

13 REPORTED SLAIN IN COLORADO FIGHT

Leader of Ludlow Strikers Is
Killed and Tents of Colony
Burned by Militia.

BATTLE LASTS 14 HOURS

One Soldier, One Non-Combatant
and 11 Union Men Comprised List
of Supposed Dead—District Is
Practically Isolated.

TRINIDAD, Colo., April 20.—A 14-hour battle between striking coal miners and members of the Colorado National Guard in the Ludlow district today culminated late tonight in the killing of Louis Tikas, leader of the Greek strikers, and the destruction of the Ludlow tent colony by fire. Reports received here place the dead at 13, including 11 strikers, one soldier and one non-combatant.

Version of the manner in which Tikas was killed differed. One report is that he was captured and shot while trying to escape. Another report is that he was shot while attempting to run from the shelter of a bridge to an arroyo near the tent colony.

Women and children of the colony are being cared for at the Ludlow station. A large body of strikers are said to have taken refuge in an arroyo near the colony and are surrounded by troops.

Another Battle Expected.

Several hundred strikers left Trinidad late tonight in the direction of Ludlow. Other strikers are said to be en route from Huerfano County and Aguilar to Ludlow tonight. A continuation of fighting is expected at daybreak.

Company C, of Lamar, was ordered back to the strike zone tonight by General Chase.

The Ludlow district tonight is practically isolated, all telephone lines down and telegraphic service is limited to one railroad wire.

Reports received shortly before 6 o'clock state that heavy firing still continued. A report from the military camp at Ludlow says that one soldier is dead and two are wounded, one fatally. Twenty strikers are reported wounded.

The military forces total about 100 and fully 400 armed strikers are said to be in the hills at the foot of Hastings and Berwin Canons and along the Colorado & Southwestern tracks.

Reinforcements Are Delayed.

An effort to send recruits from Trinidad was delayed this afternoon by the refusal of the train crew to take out a train. The master mechanic, dispatcher and superintendent finally acted as a member of the crew.

The entire district is in a high state of excitement. Citizens are arming themselves in Trinidad.

Darkness fell with the battle raging fiercer than at any time during the day. A machine gun was brought to the Ludlow station and was sweeping the tents of the strikers' colony.

FRANCHISE IS ACCEPTED

Railway Company Agrees to City's
Terms as to Carver Road.

OREGON CITY, Or., April 20.—(Special.)—The Portland & Oregon City Railway Company has filed in the Recorder's office an acceptance of the franchise granted by the City Council nearly three months ago. This line is known as the Carver road.

The franchise gives the company the right to come into the city on Center street at the northern limits, to run south on Center street to Fifteenth street, west to Water street, and on Water street to the southern limits of the city.

The franchise runs for 25 years and provides that at the expiration of 15 years the Council may determine the compensation to be paid to the city for the remaining 10 years.

HARRISBURG WANTS BRIDGE

Legislature to Be Asked to Change
Linn-Lane County Line.

HARRISBURG, Or., April 20.—(Special.)—A strong effort by citizens and the two local papers is being made to secure a bridge across the Willamette here. The Pacific Highway crosses the river at this point and the ferry cannot be depended on, as high water stops all travel. A bridge would have been built long ago by Linn and Lane Counties jointly, but the river changed its course some years ago and is now a few hundred yards from the Linn County side. Lane County has refused aid as no part of the bridge would be within her bounds.

The next Legislature will be asked to change the county line to the present river channel.

PHONE COMPANY FIGHTS

Eastern Oregon Concern Attacks Order
of Railroad Commission.

SALFORD, Or., April 20.—(Special.)—The State Railroad Commission was notified today that the Eastern Oregon Co-Operative Telephone Company had filed suit against it to have declared void a recent order of the Commission that the plaintiff interchange service with the Home Independent Telephone Company at Elgin, Summerville and Echo.

It alleged that the order interferes with interstate commerce and is discriminating and unjust.

Similar orders have been made in numerous other cases, but this is the first one in which suit has been filed against the Commission.

GREAT LAKES AGAIN OPEN

Spring Navigation Begins Week
Earlier Than Last Year.

DULUTH, Minn., April 20.—The navigation season on the Great Lakes here opened today.

