

# WINTERS PAPER IS AGAIN UP FOR TEST

### Judge McGinn, as Witness, Calls Will E. Purdy Greatest Liar He Ever Has Met.

## OTHER CLAIMANTS SCORED

### Ruling Expected Today on Whether Instrument Twice Declared Forgery Is Dead—Time of Acknowledgment Prompts Attack.

After arguments are heard this morning Circuit Judge Morrow is expected to rule on the validity of the instrument under which Will E. Purdy claims property in the Winters. When court adjourned last night Attorney Logan, counsel for the state in the escheat proceedings, supported by Attorney Donald R. Webster, counsel for one of the groups of claimants, asked the court to rule whether the instrument is a deed or not.

Attorneys for the state and the claimants contend that the instrument, in addition to having been declared a forgery by Circuit Judge McGinn and the Oregon Supreme Court, is not a deed, for lack of acknowledgment before a notary public. Evidence shows, Attorney Logan said, that Miss Pratt, who attempted to fake the acknowledgment, did not receive her notarial commission until five days after the date of the pretended acknowledgment.

**Instrument Cause of Clash.**

This old instrument, which is almost worn out, was the subject of several spirited clashes between attorneys in the course of the day. After Attorney Logan insisted Mr. Purdy offered the alleged deed in evidence, which was not objected to, but as soon as it was offered Mr. Logan again moved the court to direct a verdict against Mr. Purdy in favor of the state on the grounds that the instrument had been declared a forgery or obtained by trickery.

Judge Morrow again refused to take Mr. Purdy's claim away from the jury, ruling again that had the state or claimants wished to have excluded Mr. Purdy from the case they should have resisted his motion to make a party defendant when the motion was up before Judge Gatens several months ago.

Judge McGinn, who first declared the deed a forgery on the result of trickery, was the first witness. Judge McGinn told the jury that he was certain Winters never signed the instrument or else was induced to have done it by trickery.

**Judge Calls Purdy Liar.**

"You are without a doubt the greatest liar I have ever met," Judge McGinn said, indicating to Purdy, after the attorney had asked him about his conduct on the bench during the first trial of the case. "Mr. Purdy should be treated as a rascal."

"I do not believe today that Henry D. Winters had a single heir, and all these people who are claiming kinship with him are not related to him more than we are all related as descendants of Adam and Eve. I owe this county a duty, and before I would see this property stolen from it, I will raise my voice publicly against such a theft. If any of these alleged heirs can show a picture of Henry D. Winters, or a line of written or printed records, to show that they ever knew him or are in any way related to him, that person is entitled to this property. But otherwise, then, this estate belongs to the State of Oregon, and I want to see the State of Oregon get it."

Other witnesses called by Mr. Purdy are Miss Emma L. Pratt, who signed the instrument as a witness; H. H. Newhall, A. W. Lambert, J. T. Kenyon, Frank Smith, Hope Purdy and Olive Purdy. It is not believed that Mr. Purdy will conclude his case today, he having announced that he would call about 40 witnesses.

**CLIENT BACKS ATTORNEY**

C. Amos Makes Affidavit Lawyer Ulrich's Conduct Is Correct.

That he never had had any trouble with C. Amos, whom he is alleged to have charged \$750 for defending him in the Municipal Court, and that he has demanded that the Multnomah Bar Association investigate his conduct, was the assertion of Edward W. Ulrich, attorney, yesterday.

The following is an affidavit from his client, C. Amos:

"I, Charles Amos, being first duly sworn, on oath do depose and say: That there has never at any time been any difficulty between myself and my attorney, Edward W. Ulrich, and that I am perfectly satisfied with his charge in the matter and that I paid the same willingly and that there is no difference between Mr. Ulrich and myself at this time."

## RECESS PERIOD WILL BE DEVOTED TO COUNTING VICTIMS.

### Leland Duel, of Mount Tabor, Said to Be Leading—Prizes Will Be Awarded by Mrs. F. S. Myers.

The noon hour today will be a lively one in Portland's public schools. All the enterprising trappers and swatters that have been waging war on the fly for the past 10 days will take their catches to school, and the teachers in each school will decide which three or four candidates in each school have made the largest catch.

