Latest equipment has been installed. It is expected that the sewing class will contain 150 girls from the grades above the fourth. Girls from the eighth and grades will be in the cooking classes.

RAILROAD OFFICIAL TAKES CHARGE.

J. R. Holman yesterday assumed his new duties as chief engineer for the U. W. R. & N. Co., succeeding George W. Boscheke. Although Mr. Boscheke's resignation was not to have been effective until May 1, Mr. Holman found it convenient to relieve him yesterday and the change was made then, on Mr. Boscheke's request. Mr. Holman has just completed a trip over the company's property in Eastern Oregon, and returned to Portland from Northern Idaho, in company with J. D. Farrell, president, and R. B. Miller, traffic manager. Heretofore Mr. Holman has been chief engineer for the company at Seattle.

YAMHILL MARKET PLANS DRAWN.

The city public works department yesterday completed the drafting of plans for the establishment of a public market on Yamhill street, between Third and Sixth streets. The plans as displayed at a meeting of the Council yesterday show wagon spaces arranged on the south side of Yamhill street and stands on the north side. The wagon spaces, according to plans, will be backed up to the curb. The nature of the stands has not been determined, but they probably will be of wood so constructed that they can be taken down and folded without much difficulty while not in use.

UTILITY APPRAISAL DEFERRED.

Not until the Sixth Railroad Commission gets its work of appraising the property of the Portland Railway, Light & Power Company completed, or practically so, is the city to appoint an appraiser to take up the work for the city, according to Commissioner Daly. The Council some time ago appropriated \$5000 to cover the cost and the appraiser is available. It was the intention originally to appoint an appraiser at once, but plans have been changed so that it may be several months before that step is taken.

MUZELING ORDINANCE EXPECTED.

To allow time in which to prepare a reasonable dog muzzling ordinance, the City Council yesterday deferred passage of a muzzling measure presented by Commissioner Dieck until Friday. When the issue was disposed of, it seems certain that an ordinance requiring the immediate muzzling of all dogs will be passed. The only point of difference between the commissioners yesterday seemed to be that of the penalty to be imposed for violation.

MUSICAL SERVICE PLANNED.

The fourth public service of the Oregon chapter of the American Guild of Organists will be held at St. David's Episcopal Church, East Third and Belmont streets, tonight at 8 o'clock. Services have already been held in Catholic, Episcopal and Congregational churches. The organists in charge of the chapter are: Ralph W. Hoyt, dean; Frederick W. Goodrich, sub-dean; Daniel H. Wilson, secretary, and Carl Denton, treasurer.

EIGHT PARTICIPATE IN ESTATE.

Petition was filed yesterday by Mrs. Louise Parker for her appointment as executrix of the estate of her mother, Mrs. Lena Vesely, who died at San Diego, Cal., December 25, 1913. The estate is valued at approximately \$4000. By the terms of a will Mrs. Vesely distributes her property equally among her eight children.

GRESHAM MAY SECURE CANNERY.

Representatives of a cannery company attended a meeting held in Gresham Monday night under the auspices of the Gresham Commercial Club to ascertain if a cannery plant can be established there. It was stated that this cannery would be moved to Gresham in a few weeks if enough encouragement is given. The support asked was in the form of acreage for berries of all kinds, beans, squash and other products. Talks were made by H. A. Lewis, F. H. Lehman, H. G. Harmon, G. H. Sunday, Theodore Brugger, Charles Cleveland, J. H. C. Sorenson, Grand Sager and others. All these are growers and pledged their support. It was decided to call another meeting Monday night, at which time all growers in Powell Valley will be asked to attend. There was serious talk about making the cannery a co-operative concern if it comes to Gresham. The cannery representatives stated that they wanted a larger field than the one they now occupy.

ALASKA LUNCHEON TOPIC.

Much useful information about Alaska, its products and its trade possibilities, was presented at the luncheon of the Progressive Business Men's Club at the Multnomah today. O. E. Lutz, manager of the All-Alaska Mail, was the speaker about "Its Marble"; F. W. Farrington, vice-president of F. T. Crowe & Co., "Its Gypsum"; A. H. Devers, of Closet & Devers, "Its Fish"; and W. G. McPherson, of the W. G. McPherson Company, "Its Minerals." Addison Bennett, of The Oregonian; Fred Lockley, of the All-Alaska Mail; and W. H. Hays, of the Telegram, who have just returned from a trip to Alaska, will tell something of their experiences.

EXTRADITED CHINESE TO BE TRIED.

Toy Yoke and Wang Wah, extradited several weeks ago from Chicago to face an indictment of robbery, pleaded not guilty yesterday before Circuit Judge Kavanaugh. The date of the trial has not been set. Toy Yoke was in charge of the store at Hong, it is charged, while the Chinese merchant was serving a term in jail for selling opium. While the proprietor of the store, Toy Yoke, and his friend Wang Wah, it is said, took jewelry valued at \$500 from the safe and made their getaway. They were arrested several months later in Chicago.

PORTLAND TO BE REPRESENTED.

William D. Wheelwright, who will be in Paris in June on his honeymoon trip, will attend the Inter-Continental Chamber of Commerce, as a representative of Portland. The Portland Chamber has never before had a representative at this congress, which holds its annual sessions to consider conditions that have a bearing on the commerce of the entire world. Following the formal business sessions the delegates will be entertained in several of the more important French cities.

TRUANT OFFICERS TO BE "EXTRAS."

"Extras" to sell war news has been too great for the truants, with the result that truant officers have been busy keeping the boys in school. In the past two days nearly a dozen have been detained by Truant Officers Krum and Gillard and punished slightly for playing "hooky." Many more are picked up each afternoon that have been picked up, the officers say, but they have been lenient, realizing what it means to the "newsies" to be deprived of selling the papers when the selling is so good.

CITY EFFICIENCY SYSTEM DEFERRED.

City Commissioner Dieck yesterday took exception to accusations that have been made by employees in his department to the effect that the new "efficiency" system governing all employees in the city service is being worked in such manner as to show favoritism. He says that during last month 77 employees were given merit marks while only seven were demerited.

NEWEST IN PULLMAN HERE.

What is said to be the "latest word" in observation car construction has just been spoken by the O. W. R. & N. Co. in its installation of two handgrip all-steel cars on the Shasta Limited between Portland and Seattle. They have been named, respectively, "Abington" and "Cranston." They are direct from the Pullman shops and have all the usual and a number of unusual conveniences.

J. S. SAMMONS IS DIVORCED.

A decree divorcing J. S. Sammons from Mrs. Mary Sammons, on grounds of desertion, was signed yesterday by Circuit Judge Cleaton, and Sammons directed to pay his divorced wife \$15 a month, after August, for the support of their minor son. They were married in Portland January 15, 1907, the desertion following two years later.

JAMES HANNAN HELD IN JAIL.

James Hannan, a cement contractor, arrested last week on a charge of contributing to the delinquency of a minor, was bound over to the grand jury yesterday by District Judge Jones. Bail was fixed at \$2000, in default of which Hannan was returned to jail. Deputy District Attorney Ryan was in charge of the prosecution.
