SECOND APPROACH PLANNED.—Possibility of a second approach to the new interstate bridge should the county adhere to the ruling of the bridge commission to build the first approach Union avenue was intimated yesterday by George M. Hyland, at the meeting of the County Commissioners.

LENTS DRY FORCES ORGANIZED.—The prohibition forces organized Tuesday night and will hold two rallies this month, April 21 and 22, in the Lents Evangelical Church as the start of the dry campaign in the suburb.

SPECIAL SUNDAY EXCURSION.—A special train will leave First and Stark sts. at 1:30 P. M. Sunday, April 12, for the Powell Valley, a four-hour trip to the new district on the Mount Hood Electric, where people are beginning to go, where a living can be made from a little land, while it is advancing in value; where the growth of the city adds to the profit of the crop, where soil, location and low prices offer great opportunities for the payroll dollar.

CRUEL DRIVER SENT TO JAIL.—Judge Stevenson fined Frank Savitelli \$25 yesterday morning for cruelty to animals. Savitelli, who lives in Milwaukee, was driving an old worn-out horse which had been given to him. He had worked the horse so hard that it fell exhausted at East Seventeenth and Tacoma streets, in Sellwood. He immediately got another horse and attempted to leave the old one where it fell, but Arnold E. Neate, manager of the Humane Society, had been notified and he arrived just in time to prevent him. After shooting the old horse, Mr. Neate took Savitelli to the police station and Savitelli was fined \$25. When he refused to pay his fine he was put in jail.

HOSPITAL INMATES TO HEAR MUSIC.—Beautiful Easter hymns and anthems will be sung in the corridors of Samaritan, St. Vincent's and county hospitals on Sunday morning and all the patients will have opportunity to hear the songs that will be a part of the church services in every sanctuary in Portland. This delightful arrangement was made under the direction of Mrs. Ella Hoberg, Trip, the singer who has volunteered to take part in this song pilgrimage are members of the Christian Endeavor societies of the First Presbyterian, First Christian and First United Presbyterian churches.

FAIR TO HAVE RESTROOMS.—Mrs. E. A. Niblin and Miss Willa Buckman, of Evening Star Grange, and Mrs. George Sletor, of the Gresham Grange, applied to the Multnomah County Fair Association for the establishment of a restroom on the fairgrounds at Gresham. The directors gave the committee assurance that such a room will be provided another region's grant was in the division of the household skill department in the Grange contest. On the recommendation of the committee the restroom display was fixed as follows: Canned goods, fruits and jellies, five points; fancy work and embroidery, five points; sewing, knitting, etc., five points; cooking, baking, confectionery and dairy products, five points. H. A. Lewis, president, was given authority to allot space for the restroom in the pavilion as he sees fit.

COURTHOUSE EXPENSES FIGURED.—Figures submitted to the County Commissioners yesterday by Auditor Minnie show the expense of operating the Courthouse to be \$5610 a month, on an average of expenditures for the past three months. This includes expenses of light, power, fuel, elevator, janitors and carpenters. According to surveys which have been made there are 183,305 square feet in the building cost a little in excess of 3 cents a square foot. On this basis the clerk of the board was directed to bill the Portland city for \$45 a month for service, according to the terms of the agreement under which the Port was furnished with quarters in the Courthouse.

DEPUTY SHERIFFS GET NEW JOBS.—Ed Bailey, Multnomah Club and former Oregon University football star, has been appointed guard at Kelly Butte and commenced his new duties yesterday. The appointment was made by Sheriff Word, for whom Bailey has been working as a deputy in the tax department. When County Treasurer Lewis was made tax collector, Bailey was retained, but the stacking up of business since April 1, has made it necessary that the force be reduced. Deputy Sheriff Curtis has been appointed superintendent of the Kelly Butte prison, to succeed Jack Frost, resigned.

ROAD IMPROVEMENT ASKED.—Petitions have been prepared for circulation for the improvement of the county road from Fairview to the Columbia River. This road has been opened and is a public highway but has never been improved. It is hoped that a ferry across the Columbia from the road will be established to Camas. At present a small launch makes trips. It is thought a ferry that would carry teams would be a great benefit to the farmers on the Washington side at least, as it would bring them within a few miles of Portland without going by way of the Vancouver ferry.

MOSQUITO WAR TO START.—With the fly family badly broken up by the week's swatting campaign attention will be turned Monday to the mosquito family. Announcement was made yesterday by City Health Officer Marcellus that sanitary inspectors will be sent out Monday to begin the work of pouring oil on all pools of stagnant water in the city. The oil floating about the surface of the water will kill the mosquitoes and their eggs. The Health Department has asked that all persons knowing of pools of stagnant water in or near the city report them at once.

UNEMPLOYED COST CITY \$35,000.—The unemployed in Portland during the winter months cost the city a total of \$35,000. This is shown in a report prepared by City Treasurer Adams including all money spent for supplies at the Gipsy Sim, Auditorium, money spent for relief labor in the parks and on Terwilliger boulevard and work furnished in the Water Department. This is said to be the largest amount expended in any one year for the relief of the unemployed. Expenditures were made between December 1 and April 1. From January 1 to April 1, Professor Sweetser, of the University of Oregon will lecture in Library Hall today at 8 o'clock, on "Wild Flowers of Oregon." The lecture will be illustrated with lantern slides. Professor Sweetser will be glad to analyze any specimens persons in the audience may bring. This consists of water color plates of the flowers in blossom in the surrounding country.

SIZE FOR SKATING RINK IS ISSUED.—City Commissioner Bigelow made a trip to the Lents district yesterday to look over a site upon which application has been made for the erection of a temporary roller skating rink. Objection has been raised to the rink and it is probable that the application will be held up until the proposition can be thoroughly investigated.

PENINSULA PROTECTION PROTESTED.—Residents of the Peninsula districts have petitioned the City Commission to make provision at once for better fire apparatus in station No. 3 at Russell street, near Williams avenue. It is said in a petition sent to City Auditor Barber yesterday that the present equipment in the station is not adequate.
