Washington, April 3.—Official interest in the Mexican situation here tonight was divided between the grave problem presented by the arrival of the sourceme of the struggle between the constitutionalists and federals for supremacy at the guifport of Tampico. Sharp fighting already has occurred at Tampico, and Army and Navy strategists now expect the battle there to be the next decisive struggle of the revolution.

Since Department officials were reticent in discussing the situation which the department faces in view of the expulsion of the Spaniards in whose behalf vigorous representations were made to General Carranza yesterday. Now that the Torreou refugees are on American holl, however, steps must be taken for their source.

was lost when he forced the House of Democrats.

Had it not been for President Wilson and Secretary Bryan, there would have been no Panama Canal tolks issue in American politics this year. That issue was made by the President, backed by his Secretary of State. But for the insistent demand of the President, Congress would not have considered the British interpretation of the Hay-Pauncefote treaty, and it goes without saying that but for the pressure brought to bear by the President no bill repealing the exemption clause of the canal act would have been reof the canal act would have been reorted to either house.

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who cats meat egularly can make a mistake by lushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, zet about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and ismon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.
