

MISS FITZGERALD HEADS 'QUEEN' LIST

Contestants for Rose Festival Honors Working to Be in High Dozen.

25 ARE ENTERED IN RACE

Harriman Club Candidate Now in Second Place, Representative of Telephone Company Third. Four Features Planned.

SCORE IN FESTIVAL QUEEN CONTEST. Miss Helen Fitzgerald, 23,465; Miss Thelma Hollingsworth, 12,449; Miss Stella Camping, 9,620; Miss Mary McCarthy, 8,460; Miss Leola Martin, 7,870; Miss Helen McVey, 7,540; Miss Mary McKeon, 7,240; Miss Purnell Fishburn, 7,040; Miss Minnie E. Smith, 6,590; Miss Hazel Hoyt, 6,295; Miss Florence Westergard, 4,920; Miss Vahne Doane, 3,445; Miss Alice Huxby, 3,000; Miss Hazel Gallagher, 2,430; Miss Gertrude Locke, 2,020; Miss Anna Brueger, 1,410; Miss Frieda Rieder, 830; Miss Nellie Lincoln, 820; Miss Bella Bloom, 470; Miss Violet Oakley, 465; Miss Matilda Peterson, 310; Miss Geneva Robinson, 155; Miss Anna R. Miles, 100.

Who will be "Queen Rose"? The correct answer to this query would be of interest to 25 Portland girls, and to all their friends, just now. They all know that the girl receiving the highest number of votes in the Rose Festival's tour contest will have that honor. But in the uncertainty of the four weeks' battle of votes that come, almost anything may happen, and the candidates near the foot of the list are not greatly alarmed at the showing of those who got into the race earlier. Each of the 25 candidates now officially in the contest is working hard, with increasing support. Miss Helen Fitzgerald, candidate of the North Bank Railroad employees, was one of the earliest to enter the contest, and has the largest number of nearly 19,000 votes over Miss Thelma Hollingsworth, candidate of the Harriman Club. Miss Margaret Clifford, candidate of the Home Telephone & Telegraph Company, stands third, with 5,690 votes, a little less than 1000 votes ahead of Miss Stella Camping, candidate of the Auxiliary of the North Portland Improvement League. The big struggle, aside from the general attention to head of the list, will be to keep inside the desired limits of 12 places from the top, for the 11 candidates nearest approaching the big tally of "Queen Rose" will be the royal maids of honor, and all entitled to go as guests of honor on the big advertising tour of the Pacific Coast to be made by the Rose Festival's special car, which will leave Portland on May 25 for a 19-day trip that will include stops and lunch entertainments in Tacoma, Seattle, North Yakima, Spokane, Salt Lake, Los Angeles and San Francisco. Tallies will be made twice a day, the morning count closing at 10 A. M., and the second at 4 P. M., so that the standing of the candidates may be compared in time for the evening program in the evening and morning papers. Among the latest candidates to enter are Miss Anna R. Miles, candidate of the Portland Telephone Employees; Miss Viola Oakley, standard-bearer of the Hotel Multnomah, and Miss Nellie Nichols, who has the endorsement of the Portland Telephone Employees' Improvement League and the Letter Carriers' Association. Coupons are running in all the daily papers, and may be had at the headquarters, at the rate of five for 1 cent.

SHATTUCK SCHOOL WILL FACE PARKS

Crowds Cheer When Location to Cost \$126,000 on Broadway Is Decided On.

COUCH ACTION DUE TODAY

Selection Narrows Down to Choice Between Two Blocks in Same Vicinity, One Being Owned by Archbishop Christie.

The new Shattuck school site is to be block 128, bounded by Broadway and Park, Hall and College streets. It will be purchased by the School District for \$126,000, and the site for the Couch school will be determined at a meeting of the board to be held today at 5 o'clock. The selection of the Shattuck site, which was made at the meeting yesterday, followed a long session in which many of the men and women of that district appeared and spoke in favor of the site on the Park blocks. The decision of the board in favor of block 128, which fronts the Park blocks, met with cheers and applause from the people of Shattuck district, who crowded the board room to hear the decision, and W. C. Dunway, in behalf of the Shattuck people, expressed their thanks for the action of the board, which, he said, vindicated the interest of the audience and hope was declared out of order by the chairman of the School Board. Choice on the Couch school site narrowed down to two sites, the one on the corner of J. V. Beach, the board adjourned, to meet at 5 o'clock today and conclude its work. The two sites that are to be decided between are block 11 and the property of Archbishop Christie, the former bounded by Twenty-first, Twenty-second, Irving and Hoyt streets, and the latter by Twenty-first, Gilsan and Hoyt streets. The property on block 11 is owned by the Columbia Trust Company and O. S. Ferris represented the company at the hearing yesterday. The other property is offered by agents of the Archbishop. Dr. E. A. Sommer and O. M. Plummer yesterday expressed their opinions emphatically that it is a matter of best service to the district and a greatest benefit to the children, and not a matter of cheapness of the site that is to be considered. Both expressed the opinion that the school buildings now erected by the school district were not a detriment to any community. Mr. Plummer presented statistics on the various sites submitted, showing estimates based on their valuation under the assessment. Mrs. J. F. Kelly, president of the Parent-Teacher Circle of the Shattuck School, speaking of the action of the school board, expressed her satisfaction in the selection of the site. "It is a beautiful site, and with the new building, will be one of the show places of the city. I am confident that no one will have just cause to complain of the condition of the school grounds or of the park block because of our schoolchildren. The constant aim of the association will be to improve civic conditions in our section, to beautify rather than to destroy."