The spring is seven days earlier than last year. It is not probable that any ore shipments will be made until May 1.

VILLA MEETS HIS CHIEF

Carrazza and First General in
Formal Session.

CHIHUAHUA, Mex., April 20.—With many fateful questions dealing with

the revolution and foreign affairs before them, General Venustiano Carranza and General Francisco Villa met formally here today.

It was their first meeting in four years. Carranza first having met the military leader when, fresh from outlaws, he was a leader of one of Francisco Madero's small revolutionary bands.

The meeting had every appearance of friendliness and Villa made a point of referring to Carranza as chief. Lithographs bearing the likenesses of the two leaders side by side appeared in store windows, and citizens wore buttons and badges similarly decorated.

Villa, accompanied by General Angeles, who is a member of the peñal Cabinet, came from Torreón last night for the conference. Soldiers guarded the streets from the railroad station to Carranza's palace, while crowds of onlookers cheered. Last night the military band, one of the best in Mexico, serenaded the distinguished visitor and his host for hours. In the parks the populace made holiday. No official announcement of the proceedings of the conference was made except that it was harmonious. It was understood on high authority, however, that it was determined to prosecute the revolution regardless of the estrangement between Washington and the City of Mexico, so long as rebel territory is not invaded or threatened.

Hundreds of messages, some congratulatory and others dealing with business, military and diplomatic subjects, were received.

Initiative Fee Is Urged

MR. CRAWFORD FILES MEASURES
FOR CONSTITUTIONAL CHANGES.

Amendment Also Is Offered Providing
That Governor May Veto Single
Items in Appropriation Bills.

SALFORD, Or., April 20.—(Special.)—Attorney-General Crawford today filed with the Secretary of State amendments to the Constitution vesting authority in the Governor to veto single items in appropriation bills abolishing the circulating of petitions for initiative measures and fixing filing fees of \$200, which will be initiated at the coming election. Mr. Crawford said the measures had many supporters and that 35 persons had offered to circulate petitions for them without making charges for their services.

The amendment relating to initiative measures provides as follows:

"Initiative measures shall be filed with the Secretary of State, with a filing fee of \$200 (said fee to be applied to the cost of printing and mailing of election pamphlets) not less than four months before the election at which they are to be voted upon."

The other amendment to the Governor contains two or more sections, or two or more items of appropriation money, he may object to any one or more of said sections, or two or more items of appropriation money, and approve the other portion of said bill."

WAR IS PREDICTED

Invasion Means Conflict, Says
National Guard Inspector.

75,000 MEN HERE READY

Northwest Organization Trained to
Highest Efficiency, Officer Re-
ports—Troops Would Have
Easy Victory, Captain Says.

"War with Mexico will unquestionably result from any movement on the part of United States troops to occupy Mexican cities, in my opinion," said James Jackson, Inspector-General in the National Guard, yesterday while speaking of the impending action of the Government against General Huerta.

"In spite of the desire of the Administration to avoid war with Mexico, General Huerta, against whom it is intended to act, is de facto head of the Mexican government, whether or not he has been recognized by us, and when we invade the Mexican territory I believe that the only end that can come will be war with Mexico."

"The National Guard is in the best preparation for service, if called upon, that is possible. In all the Northwest states we have a guard developed to a high degree of efficiency, and at least 75,000 thoroughly effective men from the National Guard as a whole can be counted upon."

Efficiency Higher Than in 1898.

"The men who have formerly served in the guard and men who have been trained in the agricultural colleges will also form an important factor in bringing into the field a fairly efficient body of volunteers, in case the need should arise."

"The percentage of efficiency among the guardsmen is much higher than this time than in the Spanish-American war. Then the old system of volunteer service was just beginning to give way to the new system of organization in the National Guard. If war with Mexico comes this will be the first test of the real efficiency of our present system of militia organization."

Captain W. S. Biddle, of Portland, who served for 27 years in the United States Army and who was in the campaign against Geronimo on the northern border of Mexico, said yesterday that he believed in the event of invasion of Mexico, the United States troops would encounter little difficulty.

