

IRRIGATION HELD IN CRISIS NEED OF AID

Delegates at Conference Reiterate That Prosperity of West Is Involved.

VARIOUS PLANS OFFERED

Subject to Be Considered Further Before Adjournment—Oregon Governor Says Carey Projects in State Foiled.

DENVER, April 9.—Government financial aid—state, Federal or both combined—for the relief of irrigation projects in the West was held up as a crying need by speakers at the first day's session of the national conference called by Secretary Lane, of the Interior Department.

Beginning with Assistant Secretary Jones, of the Interior Department, the speaker after speaker told the delegates that the financial situation with respect to irrigation projects was such that in remedying the situation lay the secret of the prosperity of the entire West. Several remedies were suggested, including lending of postal savings bank funds to farmers at low interest. Plans will be considered in greater detail at the later sessions of the conference, which is to continue through the week.

Two Plans Suggested. Governor West spoke on the subject of co-operation between the state and Nation in completing Carey act undertakings. He said: "If the projects are to be taken over by the Federal Government the problem is one which was handled out by the Interior Department through the Reclamation Service. If they are to be taken over by the states then the problem is one for each state to work out through its Legislature and its Land Board. If, however, the projects are to be taken over by and the lands reclaimed through the co-operation of the Federal Government and the several states, then it is a problem which this conference must work out and no adjournment should be taken until we have decided upon some definite plan of action. As I view it co-operation may be worked out in two ways:

"1. Federal and state contribution to a common fund upon a dollar-for-dollar basis. The funds to be spent under the direction of a board consisting of the local supervising engineer of the United States Reclamation Service, the Governor of the state and a project engineer to be selected by them.

"2. Let the Government advance the money and the state assume the obligation of completing the project and returning the money to the Government within a given time with interest."

Loan of Funds Suggested. It was Dr. Elwood Wood, formerly State Engineer of Wyoming, but now employed as an irrigation expert by the government of Victoria, Australia, who suggested the loan of postal savings bank funds for the development of the project.

Attorney-General J. H. Petersen, of Idaho, described irrigation in his state. "In the early days of the Carey act city dwellers were lured to the plains upon representations that certain fortune awaited them," he said. "Some of these converts stuck to it until they had returned to the city and made a success. Others went to the city and damned the Carey act, which they believed responsible for their undoing."

At the night session of the conference Fred R. Dudley, chief of the Carey act division, of the Land Office, appeared before the committee on Carey act projects. He said that many projects had failed financially because engineers had not estimated the cost correctly and because of the expense of marketing bonds.

John D. Reavis, of California, tonight prepared two resolutions which he said he would introduce before the reclamation committee tomorrow. One calls for the enactment of the reclamation act "and that the Federal Government should contribute to the reclamation of public lands in each state should be in direct proportion to the amount of money received by the United States from the sale of public lands within that state."

The other resolution suggests that local boards should be authorized to work with the Federal authorities in the expenditure of irrigation funds.

CHANGE IN CAREY ACT URGED

Effort to Be Made to Revive Somnolent Irrigation Projects.

OREGONIAN NEWS BUREAU, Washington, April 9.—Following the conference, now in progress at Denver, between representatives of the Interior Department, and the Governors of Western states, Congress will be asked to make important changes in the Carey act, with a view to reviving several projects now on the rocks financially. A bill to accomplish this end has already been introduced by Representative Hayden of Arizona. It provides for a stricter supervision both on behalf of the state and the United States with respect to the feasibility of proposed irrigation projects, thus protecting both the investor and the settler. The bill reduces the area that may be acquired by any one person from 160 to 80 acres and requires actual residence on the land for two years and the cultivation of one-half of the irrigable area of the entry before patent can issue.

The settler is protected by a provision which prohibits the sale or entry of land until water is available for its irrigation and the time of payment is extended from ten to 15 years.

The difference between the reclamation law and the Carey act is that under the first-named law the money to construct the irrigation works is furnished by the United States through a reclamation fund, while under the Carey act the public lands are donated to the states and the irrigation works are constructed under the supervision of the state from the proceeds of bonds secured by a lien on the irrigation lands.

