

# 3500 TROOPS MOVE AT SAN FRANCISCO

### Seventh and Eighth Brigades of Army Depart to Do Service at Front.

## WARLIKE SCENES STAGED

### Crowds Cry Godspeed to Soldiers Who Go to Border, and Songs Echo Through Streets as Long Trains Take Departure.

SAN FRANCISCO, April 24.—(Special.)—This is the Army activity in San Francisco today.

Total number of troops departing 3500.

Major movement under direction of General Murray, commanding Western Department, including Seventh and Eighth Brigades.

Chief force dispatched from San Francisco: The Eighth Brigade, commanded by Brigadier-General John J. Pershing, and including the Sixth, Twelfth and Sixteenth Infantry regiments.

Sixth, Lieutenant-Colonel James M. Arrasmith, and Sixteenth, Colonel George Bell, Jr., go by Southern Pacific to El Paso, Twelfth, Colonel Richard M. Bitchford, via Santa Fe for Nogales.

Cars required: Three sections of 19 cars each for every regiment, besides one flatcar to two escort wagons, there being more than 250 of the latter.

Troops K and L, First Cavalry en-train at Monterey for Calexico.

Five companies of Coast Artillery dispatched from San Francisco last night, well on their way to their posts under Major Joseph L. Knowlton.

The song "When Johnny Comes Marching Home" and "The Girl I Left Behind Me" re-echoed in the streets of San Francisco today and cheering throngs gathered to cry godspeed to the Eighth Brigade, United States Army, as it left for the front.

The men worked like trojans whipping the long baggage trains into shape and toiling at their equipment. There was delay and they chafed, for never were soldiers more eager for the firing line.

There was more time for good-by kisses, however—no small compensation, the soldiers vowed.

From morning the time of departure was dropped to afternoon, but the men who had worked over the luggage by lantern light continued, with martial hearts, singing to the end.

The troops are to be in service at the border at Nogales, El Paso and Galveston, the divisions to be made later.

## MILITIA MAN MACHINE GUNS

### Company to Be Mustered Into California National Guard.

SACRAMENTO, April 24.—(Special.)—Authorization for the formation and mustering into the California National Guard of a militia machine gun company in Sacramento was issued today by Adjutant-General A. Forbes.

General Forbes designated Captain Fred Angus, Attorney Charles Tuttle and R. B. Brown as organizers, and authorized them to recruit immediately to recruit 58 men to make up the company. The enlistment lists will be opened at once.

The company will be supplied with equipment jointly by the State and the War Department. The War Department will furnish the guns and auxiliary equipment and the state all other equipment.

A machine gun company has been organized at San Mateo and will be mustered into the service next Wednesday night. With the addition of the San Mateo and Sacramento companies the National Guard of California will have four machine gun companies. There is one company in San Francisco and one in Los Angeles. The formation of a company in Richmond is contemplated.

## MORE MARINES ORGANIZED

### Company Preparing to Sail on West Virginia for Southern City.

VALLEJO, Cal., April 24.—Under telegraphic orders received today from Washington, another company of marines will be organized at Mare Island consisting of 120 men, under the command of Lieutenant Harold Pratt, for service in Mexico. The men will board the cruiser "West Virginia" after arrival at San Francisco from Bremerton and proceed with her south. The new company includes 50 men taken from the receiving ship Marblehead. Only 214 marines now remain in the Mare Island barracks.

The cruiser Cleveland will sail from Mare Island tomorrow at 2 o'clock for San Diego, where she will coal and proceed to Mazatlan. Orders were issued at Mare Island today that no leave be granted either officer or men for a longer period than 12 hours and all must leave a telegraph or telephone address so that they can be reached immediately in case of emergency.

## Michigan Aggies Will Volunteer.

LANSING, Mich., April 24.—Should President Wilson issue a call for volunteers a battalion known as "the Michigan Aggies," composed of students at the Michigan Agricultural College, will be among the first to respond. Two hundred and fifty of them have already signed an agreement to volunteer. The Michigan college recently won the intercollegiate rifle shooting championship of the United States.

## WILSON EXPECTS NO WAR

(Continued From First Page.)

emergency appropriation for the War Department for fear it might be interpreted as a forerunner of war.

Mr. Wilson will affix his signature, probably tomorrow, to the volunteer army bill providing for raising a volunteer army force in any time of emergency. The possibility that the militia might be needed at this time led to an appeal to the Supreme Court of the United States for decision of a pending case to remove legal obstacles in the use of militia for volunteer service. Estimates by Army officers might call for 100,000, but a range from 50,000 to 100,000, but not a reliable has come from the White House as to this point.

Foreign Governments Inquiring.

Secretary Bryan talked to a procession of callers today. The Spanish Ambassador had a brief conference, presenting, it is believed, an inquiry from his government about possible mediation. The German Ambassador, it was understood, told Mr. Bryan about the uncertainty abroad whether a

blockade had been declared, or a state of war existed. The American Government holds that its seizure of the custom-house is in accord with international precedent as an act of reprisal. No blockade has been declared and no interference with commerce will be attempted.

The German vessel which carried the big shipment of arms, which it was feared might reach Huerta, has landed its commercial cargo, but the captain of the vessel, for reasons of his own, has not put the ammunition ashore. There has been no effort on the part of the United States at Vera Cruz to prevent its landing. The accepted theory here is that the ammunition was not landed because of the certainty that it would not reach the consignee if deposited in the Vera Cruz custom-house. American naval officers will not interfere with the interior shipment of the cargoes, but will collect the customs and hold them until reparations has been made for all offenses.

