

OREGON EXHIBIT IS SEEN BY THOUSANDS

Goods Made in State Displayed—Opening of Free 3-Day Show Is Big Success.

SAMPLES ARE GIVEN AWAY

Boosters in Speeches at Meier & Frank Store Point Out Advantages of Buying Home-Made Products—Many Firms Display.

"Oregon goods for Oregon people," is the sentiment that the "Made-in-Oregon" exhibit now in progress at the Meier & Frank store intends to instill into the minds of the people of the state.

A good start in this direction was made at the opening of the show yesterday morning. Thousands of people were duly impressed with the number and variety of goods manufactured in this state and with the advantages of buying the home product.

The exhibition is conducted under auspices of the Oregon Manufacturers' Association, the prime movers in the "Home Industry" campaign which already is increasing the local consumption of home goods.

The exhibition will continue the remainder of the week in the spacious basement of the Meier & Frank store. No admission is charged. A number of the booths samples of Oregon products are given away.

Exhibitors and Visitors Welcomed. The show was opened promptly at 10 o'clock yesterday morning. Julius L. Meier, manager of the Meier & Frank Company, addressed the crowd briefly, welcoming the manufacturers and their friends to the store and inviting them to make liberal use of the accommodations placed at their disposal. He made an appeal for the purchase of home-made goods, both by the retailer and by the consumer.

Colonel David M. Dunne, president of the Manufacturers' Association, explained the purpose of the exhibit. He declared that a larger exhibit will be held next Fall. He emphasized the superiority of many Oregon products and declared that in most instances the price is the same. He pointed to the economic advantage of buying home-made goods, declaring that encouragement of local industries will lead to the direct increase of factory output, which means a bigger payroll and more prosperity for every man, woman and child.

Frederick M. Hyskell, chairman of the home industry department of the Portland Ad Club, declared that the best way to induce merchants to handle Oregon-made products is for the public to demand them.

"If you ask your grocer or your dry goods dealer for goods bearing the Oregon label," he said, "the dealer soon will supply his stock to satisfy your want."

Systematic Campaign Urged. Chester Hogue, chairman of the Progressive Business Men's Made-in-Oregon committee, appealed to the various clubs and commercial organizations to conduct a systematic campaign for the state products.

Fred Cooper, of the Portland Railway, Light & Power Company, explained what is being done by that concern to promote the movement.

Miss Alice Husby, candidate of the Manufacturers' Association for Rose festival queen, made a short speech. Among the principal exhibitors are: Oregon Chair Company, Carman Manufacturing Company, Clouse & Devera, Jones Milling Company, Great Falls Company, Crown Mills Company, Pacific Coast Syrup Company, Pacific Face Brick Company, F. F. Haradon & Son, Theodore Bergmann & Son, Nollan Knitting Company, Knight Packing Company, Zan Bros, Mason, Ehrman Company, Independence Creamery Company, Wadsworth Meat Packing Company, Albers Bros, American Brush & Broom Company, Hoody Peanut Butter Company, Portland Hair Company, Oregon Brass Company, Air Plating Company, Charles Cooney & Sons, Herman Metzger Company, Multnomah Trunk & Bag Company, Fitchner, Mayer Company, Pacific Ladder Works, Hazelwood Company, Dwight Edwards, Columbia Neckwear, Wadhams & Kerr, Bros, Columbia Milling Company, Northwest Rug Company, Universal Red Company, Doerbecher Manufacturing Company, Elcar Desk Company, Hudson & Gram, Portland Flouring Mills, Oregon City Manufacturing Company, Modern Confectionery Company, Heliance Wire and Iron Company, Woman's Exchange.

WORKMAN WOULD DEBATE

Rationalist Leader Is Challenged to Defend Portland Organization.

R. O. Schlowlowsky, a workman, living at the Broadway Hotel, has challenged E. A. Cantrell, leader of the Portland Rationalist Society, to a debate on the question "Resolved: That the Portland Rationalist Society is a Menace to the Community."

Mr. Schlowlowsky proposes to take the affirmative side and agrees to furnish the hall. He suggests that each side invite 150 persons to hear the discussion. Each side is to have five judges. A chairman, mutually agreed upon, is to be selected.

"Promotion of the brotherhood and sisterhood of humanity" is assigned by Mr. Schlowlowsky as the object of the debate.

PARKING PLAN PROPOSED

Property Owners on Alinsworth Avenue Want It Beautified.

