

PORT'S FUTURE SAID TO REST ON JETTY

Mass Meeting at Aberdeen Is Expected to Attract Big Grays Harbor Crowd.

WHOLE COUNTY AROUSED

Representative Johnson Says Approval for Future Improvement Is Unlikely Unless Delegation Makes Fight at Washington.

ABERDEEN, Wash., April 9.—(Special.)—With the county thoroughly aroused and backed by a commercial body on the harbor, the mass meeting called for tomorrow night to discuss the feasibility of presenting to Congress Grays Harbor's claim for further jetty improvements, to cost \$1,775,000, probably will be the most largely attended public gathering ever held on the harbor. Plans are being made to bring county people to Aberdeen in a special motor car. Several hundred Hoquiam people will also be present. Grays Harbor must make a showing before the rivers and harbors board, United States Engineers, at Washington, or no appropriation will be secured for the continuation of the north jetty work, according to telegrams received this morning from Representative Albert Johnson, at Washington. The seriousness of the situation has impressed itself upon the entire county, since notice of the jetty situation was made public last Sunday, and interest is now intense. It is realized that the continued prosperity of the county and its chance for future development and growth must be dependent upon the development of the port and its advancement to a chipping harbor of the first rank.

OREGON CITY WINS SUIT

Verdict Land Needed Worth \$1600 Clears Way for Elevator.

OREGON CITY, Or., April 9.—(Special.)—The last legal barrier used to block the construction of the Seventh-street elevator was torn down today when a jury in the Circuit Court returned with the verdict that the land along the edge of the bluff on Seventh street which the city desired for the landing bridge from the elevator tower was valued at \$1600, which is more than the city offered to Mrs. Sarah Chase, the owner. The hearing of the condemnation suit began yesterday morning. Mr. Chase placed the value of the property at \$5000.

PAVING MATTER DISCUSSED

Commissioners Hobnan and Lightner Attend Luncheon at Gresham.

GRESHAM, Or., April 9.—(Special.)—County Commissioners Hobnan and

Lightner and Assistant Roadmaster McMullen attended luncheon here yesterday at the Hotel Condon, tendered by the City Council. Road and street improvements were considered. Mr. Holman said that the county is not forcing paving upon any community, but is being governed by petitions. He favored the paving of the streets of Gresham 16 feet wide, the county paying half and the property the rest. George W. Stapleton said it was desired to pave the street full width, but Mr. Holman said that it would require an extra contract to take care of that part outside the 16-foot strip. M. C. King presided at the luncheon and at the close the party was taken in automobiles on an inspection trip through the town. Those attending in addition to Commissioners Lightner, Holman, and Hart were Councilmen Honey, L. L. Kidder, Joseph Pateneau, M. D. Kern, D. M. Roberts, W. F. Honey, S. S. Thompson.

WALLACE LINE ASSURED

MILWAUKEE MAY BE BACK OF ACTION BY LOCAL COMPANY.

Mortgage Filed for Building Bond From Coeur d'Alene That Will Cut Trip to Spokane 15 Miles.

COEUR D'ALENE, Idaho, April 9.—(Special.)—Reason for the order last Winter that the Chicago, Milwaukee & St. Paul Railroad Company's construction department assemble its equipment at Coeur d'Alene is thought to be explained by a mortgage filed with the County Recorder today by the Spokane, Wallace & Interstate Railway Company, the Union Trust & Savings Bank of Spokane being the mortgagee, for \$4,750,000. The mortgage recites that the railroad company either owns or will acquire right of way, and will build a railroad, equip and operate the same from Coeur d'Alene to Wallace and that large terminal grounds in each city have been or will be acquired by the company for the conduct of its business and for any branch lines it may desire to build. The mortgage is signed by A. J. Devlin, acting vice-president and D. R. Treat, assistant secretary, for the railroad company, and the obligations imposed by the instrument upon the Union Trust & Savings Bank are signed by D. W. Twardy, president, and Frank C. Paine, secretary. The road will be built along Fourth of July Canyon to the Coeur d'Alene River, where will parallel the O.-W. R. & N. into Wallace. It cuts the railroad distance from Spokane to Wallace 15 miles.

Mr. Hawley Advises Against Bill Purporting to Aid Land-Grant Claimants.