The bill by Senator Smith, of Arizona, to extend the time of payment on the Government reclamation projects from ten to 20 years, which has passed the Senate, will furnish relief to the settlers residing on the 2,000,000 acres irrigated from U. S. projects constructed under the reclamation law. The passage of the Hayden bill is believed necessary to complete the revision of the Federal laws relating to irrigation and will make it possible to irrigate large areas of land now desert.

CONSIDINE GETS BROADWAY

ARRANGEMENTS WILL BE WORKED OUT BETWEEN THEM. IT HAS BEEN POINTED OUT THAT THE PRESENT BAKER IS ADMIRABLY SUITED FOR MOVING PICTURES BECAUSE IT

has entrances from both Broadway and Sixth streets. "What changes the return of the Helig attractions to the present Orpheum Theater, Broadway and Taylor streets, will make in my plans is not yet decided," said George L. Baker. "It will be necessary for me to consult the trustees of my bondholders before I decide to assume under obligation to make the best deal possible for them. Whether we move the Baker Stock Company to Eleventh and Morrison streets or remain in our present location will be decided at a conference with the trustees of the bondholders. We will get good attractions for both of the theaters which Mr. Helig and I have under lease."

Negotiations Like Romance. Transactions preliminary to the final signing of the lease at 3:30 o'clock in the office of John F. Logan read like a romance. They involve no less than the change of 50 telegrams between Chicago and the train which carried Mr. Considine West following his sale at Kansas City recently of the Sullivan & Considine Empress interests to Marcus Loew and associates, of New York, for \$4,000,000 or \$5,000,000. To send the telegram finally agreeing to the lease it was necessary to stop the North Coast Limited train at Prosser, Wash. It gave notice of Mr. Considine's acceptance of the deal to Mr. Drumby, the agent of M. M. Bioggett in Portland, prior to 3 P. M. Thursday of last week, which was stipulated by Mr. Bioggett as the expiration of the privilege of option on the lease.

Even prior to the big sale at Kansas City, Mr. Considine had been figuring on the lease of the theater property and, on leaving Kansas City, he went to Chicago, where he met in many conferences with Mr. Bioggett and Mr. Kousis, his attorney, in the Palmer House.

While together in Chicago they practically disagreed on terms and when Mr. Considine left for Seattle it looked much as though "the jig was up." They exchanged telegrams, however, back and forth so numerous and diplomatically that by the time the train had reached Prosser the two sides were agreed as to terms and a tentative arrangement was made.

In spite of the persistent inquiries, however, the transaction was kept secret. Even Mr. Considine's attorney, W. M. Davis, was not taken into his client's confidence until the final negotiations were ready to be closed.

QUEEN TO SAIL IN MAY

REPRESENTATIVE OF BULGARIAN RULER ARRIVES HERE.

American Trained Nurses to Be Taken Back to Teach—Macedonians to Enter Hospitals Here.

NEW YORK, April 9.—William Caspar, personal representative of Queen Eleonora of Bulgaria, arrived here tonight to make final arrangements for the visit of the queen to the United States.

The queen, he said, will sail late in May and will visit all of the larger cities as her way to Chicago. She will remain in this country about five weeks.

Mr. Caspar, who was born in the United States, has been a resident of Bulgaria for many years. "In Bulgaria there is a lack of professional trained nurses," said Mr. Caspar.

"The queen will bring with her four young Macedonian women, whom she will have instructed in an American hospital. These young women will go back to Bulgaria and instruct others. The queen also is planning to take back several American nurses as teachers."

The queen will sail from Hamburg for New York either on May 22 or on May 27, according to the personal representative, desiring to travel in the United States as a private individual.

FUNERAL BARS "MOVIES"

Persistent Camera Men Twice Driven From Weyerhaeuser Obsequies.

ROCK ISLAND, Ill., April 9.—Three motion picture camera operators who attempted to photograph the funeral party at the residence of Frederick Weyerhaeuser today were driven from the lawn of the family home by three policemen.

