the Commission
would proceed to determine how the
additional income should be raised.
This proceeding would involve the
presentation of some arguments and
the hearing of briefs and oral argu-
ments upon some of the collateral ques-
tions.

FLORENCE TO BE HOST

FIRST WILLAMETTE PACIFIC EX-
CURSION TO BE FOR CARNIVAL.

Party From Eugene Will Attend An-
nual Rhododendron Celebration of
Sluslaw District May 20-25.

EUGENE, Ore., April 3.—(Spec-
ial).—The first excursion train ever run into
the Sluslaw valley over the new Will-
amette Pacific, according to present
plans, will carry a band of Eugene
Radiators, dressed in uniform, to par-
ticipate in the annual Florence rhodo-
dendron carnival, from May 20 to
25. Arrangements were made today
between R. C. Wygant, of Florence,
and the Eugene delegation to the
carnival.

The Eugene delegation will be car-
ried to the end of the rail, which
will bring the entire Sluslaw Valley
people to Florence, where they will
meet them with automobiles and
take them to Mapleton and from
Mapleton to Florence. The Florence
people will meet them with automobiles
and take them to Mapleton and from
Mapleton to Florence. The Florence
people will meet them with automobiles
and take them to Mapleton and from
Mapleton to Florence.

COMMON-LAW WIDOW WINS

Ewald Estate Compromises on
\$300,000 Cash; \$10,000 Yearly.

LOUISVILLE, Ky., April 3.—Com-
promise, by which Mrs. Ellen J. Ewald,
or Ewald, will receive \$300,000 cash
and \$10,000 a year from the \$400,000
estate of the late L. P. Ewald, was
agreed on by opposing counsel today.
The compromise is expected to end the
suit for \$1,750,000 in which the woman
has attempted to prove herself the
common-law widow of the eccentric
Louisville millionaire.

The custody of the three children, to
whom Ewald left his fortune, remains
with the trust company as executor.
Refusal of the trust company to award
the children to their mother caused the
suit.

STUBBLING GRAIN IS TRIED

Advantages and Disadvantages in
Practice Are Shown.

LEWISTON, Idaho, April 3.—(Spec-
ial).—Some ranchers of this district
are practicing the stubbling in of
grain, and have met with various de-
grees of success. By stubbling in grain
is meant the sowing of grain on fields
that have not been plowed since the
removal of the previous crop. There
are apparent advantages and disad-
vantages in the practice. The advan-
tages lie in the saving of time and
equipment in plowing, in the plumper
and better quality of grain on fields
in the larger area that may be covered.
The disadvantages are that the yields,
on an average, are about one-third less,
and occasionally both seed and labor
are thrown away.

Centralla Programme Announced.

CENTRALLA, Wash., April 3.—(Spec-
ial).—Part of the programme was
announced today for the state conven-
tion of the Centralla Association, which
will be held in Centralla on June 2, 3
and 4. Mayor Thompson will deliver
an address of welcome, which will be
responded to by Governor Lister.
Other speakers that have been pledged
are Mrs. La Mance, a National lecturer
for the Women's Christian Temperance
Union; E. T. Schuch, chairman of the
Lewis County Commissioners; N. B.
Coffman, a Chehalis banker, and Rabbi
Koch, president of the conference. It
is estimated that about 250 delegates
will attend from all over the state.

GOVERNMENT OF BRITISH COLUMBIA LAND SALE

There will be offered at public auction in the Cities of Vancouver, Victoria
and Prince George, British Columbia, the government holdings in the town-
ships of Prince George, Port George and South Fort George, comprising in
all 2350 lots.

DATES OF SALES
May 19, 20, 21, Vancouver—May 26, 27, Victoria
June 9, 10, 11, Prince George

For full particulars, descriptive literature and maps apply Armstrong &
Ellis, Selling Agents for Government of British Columbia, 804-5 Birks
Building, Vancouver, B. C. Telegraph address Armllis Code, Western
Union, or A. B. C., 5th edition.

CONFERENCE IS ON

United Evangelical Church in
Session at Dallas.

BISHOP SWENGEL SPEAKS

"A Leader Must Know the Right and
Defend It," Declares Visiting
Ecclesiast from Penn-
sylvania.

DALLAS, Or., April 3.—(Special).—
The 26th session of the annual confer-
ence of the Oregon division of the Uni-
ted Evangelical Church was convened
in the United Evangelical Church in
this city yesterday morning at 9 o'clock,
with Bishop U. F. Swengel, of Harris-
burg, Pa., presiding.

After a devotional service, the
Lord's supper was partaken of by the
ministers, lay delegates and visitors
present.

The conference went into executive
session at 10:30 o'clock for the purpose
of hearing reports from the various
charges in the state. Besides Bishop
Swengel and Presiding Elders C. C.
Poling, of Portland, and S. S. Mumey,
of Salem, 60 delegates answered the
roll call.

The afternoon session was taken up
with reports of the work performed
during the past year by the presiding
elders and with other routine business,
including the advancement to eldership
of G. R. Stover. The principal business
of the session was the selection of
Cory as the meeting place for the
1915 conference, which was set for
April 3.

The report of the joint commission
providing for the federating of the
educational activities of the three
churches created considerable debate.
The question was temporarily laid on
the table and made a special order of
business for Friday morning's executive
session.

The afternoon session closed with an
address by President Smith, of Philom-
ath College.

Bishop Swengel, a man of marked
ability, gave a short address, taking
as his subject, "Leadership." He said
in part:

"A leader must know the right, a
leader must defend the right. In order
to defend the right a leader must know
the dangers, some of which are: Reli-
gion without Christ, Holy Spirit, Chris-
tianity without Christ, heaven without
repentance, salvation without the new
birth, politics without God, heaven
without Christ. A leader must be a man
of tact and courage."

COMMON-LAW WIDOW WINS

Ewald Estate Compromises on
\$300,000 Cash; \$10,000 Yearly.

LOUISVILLE, Ky., April 3.—Com-
promise, by which Mrs. Ellen J. Ewald,
or Ewald, will receive \$300,000 cash
and \$10,000 a year from the \$400,000
estate of the late L. P. Ewald, was
agreed on by opposing counsel today.
The compromise is expected to end the
suit for \$1,750,000 in which the woman
has attempted to prove herself the
common-law widow of the eccentric
Louisville millionaire.

The custody of the three children, to
whom Ewald left his fortune, remains
with the trust company as executor.
Refusal of the trust company to award
the children to their mother caused the
suit.

SKIN TORTURES WILL YIELD TO RESINOL

If you have eczema, ringworm
or other itching, burning, un-
pleasant skin eruptions, try
Resinol Ointment and Resinol
Soap and see how quickly the
itching stops and the trouble dis-
appears, even in severe, stubborn
cases. Resinol Ointment is also
an excellent household remedy for
pimples, dandruff, sores, burns,
wounds, boils, and for a score of
other uses where a soothing, heal-
ing application is needed.

Resinol contains nothing of a harsh or
irritating nature and can be used with
safety on the most sensitive skin. It
is a natural skin treatment, and is
practically every drug
get Resinol Ointment (50c and \$1),
and Resinol Soap (25c). For trial free,
write to Dept. 45-B, Resinol, Baltimore,
Md. Avoid worthless imitations.