In a number of the schools, the teachers have not been assisting in the count for several days, and candidates from these schools will take their accumulated catches to the Plaza block, in front of the Courthouse, at 10:30 tomorrow morning, where they will be estimated by measure. Those who bring the official count from school to teachers for the whole period of the campaign, will be on hand also, and Mrs. F. S. Myers, chairman of the anti-fly campaign committee, will be supervising the awarding of the prizes.

Leland Duel, of Mount Tabor school, a newspaper carrier, had scored upward of 23,000 yesterday, and expected to take 10,000 more from his numerous traps before going to school this morning. He is ambitious to win the grand championship prize of \$25, and also the \$5 prize offered by his school, and with a lead of several thousand over all his rivals, probably will achieve his ambition.

Leland says he has worked out an efficiency basis, setting numerous big traps in places along his newspaper route, and tending them while delivering his papers. He also uses a large net and piles the swatters industriously. Besides going to school and carrying papers, Leland takes music lessons.

## DEMOCRATS REFUSE TO RUN

### Woman Only One of Party in Jackson County Seeking State Office.

MEDFORD, Or., April 9.—(Special.)—The Democrats are lying low in Jackson County when state offices are concerned. With the closing of filing time, North Portland Branch, of Phoenix, is the only Democratic candidate for state office. Miss Towne is a business woman of that city and has been active in popular favor for many better ones and an appropriation for the Ashland Normal.

An effort has been made to draft a number of prominent Democrats into the legislative race without success. P. J. Neff, former City Attorney, probably will be a candidate for the Legislature, but it looks as though in the Senate W. H. von der Hellen would be unopposed for the Republican nomination and for election.

### BY USING AKOZ FOR SHORT TIME

### Charles Bliss of the Call-Post Says He Was Cured of Disagreeable Disease.

Charles Bliss, one of the best-known police reporters and best informed newspaper men on Fire Department affairs in San Francisco, who is connected with the Call-Post, has been made a booster for Akoz, the water, rubbed the powder on my feet and used the compound at night. In three weeks I noted an improvement in my condition. It was told that owing to the aggravated nature of my ailment it would take five months to effect a cure. I used Akoz faithfully for three and a half months, and on December 15 the last traces of eczema left my feet and I was well. Akoz I will recommend to my friends as a sure cure for the troubles I had.

Many more such letters are received at the offices of the Natura company, San Francisco, telling of the wonderful results obtained from the use of Akoz for treating rheumatism, stomach trouble, catarrh, skin diseases, ulcers and other ailments.

Akoz is now being demonstrated in Portland at The Owl Drugstore at Broadway and Washington. You are invited to visit, phone, or write the Akoz man at the Owl for further information regarding this advertisement.

"For three years I was a sufferer from eczema in its worst form. Three prominent San Francisco physicians attempted to cure me, but failed. I used the treatments they prescribed but without success. In fact, the itching of the parts affected by eczema caused the sickness to get worse, rather than better. It became so bad that it was impossible for me to sleep at night, the itching becoming so intense. My feet, which were the worst, became raw and I was on the verge of giving up my work. ## Nervous Periodical Headaches

### Succumb to Anti-Kamnia Tablets

This trouble commonly called "sick headache" is said to be due to the retention of urea in the system. Often it is mistaken for a poor condition of the blood, or the cause of these headaches, or that it is a nervous ailment, and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellheim of Louisville, has found Anti-Kamnia Tablets to give prompt and lasting relief. "These should be insisted upon" he says, "and the patient should go to bed, darken the room, and the attendants and family should be as quiet as possible. An emetic will sometimes abort the attack. The bowels should be kept open with 'Acetone,' a hot bath and a thorough rub-down with a coarse towel, often gives grateful relief. Two Anti-Kamnia Tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nervous vomiting. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also indicated for nervous headache, neuritis and all pains. We also make A-K Salve for skin diseases, Eczema, etc.

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medical treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of saturated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed with a little saturated magnesia, which can be obtained from any druggist, and should always be kept handy.