If elaborate plans being worked out by the city engineering department and property owners on Alinsworth avenue are put through, that thoroughfare from Union avenue to East Thirtieth street will be made into one of the most artistic boulevards in the city. The City Commissioners and other officials went over the street yesterday with property owners and investigated the plan in detail.

Alinsworth avenue is 100 wide the full distance now proposed to be improved. It is the general plan to put in parking strips and hard-surfacing, giving the street the appearance of some of the attractive boulevards of Eastern cities.

Cottage Grove Sets Fair Dates.

COTTAGE GROVE, Or., April 30.—(Special)—September 17, 18 and 19 are the dates set for the Cottage Grove Grape Fair. A large list of prizes has been arranged, including nearly all the products of the farm with the exception of livestock. On account of having no grounds for the purpose the livestock exhibit, which has heretofore proved so successful, had to be eliminated.

BEAUTIFUL FRENCH ACTRESS PRIMA DONNA OF MUSICAL SHOW.

MISS MARIE ROBSON IN "THE HONEYMOON EXPRESS."

Miss Marie Robson, the delightful prima donna with the New York Winter Garden Company's "The Honeymoon Express," which will appear at the Hellig Theater, Eleventh and Morrison, for one week starting next Sunday night, May 3, is of French-English parentage. She comes from Provencal in Southern France, that delightful land of mistral. At the age of 15 she was orphaned, and left almost to shift for herself. It was while she was appearing in "The Girl on the Film" she attracted the attention of the New York Winter Garden managers, who placed her under contract for a long term of years.

NEWS ABOUT RAILROADS

ALL the space on the eighth floor and part of the seventh floor of the new Pittock building will be occupied by the general offices of the North Bank and affiliated railroads after September 1.

The rooms will be fitted up for the special accommodation of the railroad offices. Many fixtures and most of the furniture will be built into the quarters, according to specifications of the railroad officials. Special arrangements are being made to accommodate the telegraph offices. Direct wires will connect the Portland office with Seattle, Spokane, St. Paul and other principal points on the Northern Pacific and Great Northern roads, who jointly own the stock of the North Bank and affiliated lines.

The office of L. C. Gliman, president of the North Bank system, and his immediate staff will be in the northeast corner of the eighth floor, corresponding to the location of his present office on the sixth floor of the Railway Exchange building.

It is probable, also, that the engineering offices now in the North Bank terminal building at Eleventh and Hoyt streets will be moved into the Pittock building. The auditing offices, however, will remain in the terminal building.

Increased rates have been obtained by the three big Canadian transcontinental railroads, the Canadian Pacific, the Canadian Northern and the Grand Trunk, for hauling of mails through that country. The new agreement with the Government, it is understood, will date from February 1.

C. A. Hunter, general agent for the Rock Island, returned yesterday from San Jose, Cal., where he visited his mother. He also stopped in San Francisco and viewed progress on the World's Fair buildings.

The St. Paul Railroad is advertising in a novel and patriotic manner. Cards bearing the American flag and a stanza of "The Star Spangled Banner" are being distributed. Authentic maps and guides of Mexico and the war zone also are being supplied from the St. Paul line offices.

It is understood that the Great Northern has abandoned its plans to build a line from Seabeck, Mont., to a point in the Fort Peck Indian reservation. Financial uncertainty is the cause assigned.

It is predicted among well-informed

express and railroad officials that Wells, Fargo & Company will succeed the United States Express Company when the latter company carries out its liquidation plans on the Baltimore & Ohio, the principal road over which the United States Company operates. The Adams already is entrenched on the Pennsylvania and the American on the New York Central, leaving Wells, Fargo as the most probable heir to the Baltimore & Ohio business.

L. B. Wickersham, heretofore chief electrical engineer on the Oregon Electric and United Railways, will assume his new duties today as assistant general manager of the North Bank and affiliated roads, with jurisdiction over both steam and electric properties. The office of chief electrical engineer has been abolished.

M. R. Leahy, chief clerk in the general passenger department of the Chicago & Northwestern, has been appointed assistant general passenger agent, succeeding James W. Mann, who died a few weeks ago. Mr. Leahy is well known to the railroad men of Portland.

Plans have been completed for a new passenger station and terminals at Denver to cost \$4,000,000. The depot will be used by all lines entering Denver.

B. A. Worthington, ex-president of the O. R. & N. Company, and until recently president of the Chicago & Alton, sailed a few months ago for Europe and expects to remain abroad four months. Upon his return he will open an office for "experting" railroad investments in Chicago.

H. W. Davies has been appointed assistant to the president and general manager of the Pacific & Idaho Northern, with headquarters at New Meadows, Idaho. He formerly was with the Southern at Washington, D. C.