DR. FOSTER TO REMAIN

HIGHEST NOT TEST OF GREATNESS, SAYS REED COLLEGE HEAD.

Presidency of Prosperous Eastern University Rejected Because Work Here "Must Be Advanced." President Foster, after consideration for several days of an offer to take the presidency of an Eastern University of several thousand students, and which has one of the largest annual budgets among the universities of the country, has decided to remain at Reed College. He announced his decision at the chapel service yesterday morning, saying: "We came here four years ago, believing that it was possible to accomplish in a comparatively small school the realms of higher education, provided that we had sufficient courage and vision. We have believed that the American tendency toward the glorification of mere size is wrong and that bigness is no indication of greatness in a city or in an institution of higher learning. We have had the opportunity of more than 1000 students, and we have been working on them together, and because we have been few in number we have had an opportunity to know each other and to expect that each shall do his best. It is one thing to talk about ideals and it is another thing to live up to them when the test comes and it means sacrifice in some ways to hold to them." In an interview yesterday morning Dr. Foster said: "The trustees have been in the opinion that the school buildings now erected by the school district were not a detriment to any community. Mr. Plummer presented statistics on the various sites submitted, showing estimates based on their valuation under the assessment. Mrs. J. F. Kelly, president of the Parent-Teacher Circle of the Shattuck School, speaking of the action of the school board, expressed her satisfaction in the selection of the site. "It is a beautiful site, and with the new building, will be one of the show places of the city. I am confident that no one will have just cause to complain of the condition of the school grounds or of the park block because of our schoolchildren. The constant aim of the association will be to improve civic conditions in our section, to beautify rather than to destroy."

MR. HYLAND ANSWERED

UNION AVENUE DECLARED LEAST EXPENSIVE APPROACH TO SPAN.

Bruce C. Curry Declares Selection by Engineers and Commissioners Is for Good of General Public. "George M. Hyland's contention that the Union-avenue approach to the Interstate bridge is the longest and most expensive is only half the truth," said Bruce C. Curry, chairman of the Interstate Development League's bridge committee, yesterday. "Mr. Hyland says that the Union-avenue approach is 3000 feet longer than the Bacon avenue - Derby - street route, when, as matter of fact, Union avenue approach is only 2200 feet longer. But the fact is, engineers have ascertained that construction on the Derby-street route would cost at least \$10,000 more than the Union-avenue approach." Mr. Curry denies that the adoption of the Union-avenue approach gives any traction company a monopoly in the use of the bridge, but that, on the contrary, the bridge and approach are left absolutely open to all traction companies on the same basis. "The Portland Railway, Light & Power Company," said Mr. Curry, "is not asking for any exclusive franchise on this bridge or approach. There will be no monopoly nor can there be a monopoly in the use of the Interstate bridge with Union avenue as the approach to the bridge. I don't think Mr. Hyland will be able to mislead anybody about the Union-avenue approach. It was selected by the engineers and approved by the Bridge Commissioners because it serves the greatest number of people of Portland and is the least expensive."

FUND FOR FAIR REQUESTED

Multnomah Exhibit Needs Money, Says President. Resolutions requesting the County Commissioners to appropriate all the funds for the Multnomah County Fair, provided for in the act passed by the Legislature last year, were presented yesterday by H. Lewis, president of the State Fair. No action will be taken in the matter until next Monday. The act under which the appropriation is made provides that each county shall pay an amount equal to an assessment of one-twentieth of a mill on the taxable property of the county, with the qualification that no county shall be required to pay more than \$10,000 for such purposes. One-half of the amount so set aside for promoting agricultural and livestock fairs goes to the Pacific International Livestock Association.

SHATTUCK SCHOOL WILL FACE PARKS

Crowds Cheer When Location to Cost \$126,000 on Broadway Is Decided On.

COUCH ACTION DUE TODAY

Selection Narrows Down to Choice Between Two Blocks in Same Vicinity, One Being Owned by Archbishop Christie.