The camera men were discovered while in the cemetery when they emerged from shrubbery to get a clearer view of the procession. The carriages were halted. Three policemen took charge of the photographer and escorted him from the grounds.

STRIKE WON BY TAILORS

Philadelphia Employers Grant Increase and Nine-Hour Day.

PHILADELPHIA, April 9.—More than 30 firms agreed to the demands of their striking tailors and pressers today, an about 800 men returned to work, according to a statement issued tonight by the conference committee.

JAPAN IS MOURNING

Dowager Empress Dies at Imperial Villa.

LAUDED AS MODEL WOMAN

Official Announcement Concerning Haruko, Issued by Secretary of Household, Makes No Reference to Her Death.

TOKIO, April 9.—All Japan is in mourning tonight, following the death of the Dowager Empress Haruko, who passed away at the imperial villa at Namasu.

An official announcement concerning the death of the Dowager Empress Haruko, issued by the Secretary of Household, makes no reference to her death.

MOTHER OF EMPEROR OF JAPAN, WHO DIED YESTERDAY AFTER BAFFLING ILLNESS.

Dowager Empress Haruko.

The late Dowager Empress was, issued tonight by the secretary of the household. It makes no reference to her death, but mentions her prospective arrival at Tokyo, adding: "Until then subjects should be careful not to use irreverent words concerning her condition."

Model of Womanhood Lauded. The Tokio newspapers publish pages extolling the Dowager Empress as a model of Japanese womanhood.

The Emperor and Empress and their aides returned to Tokyo this evening. They had made only a brief stay at Namasu, where they prayed for an hour in the death chamber.

All the theaters have been closed and entertainments canceled, and it is considered probable that the Emperor's coronation, which had been arranged for November 19, will be postponed.

New Cabinet Not Formed. The ministerial crisis was cast into the background by the death of the Dowager Empress, and the new Cabinet has not yet been formed.

The court officials proceeded immediately to make arrangements for the state funeral.

Her Majesty died suddenly in the presence of Emperor Yoshihito, the Empress and the other members of the royal family, who had been summoned from the capital.

PEPPER HELD SANS BAIL

DOROTHY JOHNSON SHOOTING HEARING IN SOUTH.

Sidney Lee Johnson, Husband of Murdered Woman, First Witness Called. Tells Pre-Marriage History.

SAN FRANCISCO, April 9.—(Special.)—Abraham Pepper, unable to stand without police assistance and on the verge of physical collapse, made his first appearance in court this morning, when his preliminary examination for the shooting of Dorothy D. Johnson at the Hotel Sutter on the morning of March 24, was begun before Police Judge John Sullivan.

Pepper was held to answer to the Superior Court by Judge Sullivan without bail.

CANCER LAID TO COOKS

Dr. Mayo Thinks Meat Diet Is Partly to Blame.

NEW YORK, April 9.—A statement by Dr. William J. Mayo, that the prevalence of cancer is perhaps traceable to present methods of cooking was one of the salient opinions in a maze of technical discussions at the opening of

the American Surgical Association's annual convention today. Dr. Mayo is from Rochester, Minn., and president of the association. He explained that cancer of the stomach formed a third of all cancer cases among civilized peoples.

"Is there some fundamental fault in the food or in the cooking of civilized men that gives such a preponderance to pro-cancerous conditions in the gastric region?" he asked. "Among the lower animals cancer of the stomach does not form nearly such a large proportion of the total number of cases."

Dr. Mayo said the amount of meat consumed undoubtedly has something to do with the prevalence of cancer. In the course of a discussion about the advisability of operating for appendicitis, Dr. Mayo, of Minneapolis, said that he felt that the removal of the appendix was "an interference with the designs of the Lord." Dr. E. G. Gosner, a New York surgeon replied that if this were true, all surgery would have to be regarded as an interference with Providence.

BARK'S SURVIVORS SAFE

BODY OF CAPTAIN, TOO, IS ABOARD BOSTON CRAFT.

News of Wreck Hard to Obtain, as Men Will Not Be Landed This Today at Newport News.