It is reported that the Nevada, California & Oregon road soon is to be extended northward from Lakeview, Or. Its present northern terminus, into the fertile fruit and agricultural districts of Lake County. The line extends from Lakeview to Reno, Nev.

Martin J. Geary, of the Rock Island passenger department, already is laying his plans to attend the annual meeting of the American Association of Traveling Passenger Agents at San Francisco next Fall. November 9, 10, 11 and 12 are the dates fixed. Geary has not

missed a meeting of the association for many years. Many other Portland passenger men are preparing to attend.

James J. Hill denies that the recent weakness of Great Northern stock is due to the Canadian rate reductions, which, he declares, will have no effect on the Great Northern's earnings. He predicts that the prospective heavy grain traffic soon will cause all granger stocks to rally.

The Portland Railway, Light & Power Company recently sold \$5,000,000 worth of one-year 5 per cent gold notes dated May 1, on the New York and Philadelphia markets, at 99 1/2. The proceeds are to be used in redeeming other obligations now maturing. It is hoped at the end of the year to put all these obligations on a permanent basis.

WATERING RULES URGED

MR. DALY AGREES TO TRY PLAN TO CONSERVE SUPPLY.

Mayor Promises Police Aid in Enforcing Regulations, Fixing Hours in Each District for Sprinkling.

In an effort to prevent shortages of water during sprinkling hours City Commissioner Daly agreed yesterday at a meeting of the City Council to cooperate in a plan to regulate the use so that there will not be the usual strain on small mains due to all users sprinkling at the same time. Plans will be worked out in detail later.

In the plan which will be worked out it is probable the assistance of the police department will be asked to supplement the work performed by 28 inspectors.

Mayor Albee suggested a division of sprinkling hours in the districts where shortages occur so that all would not sprinkle at the same time. In enforcing the restrictions he said he would lend the services of the police department. Instructions will be given to policemen on all beats to watch out for persons sprinkling out of hours and arrests will be made for violations. Charte, he said, can be given policemen showing the limits of districts and the hours for sprinkling.

Another step which will be taken will be the metering of all commercial users. Mr. Daly said he proposes to have the city buy 600 meters for installation in restaurants, barber shops

and other places not entitled to water under flat rates.

A growing trouble, Mr. Daly said, is the water-cooling systems being installed in houses. It is likely some steps will be undertaken to curb the waste in this way.

Give Nature a Chance

The road to health and strength and palate-joy is through a return to simple foods like

Shredded Wheat Biscuit and Strawberries

Cut out meat and potatoes for a while and try this dish—a dainty, delicious, nourishing dish. Because of its porous shreds and its biscuit form Shredded Wheat combines most naturally and deliciously with all kinds of fresh fruits.

Heat one or more Biscuits in the oven to restore crispness; then cover with berries or other fresh fruit; serve with milk or cream and sweeten to suit the taste. Better than soggy white flour "short-cake"; contains no yeast, no baking powder, no fats, no chemicals of any kind—just the meat of the golden wheat, steam-cooked, shredded and baked.

The Shredded Wheat Company,

Niagara Falls, N. Y.

S. S. Rose City

Sells 9 A. M., May 2, for

SAN FRANCISCO LOS ANGELES

Advertisement for A-K Tablets: "A-K Tablets For Various Forms Of Headache. 'It is necessary in order to treat headaches properly to understand the cause which produces the headache,' says Dr. J. W. Ray of Houston, Ala. Continuing, he says: 'Physicians cannot even begin the treatment of a headache without knowing what causes give rise to it, and we must remember that a headache is the result of a disturbance in the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamma Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, neuritis, and particularly the headaches of women.' When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than 'Antocin,' and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few Anti-kamma Tablets, so as to have them ready for instant use. These tablets are prompt in action, and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamma Tablets can be obtained at all drugists and so can A-K Salve, so well known for Eczema and skin diseases."

"We have made a complete analysis of the contents of a can of Rumford Baking Powder purchased of a Portland grocer, and found it to be worthy of the highest commendation as a healthful, efficient and economical leavening agent." GILBERT-HALL CO., Chemists, Portland, Oregon. By H.L. Gilbert, pres.

These prominent chemists substantiate the opinion of the millions of housewives who prefer and use Rumford Baking Powder for its known purity, economy, uniform strength and exceptional efficiency. Experience proves that Rumford not only raises the cake, biscuits or muffins just right, but adds something of nutritive value to the food. This is why Rumford is famous as The Wholesome Baking Powder
