WOMAN'S CLUB TO NAME HEADS TODAY STORY HOURS ANNOUNCED

Insurgent and Administration Tickets Will Be Put to Vote of Members.

EGGERT IS ACTIVE

President Sends Out Campaign Letter in Her Race Against Mrs. Spencer-Contest to Cause Division of Factions.

The election of officers of the Portland Woman's Club will be held this afternoon, and the test of the strength of the insurgent and administration tickets will be made. The polls will open at 1:30 o'clock and close at 3 o'clock. Mrs. Frederick Eggert, president of the organization, since announcing her candidacy for director, has sent out a circular letter, a "sug-gested ballot" and post card, asking members to write her name on the ballot as directed. This letter, ballot and card were the result of the with-drawal of the name of Mrs. John Manning from the list of candidates and the determination of Mrs. Eggert to run against Mrs. J. D. Spencer for directorship.

The insurgents say that the state-ment on the postal was a slur, and that the slogan on the suggested ballot was an insult in that it required of the clubwomen "unceasing fealty," which in their eyes savored of the dark ages.

Mrs. Spencer has served as director but was defeated at last year's elec-tion when she ran for the office of auditor. She says that her refusal to drop out of the race last Spring aroused the antagonism of some of the board and that the present feeling against her is the result

Friends Uphold Mrs. Spencer. Mrs. Spencer's friends say that she is a capable woman and in every way qualified to hold office, and they assert that her election would be for the good

of the club. The "moderates" who have never taken sides, state that they feel that Mrs. Eggert's action in running for

office is a great mistake.
"It is contrary to club ethics for a retiring president to force her name on the ballot and use her office to influence an election," stated one who has heretofore never taken sides.

"We think Mrs. Eggert has been a good executive, but we also think Mrs. G. J. Frankel, who will undoubtedly be elected, will be just as good. We appreciate Mrs. Eggert's good points, but we are tired of being treated like school children," said a prominent

"Mrs. Eggert in running for office again may be doing it from a sense of duty and for what she thinks are the best interests of the club, but to the insurgents it seems to suggest that she finds it hard to give up the right

Feeling Is Manifest. The "feeling" in the Woman's Club has been acknowledged by many of the members for a long time, but it was never made publicly manifest until March 27, when the nomination of officers took place. Just prior to nomination down the description of the till many the description of the till many day the description of the inaugurated. inating day, the administration sent out a suggested ballot, but did not send it to Mrs. Spencer or to some of her friends. This discrimination caused them to get out a ticket of their own, and the appearance of the two tickets heralded the controversy that has since

heralded the controversy that has since created such a stir.

The ticket as presented follows:
For president, Mrs. G. J. Frankel; for vice-president, Mrs. Robert C. French, Mrs. Louise B. Trullinger; for second vice-president, Mrs. James W. Tifft, Mrs. G. L. Buland; for recording secretary, Mrs. Chester W. Le Noir, Mrs. P. L. Thompson; for corresponding secretary, Mrs. J. A. Pettit; for financial secretary, Mrs. D. L. Povey; for treasurer, Mrs. John Van Zante; for auditor, Mrs. Bert M. Dennison; for directors (vote for two), Mrs. Herbert Garr Reed, Mrs. John Manning, Mrs. J. D. Spencer.

Mrs. A. C. Newill Asks "Just What

Is Loyalty to Ulub?" PORTLAND, April 23.—(To the Editor.)—The Woman's Club election has itor.)—The Woman's Club election has a summed unusual proportions, and as a member I have mean interested in the sentiments expressed in the election literature. "Loyalty to our club" is a pleasing phrase, but just what does it mean when it appears on the administration ticket? Is the club in reality that has controlled it for mean when it appears on the adminis-tration ticket? Is the club in reality the "machine" that has controlled it for so many years? Some of us are demo-cratic enough to believe that the club should be all the members that compose the body rather than the two or three that manipulate the machine. We cannot see, moreover, how anyone can claim to be loyal to the club and

at the same time make petulant attacks on those who have the temerity to run on those who have the temerity to run for office. How can a body of women retain any dignity if club elections are to be conducted on the Mexican plan and those who want a change of ad-ministration are forced to fight for their suffrage?

The insurgents, so-called, are now, as they always have been, fighting for the principle of freedom of speech and action, and it is hoped that all club members who believe in fair play will come out to the election and vote for the "insurgent" candidates. MRS. A. C. NEWILL.

Are You Struggling **Against Drink Habit?**

It is amusing to a well-informed club member to read the administration diatribles on "disgruntled politicians" and "insurgent tickets." They do well to apostrophize harmony, but there never has been harmony in the club since the machine was organized many years ago, and there never will be harmony as long as self-respecting women are enjoined from expressing their own convictions.