NEWPORT NEWS, Va., April 9.—Bringing the body of the captain and 11 survivors of the crew of the Norwegian bark Orellana, which she rammed and sank off Barneart, N. J., last night, the American steamer Peter H. Crowell arrived here today from Boston. Two men went down with the Orellana, and the captain was dead when taken from the water.

News of the wreck was hard to obtain, as the survivors will not be landed until tomorrow. The only authentic account obtained was procured from Norwegian Consul M. M. Richardson, to whom a report of the disaster was made, but who has not been supplied with the names of the survivors, or the two men who went down with the bark.

Captain Vall reported to Consul Richardson that the collision occurred during a heavy fog, and that the bark was steaming at full speed. The wooden ship filled rapidly and sank in 17 fathoms of water. Captain Vall said he and his crew were saved by the bark following the crash.

STUMP INQUIRY PROMOTED

Committee Favors Experiments in Utilizing Logged-Off Waste.

OREGONIAN NEWS BUREAU, Washington, April 9.—The Senate committee of agriculture today incorporated in the agricultural appropriation bill an amendment offered by Senator Brady appropriating \$15,000 to enable the University of Idaho, under the direction of the Secretary of Agriculture, to conduct an investigation into the methods of utilizing stumps from logged-off lands and waste from lumber mills in the manufacture of oils, alcohol and other products.

The Senator, who is a member of the committee, demonstrated that the work thus far done by the University of great confusion prevailed aboard the bark following the crash.

CONDUCTORS ARE ACCUSED

Carrying Passengers at Reduced Fares Violates Hepburn Law.

CINCINNATI, April 9.—United States deputies arrested William A. Boyer and Elmer E. Crist, conductors of the Chesapeake & Ohio Railroad of Indiana, today on a charge of violating the Hepburn act by permitting passengers to ride to and from this city and Chicago for less than the legal fare.

Boyer was arrested here as his train was leaving for Chicago today, and Crist was arrested at Chicago, where his train arrived from Chicago tonight. These arrests, it is said, are the first of several which will soon be made by Federal officials.

But men in various commercial pursuits known as "scouts" for the conductors are invited. The "scouts" introduced the passengers to the conductors. It is said by Government agents, and shared the profits.

GUERNSEY TAKES RECORD

Pennsylvania Cow Produces 1059.59 Pounds of Butterfat in Year.

PETERSBORO, N. H., April 9.—By the production of 1059.59 pounds of butterfat in a year, a new world's record has been made by a Guernsey cow at the Cassatt farm at Berwyn, Pa., according to announcement today by William D. Caldwell, secretary of the Guernsey Cattle Association. The record was held by a Holstein cow owned by F. F. Field, of Brocton, Mass., which carried 1033 pounds of butterfat in a year.

The Cassatt cow produced 19,629.58 pounds of milk during the year. Mr. Caldwell said the cow was saved by using guernsey instead of leather pouches, record in office employees netted \$143,000, and the manufacture and purchase of cancelling machines \$100,000.

ELEVEN WORDS MAY WIN

Postoffice Department Declared to Have Done Effective Paring.

WASHINGTON, April 9.—Economics effected by Fourth Assistant Postmaster-General Blakeslee during the past year, a new world's record have netted the Government a saving of \$1,000,000, according to figures announced today by Postmaster Secretary Burleigh. The replacing of the old-fashioned mail locks with new and lighter locks is said to have resulted in a saving of \$200,000; \$15,000 was saved by using canvas instead of leather pouches, record in office employees netted \$143,000, and the manufacture and purchase of cancelling machines \$100,000.

T. R. TURNED DOWN

Maine Republicans Refuse to Indorse 1916 Candidacy.

REFORMS ARE ADVOCATED

Underwood Tariff Denounced as "Unjustly Sectional and Menace to Industries"—National Prohibition Is Favored.

AUGUSTA, Me., April 9.—A move to have the Republican state convention today recommend the nomination of Theodore Roosevelt as a candidate for President in 1916 met with failure. A resolution to that end adopted by the Republican caucus of the town of Yarmouth was offered as an amendment to the platform, but was declared out of order.

