ONLY THREE MORE DAYS TO REGISTER.

Registration for the May primaries will close next Friday night. Thousands of citizens in Multnomah County who have not yet registered have opportunity to sign the books within the next three days. Those who do not do so will lose their votes in the primaries unless they are sworn in at the polls, which is an inconvenient and uncertain procedure.

The registration books will be closed at 5 o'clock next Friday. They will be kept open until 9 o'clock on each night between now and Friday. County Clerk Coffey has a large corps of deputies in charge to handle the rush that is expected. Only a large registration in the closing days will bring the total up to the early estimates. Naturalized citizens are required to show their papers to the registration clerks.

Mrs. Devoe was a leader of the equal suffrage victory in Washington in 1910. This National association is said to be not antagonistic to any other equal suffrage association of state or Nation.