## Consuls Authorized to Leave.

Mr. Bryan gave much attention to arranging for the supervision of American territory in Mexico. He issued orders authorizing all American Consuls, both in federal and constitutional territory, to withdraw from Mexico, but left it to their discretion whether to leave. The Secretary announced the Consuls of Great Britain, Chile and

### ARMY REPORTS SHOW 42,702 FEDERAL REGULARS IN MEXICO.

WASHINGTON, April 24.—(Special.)—The War Department has received reports indicating there are 42,702 Federal regular soldiers in all Mexico, distributed as follows as to regulars exceeding 300 in number: Mexico City, 6000; Puebla, 1000; Guadalajara, 6000; Vera Cruz, 900; Tampico, 5800; Tamepecho, 500; Mazatlan, 2000; Fresnillo, 500; Zacarias, 2000; Ixtapa, 500; Lantail, 2000; PuertoMorris, 500; Ouanjuata, 2655; Tulo, 700; Acapulco, 1550; Tepic, 800; Victoria, 1500; Tachuro, 500; Valles, 1400; Ixtilla, 800.

The fact that Tampico has a garrison of 5800, while there were only 900 in Vera Cruz, is believed to have had an influence on recent movements of the United States forces.

France would look out for American interests at points where the Brazilian government had no consulates. Brazil already has taken charge of the American embassy at Mexico City.

Consul-General Shanklin is still in Mexico City, according to the latest word at the State Department, and has been instructed to use his discretion about leaving. It is believed he will stay until the last American is cared for, taking refuge finally, if necessary, in some of the other foreign consulates.

## Railroad to Be Seized.

It is regarded as practically certain that on the arrival of the soldiers at Vera Cruz a movement will be begun to take possession of 27 miles of the railroad to the big bridge which is the keystone of the railroad system between Vera Cruz and Mexico City. In all about 4000 troops will reinforce the 5000 and upwards of marines and bluejackets.

The Navy Department was again a center of intense interest. The occupation of Vera Cruz by the naval forces was reported complete. The total American killed thus far is 17 and 70 wounded; Mexican 136 dead and 195 wounded.

Secretary Daniels gave most of his time to arranging for the departure of American refugees. Most of the Americans at Puerto, Mexico, are aboard a Hawaiian-American steamship anchored there, while the British cruiser Berwick was ready to take on more. The gunboat Nashville has gone to relieve the congestion there.

Preparations for leaving the Army and Navy supplied with plenty of food and provisions were advanced by the Secretary of the Navy.

"We will send a ship to Vera Cruz in a day or two," he said, "which will contain supplies for 40 days for our forces. Another ship will follow in a week. All ships now at Vera Cruz are amply provisioned."

## AMERICANS AT ENSENADA SAFE

### Arrival of Monitor Causes Excitement Among Mexicans.

WASHINGTON, April 24.—Safety of Americans reported to be menaced by Mexicans at Ensenada, on the west coast of Mexico, was reported to the Navy Department in a relayed wireless dispatch from Lieutenant Jensen, commanding the Monitor, Cheyenne, reporting his arrival off Ensenada.

The Mexican garrison and populace were greatly excited by the appearance of the American man of war. A Navy Department statement tonight said:

"Troops (Mexican) were hurriedly stationed to resist an expected landing and four field guns were brought to bear. Lieutenant Jensen said that the commanding general guaranteed the safety of Americans and that as an additional precaution the American Consul yesterday sent all Americans to planations five and ten miles down the coast. He reports that 50 Americans desire transportation north. Telegraphic communication has been interrupted and additional troops are being enlisted by the commanding general."

## SEVEN AMERICANS HELD

(Continued From First Page.)

the naval officers and Consul Canada and his staff, including C. E. Macsachan, former secretary of John Lind, are keeping long hours at business.

The cable office here is being taxed to its utmost capacity with official, commercial and press dispatches. In some cases operators have had no sleep for more than 36 hours.

The United States supports 221,433 churches. Likewise 450,000 saloons—more than all the churches, hospitals, colleges and high schools combined.

## Sale of Wash Frocks for Girls From 2 to 6 Years

### 75c and 85c Bloomer Dresses, Special 59c

—These most practical dresses are for children from 2 to 6 years of age and are made of plain colored chambray, striped and checked ginghams and figured percales. They are made with square neck and kimono sleeves trimmed with self material, contrasting bandings or embroidery edgings. Also in straight style with low belt. Some button down the front and have set-in sleeves. Colors are light and cadet blue, pink and tan. Each dress has separate bloomers to match, which take the place of extra skirts.

### Bloomer Dresses, Special 89c

—They are made of blue and tan chambray, pink or blue check ginghams and white pique, in two different models. One has square neck and buttons on shoulder, forming kimono sleeves, trimmed with plain or striped bandings. The other is made in square-neck effect with yoke edged with braid. Both are straight styles with belts and bloomers to match.

### \$1.25 to \$1.35 Wash Dresses, Special 98c

—For children from 2 to 6 years. Another shipment of these popular dresses has just come in. Made of extra quality Anderson ginghams in light and dark colors, in plaids and stripes. They are made in straight and waisted styles—some with white pique collars and cuffs and plain chambray trimmings, deep low belts, round necks, kimono sleeves and turn-back cuff effect. Others have square neck and panel front with embroidery edge trimmings.

—Fourth Floor.