The platform adopted condemns the National Democratic Administration for what is declared to be its "hurried surrender to Great Britain in the matter of the Panama Canal," "its violation of platform pledges," and "its vague, vacillating policy in dealing with conditions in Mexico." National prohibition was favored.

The Underwood tariff law is characterized as "unjustly sectional and a menace to our industries."

A workmen's compensation law, a law limiting the work of women and children in factories to 64 hours a week, woman suffrage, ballot reform and a Presidential preference primary are advocated.

The convention adopted a resolution paying tribute to the memory of Mrs. Lillian M. Stevens, late head of the Women's Christian Temperance Union.

BAD NAME IS LAMENTED

COMPEERS SAYS MINERS SUFFER FROM OLD DECLARATION.

Federation Under New Regime Said to Have Been Conservative—Arbitration Under Discussion.

WASHINGTON, April 9.—Charges by Samuel Gompers, president of the Federation of Labor, that the American Federation of Miners has not been treated fairly in the Calumet copper strike, and criticisms of the compulsory arbitration in labor disputes by representatives of both employers and employees, today marked the close of the first of a series of hearings by the United States industrial relations committee on collective bargaining.

The Western Federation of Miners, Mr. Gompers said, was laboring under a "bad name" given it by its enemies and by an old declaration of principles. He said the members of the federation had conducted themselves bravely and fairly at Calumet, and that for the last few years the organization had been conservative.

The Canadian industrial disputes act, under which employers and employees are forced to defer drastic action until arbitration has been tried, was criticized as a form of slavery by Mr. Gompers. W. L. MacKenzie King, ex-minister of Labor of Canada, defended it as an excellent method of avoiding labor troubles.

Mr. Gompers placed responsibility for most labor strikes on unorganized or newly organized men, and said that most trouble of this kind was caused by the mental attitude of employers and employees. He asserted he would not object to a Federal mediation and conciliation board for industrial disputes, except for the danger that efforts to bring about compulsory arbitration might follow.

BRIGANDS KILL HUNDREDS

Three Towns Looted by Notorious "White Wolf" and Gang.

PEKIN, April 9.—Brigands under the notorious "White Wolf" today killed hundreds of inhabitants of the towns of Hui Shien, Chow Shih and Meih Shien, in the vicinity of Shan Si, capital of Shensi Si Province. They looted the three towns after capturing them, and are sweeping the entire country round about.

All foreigners residing at out stations have been ordered to Shan Fu, where a column of 1500 regular troops has arrived. Further reinforcements have been sent.

AVOID SPRING ILLS

Purify and Build Up the Blood With Hood's Sarsaparilla.

In the Spring your blood needs cleansing and enriching, largely because your diet has been chiefly heavy and your life mostly indoors during the Winter. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

Lipman Wolfe's Good Morning!

PHONES: MARSHALL 5000. HOME A 6691.

\$37.50 AND \$40.00 TAILORED SUITS, \$26.50

—Today's sale of tailored suits is planned as a pre-Easter greeting and also to demonstrate the superiority of Lipman-Wolfe suits. The window displays serve to show wherein they differ in style from the ordinary, and again from the bizarre and ungraceful. Each is as pretty as a suit can be and, besides, the materials and tailoring are superior to any we have ever seen at this price—\$26.50.

THE MILLINERY SALONS BLOOM AS GAILY AS EVER

—For your critical inspection, Mesdames (and yours, Monsieur, who observe so much and yet pretend to know so little of that eternally feminine thing—the Easter hat) we have planned this exposition of Spring and Summer chapeaux. We welcome you to see here what would be impossible in Paris—a display in one place of the most brilliant examples of the genius of all—or nearly all—of the famous modistes. Some hats have been adapted to the peculiar needs of the American woman, some are exact copies of the Frenchiest models in all Paris. All are beautiful and interesting.

—Trimmed hats in the widest variety of shapes and colors ever seen, priced at \$3.95, \$4.95, \$7.50 and all the way up to \$75.00.