"In an advance on Mexico," he said, "any collision with the troops of either Huerta or Villa is negligible to our army of disciplined troops. The principal obstacles that we encountered in the northern part of Mexico will be practically the same that our Army would encounter in an invasion. They are difficulties natural to a desert and sparsely settled country, and consist of lack of water and difficulty of transportation of material. These obstacles, however, be overcome with comparative ease, through the excellent equipment that is available to us."

Harvard Professor and Other Ex-
perts Will Speak at Conference.

UNIVERSITY OF WASHINGTON, Seattle, April 20.—(Special.)—Complete discussions of the phases of taxation will be held for the people of Washington at a conference being called by the extension division of the University of Washington for May 27, 28 and 29.

Prominent taxation experts from various parts of the country have accepted invitations to be present. Professor J. H. Bullock, professor of political science of Harvard College, will be the principal speaker. Governor Ernest Lister will preside.

AGENT FOR MRS. EDDY DIES

Charles H. Howe, Christian Science
Leader, Succumbs at 62.

ST. JOSEPH, Mo., April 20.—Charles M. Howe, 62 years old, a Christian Science leader, who was widely known, died at his home today.

He acted as confidential agent of Mrs. Mary Baker Eddy for a number of years prior to her death.

NEWBERG SHIFTS ROAD DAY

Town Will Observe Event Friday by
Improving Highway to Bridge.

NEWBERG, Or., April 20.—(Special.)—This town is to turn out Friday instead of Saturday, to observe Good Roads Day. The task is to be the improvement of the road from the new bridge across the Willamette to the town. Road machinery and material has been placed by the County Commissioners at the control of a committee appointed by the Commercial Club. The Ladies' Civic Improvement Club will probably supply the luncheon. A holiday is to be declared and business houses generally will close at least for the afternoon. The workers are to be

PIMPLES LIKE BOILS DISFIGURED BABY

On Head, Arms and Hands. Then
All Over Body. Cried Continually.
Itched and Burned. Cuticura
Soap and Ointment Cured.

R. F. D. No. 2, Jeffersonville, Ill.—"When my baby was three weeks old the top of her head, her arms and hands broke out with a number of small red blisters which itched and burned causing her to scratch them. The blisters looked like heat when they first began to break out and they would get about as large as a pea. They would then fester and look like boils. Then they began to appear all over her body. She cried continually with them. She was very restless and lost much sleep at night. She would scratch them until they would bleed and she was terribly disfigured. Her clothing stuck to the blisters on her body."

"I saw the Cuticura Soap and Ointment advertisement and with but little faith I decided I would try them so sent for a sample. The first treatment relieved her so much that I just kept on using Cuticura Soap and Ointment, used only one cake of Cuticura Soap and one box of Cuticura Ointment and the cure was complete." (Signed) Mrs. Edith Seeger, Oct. 4, 1913.

Cuticura Soap and Ointment have proved most valuable for the treatment of pimples, blackheads, redness and roughness of the face and hands, dandruff, itching, irritated scalp with dry, thin and falling hair, as well as for irritations and chaffs of infancy and for all purposes of the toilet, bath and nursery. Cuticura Soap 25c. and Cuticura Ointment 50c. are sold throughout the world. Liberal sample of each mailed free, with 22p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

taken to and from the "job" by car used by the Spaulding Logging Company to haul logs to its big mills, which are near the bridge.

WARSHIPS MAY USE CANAL

Goethals Says He Can Clear Channel
on Urgent Necessity.

PANAMA, April 20.—Only in case of urgent necessity may ships use the canal in proceeding to the Pacific ports. This was made plain by Governor Goethals today. He declared that if the United States Government insisted he could speed up the work on the Cucaracha slide in order to obtain a 45-foot canal. He could, he said, also demolish the Empire bridge across the canal and tear out the railway trestle at Panama.

It is understood that the Secretary had requested information relative to the passage of warships. Americans here show great interest in the Mexican situation.

TAXES TO BE DISCUSSED

Harvard Professor and Other Ex-
perts Will Speak at Conference.

UNIVERSITY OF WASHINGTON, Seattle, April 20.—(Special.)—Complete discussions of the phases of taxation will be held for the people of Washington at a conference being called by the extension division of the University of Washington for May 27, 28 and 29.
