

A Few of the Early Subscribers in America

This list could be largely augmented were there sufficient space. For example, practically every library (even down to village libraries), every college or school of any importance, hundreds of newspaper offices, thousands of business establishments, and men and women in public life are on the roll.

MARCH 31 - OFFICIAL NOTICE

We have been notified by The Press of Cambridge University (of England) the publishers of the new Encyclopaedia Britannica, 11th Edition,

that we must close the Sale of that work at the present low prices on May 28th next, after which date the prices will be from

\$29.00 to \$50.00 more according to the binding.

University Press, Cambridge.

London, 21st March, 1914.

Gentlemen: This is to give you official notification that the sale of the new Encyclopaedia Britannica, 11th Edition, at the present prices must cease on May 28th, next. After that date the present cash prices must be increased as follows:

- \$29.00 on the Cloth set
\$36.50 on the Sheepskin set
\$45.00 on the Suede set
\$50.00 on the Morocco set

The prices were increased in England on the 20th of December last and the sale in America should have ceased at the same time, but for the fact that you had such a very large territory to cover, and that two-thirds of all the sets sold have been sold in the United States and Canada. Under no circumstances will any extension after May 28th be given, and orders at present prices post-marked after that date must be returned. I am,

Yours very truly, C. A. Clay, Manager

How many more sets will be required before the closing date? This is a question that can only be answered by the public themselves.

In any case it is certain that during the month of May we will not be able to make any deliveries at all, and all orders taken during that month will be subject to "delivery as soon as possible."

But if you order at once you need send only and the entire set (with bookcase if desired) \$5 NOW will be promptly delivered.

THE price at which the new Encyclopaedia Britannica is sold and the terms upon which it may be paid for are such that any person of moderate means can purchase the work without hardship. You can pay all cash with order or you can divide the total amount into 4, 8 or 12 monthly payments, or you need only pay as little as \$5.00 a month.

The Monthly Payment System - A Great Benefaction

Here is a great book, made by great men, serving the public to an extent which would have been impossible were it not as easily bought as a lot of little books one at a time. The wage-earner and the young man just starting a career, the head of a family with many demands upon his purse, the poor country preacher, and the school teacher on modest salary, are in the present instance on equal terms with the millionaire or the great captain of industry. Given only the same desire to learn and advance, the ability to appreciate a book which has the whole world of life and thought and achievement as its province, no one need feel that he cannot buy it - the monthly payment system points the way.