THE GLOVE SALE IS THE SALE OF THE DAY

DENT'S GLOVES—\$1.25 A PAIR

—Scarcely any more need be said. Surely nothing to magnify the quality of the glove, and nothing to magnify the seasonableness of the offering. —At the Glove Shop on the First Floor

Fifty Doz. Lengths New Veiling at 29c Each

—To grace the Spring chapeau as well as in the interests of a neat and well-groomed ensemble, one must attend to one's supply of fresh face veils. The right color, the right thickness and the right "spots" have much to do with the success of one's appearance.

—Fifty dozen fine Shetland veil lengths, for which you would generally pay from 50c to \$1.00, are to be sold at the Lipman-Wolfe store today at 29c each. —First Floor

WRIST WATCHES, SP'L, \$4.48

—An Easter suggestion. There isn't a girl or a woman who wouldn't like one of these tiny silver-and-leather, or gunmetal-and-leather "time-bracelets" as a gift. The little watches are of very superior quality, with movements guaranteed. Cases of sterling silver or gunmetal, held in place by an adjustable wrist-strap of leather.

50c Net Chemisettes at 25c

—Fine Brussels net is used to construct these neat, snugly-fitting collars and gimpes. For her who has abjured the open-at-the-throat mode, and for her who finds the high-neck dressing most becoming, these net chemisettes, combining both underblouse and high, boned collar, do away with the discomfort and uncertainty of pins and elusive collar-bands. In white, ecru and black net. —First Floor

A NEW SILK MIXED STOCKING—WORTH 50c, SPECIAL, 35c

—The silken ankle has been duplicated. Nowadays the silk-and-cotton-mixed ankle is quite as effective and much less expensive, and therefore recommends itself highly to her who would economize in the matter of Summer hosiery. Here is an extremely bright, silky-looking stocking with wonderful wearing powers in its elastic weave, its double garter tops and extra spliced heels and soles. Behold, Mesdames, an excellent buy, and a splendid opportunity for the woman who would lay in her season's supply. —First Floor

GLOVE SILK BLOOMERS AT \$1.69

—Instead of \$2.25. Bloomers of glove silk have attained a remarkable popularity everywhere, but it has remained for the Lipman-Wolfe store to attain for them a remarkably low price. The comfort-giving features, the style—even the economy of glove-silk bloomers have been apparent to all women. Their convenience in laundering is another point in their favor that has not escaped the watchful. Besides, as every woman knows, there is a luxurious feeling that comes to the wearer of silk underwear that cannot be described in mere words. We take pleasure in offering these much-to-be-desired garments at a price which will appeal to all women. The regular Lipman-Wolfe quality of heavy unloaded silk. —First Floor

Easter Bonnets for the Wee Lassie, \$1.15

—Plain, but freshly new, little hats that will serve nicely for school afterward, and for which one usually pays \$1.50, are specially priced today. The little lass will find these and a great many more—plain ones and daintily elaborate ones—all ready for these days of Spring gladness and chapeaux, in the Girls' Salons on the fourth floor.

THE MEN'S SHOP—FIRST FLOOR NEAR THE WASHINGTON-STREET ENTRANCE

—Of course, it's to be expected that there will be far less forehead-ness in matters of Easter dress among men than among woman-kind. Still, there are some preparations that a man should make for the sake of his family, his friends—and himself. For this reason we have tucked in this little Easter reminder for men along with the more elaborate, but not one whit less important, items for milady:

Easter Neckwear, 50c, 55c and 65c

—Distinctive English neckwear, exclusive in style, and of superior quality, are these ties of printed silk crepes, Persian Rumshunda and silk faille. You will be pleasantly surprised.

Manhattan Shirts, \$1.50 to \$5.00

—Manhattan Easter shirts, of silks and silk stripe novelties. They were rushed by special orders to reach the Lipman-Wolfe Men's Shop in time for this sale. Come in and see them today. You will not be disappointed.

\$1, \$1.50 Thread Silk Half Hose, 79c

—1100 pairs of these. First quality, well made and with heel and toe heavily reinforced to withstand strenuous wear. Colors, black, tan, gray and navy blue. All sizes.