MANY FILINGS DUPLICATED

Oregon Representative Says Any Action Congress Might Take to Excuse Railroad Would Be Injury to State.

OREGONIAN NEWS BUREAU, Washington, April 9.—Representative Hawley today received a letter from District Attorney Beames, of Portland, advising him that S. A. D. Puter is sending a circular letter to each of several thousand persons who have applied for Oregon & California Railroad lands, in which Puter advises his clients to write personal letters to their representatives in Congress urging them to support the bill now pending in Congress proposing to aid these applicants in getting title to lands for which they have applied. This bill was adversely reported last week, on recommendation of the Interior Department. Mr. Hawley today issued a statement in which he says: "In my opinion no legislation affecting the final disposition of the Oregon & California Railroad lands can be safely enacted until the United States Supreme Court has decided the remedy to which Government is entitled. Legislation that would condone the actions of the railroad company, even if enacted with the best motives, would in all probability defeat the Government suit to give the railroad company the land in fee simple. "There are some 2,300,000 acres in the grant affected by suit, or about 14,000 tracts of 160 acres each. Mr. Beames says that there are approximately 20,000 applications for these lands on file, of which more than 8000 are duplications. I have heard of especially desirable tracts that have four or five filings on them. It is therefore evident there is a hotbed in the kindling concealed in Puter's letter. Mr. Beames further states that locators are receiving from \$50 to \$500 by virtue of said applications. "As whether the railroad company nor the Government can dispose of these lands and as no one can tell certainly what the final decree of the court may be, it is a matter of great importance for the motor acting in his own interest assure any applicant that he has obtained any valid right by making application. Also no applicant can be sure that the land the locator describes to him has not been already filed on one or more times. Applicants Take Charge. "I have uniformly advised all who have written me that in my judgment in making applications now they were simply taking a chance. If Congress should now, while the suit is pending, take any action which would be construed by the courts to excuse the railroad company for violations of the terms of the grant, the effect would be, in all probability, to give the lands to the company freed from all obligations. "This would defeat any possible rights applicants for lands could be held to have and would be a great injury to the state at large."

SPECIFICATIONS FOR OREGON CITY WATERWORKS TO BE FIXED.

Council Votes \$6000 to Pay for Preliminaries and Plans to Obtain Bids and Then Put Bonds to People.

OREGON CITY, Or., April 9.—(Special.)—An appropriation of \$6000 was made at the Council meeting last night for the final survey and complete specifications for the pipeline from the south fork of the Clackamas River to Oregon City. The action is a part of the programme mapped out by the water committee and the City Council. A report of the committee was read at the meeting regarding their efforts to come to some satisfactory understanding with West Linn on the partnership plan of constructing and operating the pipeline. The report said that all details were arranged to the satisfaction of both towns, except that West Linn demanded equal representation in the pipeline commission, although it had borne one-third of the cost and upkeep. William Anderson, chairman of the committee, said that the committee demanded that Oregon City be given two-thirds representation. The Council approved the stand taken by the committee.

COLLEGE CONFERENCE SET

Plans Being Made for Sixth Commonwealth Meeting at Eugene.

UNIVERSITY OF OREGON, Eugene, Or., April 9.—(Special.)—Plans for the Sixth Annual Commonwealth Conference at the University of Oregon, May 27-29, have been formulated by the faculty committee of which Professor Young is chairman. Invitations have been issued to speakers of national and international prominence, and the programme will be announced when replies are received. An innovation this year will be the holding of separate sessions to consider various phases of the topics discussed in the general sessions. These separate meetings will give those attending the conference an opportunity to select subjects for discussion in which they are specially interested.

Protection Against Bronchitis and Pneumonia

A Recipe. Into a pitcher put a tablespoonful of butter, one-quarter cup light brown sugar, an ounce of fresh, whole allspice and a pint of fresh, sweetened whiskey. Let it stand for half an hour; then add one-half pint boiling water. Let it stand again for a short while, and before serving stir well and add the juice of one orange and one lemon. This is to be served in a wine glass. It is very wholesome, appetizing and strengthening, especially for fever and chills in stormy and blustering weather. Prompt action on such occasions will ward off many a serious and oft-times fatal attack of bronchitis and pneumonia, as well as irritating coughs and colds.—Adv.