The new Shattuck school site is to be block 128, bounded by Broadway and Park, Hall and College streets. It will be purchased by the School District for \$126,000, and the site for the Couch school will be determined at a meeting of the board to be held today at 5 o'clock. The constant aim of the association will be to improve civic conditions in our section, to beautify rather than to destroy."

CITY TEACHES FARMING

EDUCATOR PRONOUNCES SCHOOL STUDY A SUCCESS.

Portland's Site for Proposed Similar Institute Approved by Superintendent J. H. Francis. That an agricultural high school is more important for cities than for country districts, and even more necessary to a city than a technical school, was the opinion expressed yesterday by J. H. Francis, superintendent of the Los Angeles Public Schools. Mr. Francis has had many years' experience with an agricultural high school in Los Angeles, and expressed satisfaction with the results. "Country boys," said Mr. Francis, "are sure to get a more or less perfect acquaintance with the soil. But hundreds of city boys and girls are deprived of this opportunity. I feel that the agricultural high school will be a great factor in the 'back-to-the-soil' movement." "One result of the agricultural high school would be to keep a greater number of young men at their studies. It is especially important for the city, for the city is adjacent to a great farming district. I see the proposed site today with your townsmen, Mr. O. M. Plummer, is easily accessible, and the growth of the city will soon place it in a thickly populated district." "My experience has been that it is best to buy an ample school site in the original purchase. We paid about three times as much for our additional ground as we paid for our original purchase." "For a city the size of Portland, the question of an ample site is especially important. The rapid growth of the school population makes rapid expansion imperative." "The courses in our school are agronomy, animal husbandry, dairying, soil chemistry, truck farming, horticulture, irrigation and farm carpentry. The boys in the carpentry course built a barn for the school, and are now installing a poultry plant." Mr. Francis left for Walla Walla, where he will visit Whitman College tonight.

New Bills Open at the Vaudeville Houses

Pantages. VERSATILITY is the keynote of Pantages' new bill, with all the acts of the different sort.

Harry Bulger tops the list, and since Harry is of the wide-spreading variety of architecture, he might be said to cover a great deal of territory on the bill and on the stage. He has half a dozen songs, all of them funny, with rapid-fire choruses and pleasant patter to link it all together. He changes his eccentric costumes with his song changes, and, as a climax, arrives in a sort of George Monroe effect with a Pansy costume, panners, pantalettes and a dashing feather in his bonnet. Mr. Bulger is just as humorous and as good a punner as when he dispensed joy in "Woodland" and "The Flirting Princess" a few seasons back. Vera Berlin is adorable. She is an accomplished violinist who puts soul into her interpretations, and plays just the selections vaudeville loves in the classics. She is picturesque to look upon, clad in a shimmering gown of American beauty with a daring head-dress that accents her pretty face. Tom Moore is from the Emerald Isle, with a smile and a bit of a brogue to prove it, wanders onto the stage clad in evening clothes and immediately wins a hearty with his fine voice. He has a list of cherry songs with merry badinage to fill in the chinks. Assisting him, as "atmosphere and scenery," is Stasia, a great, big, beautiful girl, who has a trillion dollar wardrobe. They have a clever and brand new touch to their act in burlesquing big hats. Stasia wears it and Tom plucks fruit from its dome and sings while he eats it. Hazel and Johnny Wagner have an out-of-the-ordinary juggling act. Hazel is pretty and wears a smart green frock with a grade which develops into pockets to catch the balls she so dexterously twirls. The Terry Troupe are comedy acrobats who tumble, trip and clown about in great style. They work happily and garner laughs. The sketch of a bill is called "Cupid, M. D.," and relates pleasingly the disastrous results a young lady achieves in calling on her fiancée, a doctor, in a professional capacity. Bertina Bruce and Charles Keane present the sketch with telling effect in the comedy lights.

GRANGE TO INVESTIGATE

COUNTY AFFAIRS WILL BE THOROUGHLY LOOKED INTO.

Seven Candidates Initiated at Lents Meeting and Programme Prepared by Mrs. H. A. Darnall. Lents Grange, Patrons of Husbandry, will conduct an investigation of county affairs. A. F. Miller, Mrs. Mabel Smith, Mrs. O. K. Kitzky, Mrs. Jones and T. J. Kreuder, master of the grange, are the inspection committee appointed at the meeting held last Saturday. The committee will inspect the County Farm at Troutdale next Thursday, at which time all interested will be welcome to inspect the county premises. After that, the committee will go to the Courthouse, where a thorough inspection of all county books and county affairs will be made. Tom Moore is from the Emerald Isle, with a smile and a bit of a brogue to prove it, wanders onto the stage clad in evening clothes and immediately wins a hearty with his fine voice. He has a list of cherry songs with merry badinage to fill in the chinks. Assisting him, as "atmosphere and scenery," is Stasia, a great, big, beautiful girl, who has a trillion dollar wardrobe.
