

ROOSEVELT PUTS NEW RIVER ON MAP

Finding of New Indian Tribe Is Just as Was Predicted by Scientific Men.

PARTY REACHES MANAOS

Expedition From Hitherto Unexplored Portion of Brazil Has Big Reception—Members of Staff Praised by Cable.

MANAOS, Brazil, April 30.—Colonel Theodore Roosevelt arrived here tonight from his expedition through a hitherto unexplored portion of Brazil. He was greeted with a big reception.

NEW YORK, April 30.—Henry Fairfield Osborn, president of the American Museum of Natural History, today received the following cablegram from Colonel Roosevelt, who, with his son, Kermit, has arrived safely in Manaos, Brazil.

"I had but very successful trip. Chertie is best man possible for such a trip. Miller doing admirably. They have collected 1500 birdskins, all told, and 500 mammals. I have also put on map river running from north of thirteenth degree to south of fifth degree, the largest affluent of the Madeira, the upper part hitherto utterly unknown to any one and the lower part utterly unknown to cartographers. Inform Mrs. Chertie."

"ROOSEVELT." The message was dated Manaos, April 30. Chertie is George K. Chertie, attached to the staff of the museum, and in charge of the bird collection of the expedition. Miller is Leo E. Miller, also attached to the museum, and a man in charge of the collection of the skins of animals. Miller left the Roosevelt party near the New River. He returned to Manaos two weeks ago. Anthony Miller, an explorer who accompanied the Roosevelt party, will arrive in New York tomorrow from Rio Janeiro.

The discovery of a new tribe of Indians by Colonel Roosevelt in the wilds of Brazil, announced in a Rio Janeiro dispatch, had been predicted by scientists, according to anthropological authorities of the American Museum of Natural History.

PARTY ALLEGIANCE PLEDGED

Executive Committee Sends Answer to Colonel's Cablegram.

CHICAGO, April 30.—Continued allegiance to the Progressive party was pledged by members of the National executive committee of the Progressives in a cablegram sent tonight to Colonel Roosevelt. The message was in reply to one received from the expedition, saying that he expected to announce his future plans in a few days. It was:

"The Central Western state chairman, meeting with the executive committee here today, rejoice at your safe arrival. Our organizations are stronger in the faith than ever and hail your return to our fighting forces."

The cablegram was signed by William H. Hays, A. J. Beveridge and Jasper Schenk, of Iowa.

George W. Perkins, of New York, repeated former assertions that an amalgamation of the Progressives with the Republicans was not to be considered a possibility. "Least of all," he said, "and an understanding with Barnes, Penrose and Smoot that they will agree on Colonel Roosevelt as a candidate for President in 1916."

Progressive party tickets will be up in every Congressional district where there are Fall elections, it was announced. Members of the committee said they expected Colonel Roosevelt to return about the middle of August, in time to take part in the Fall elections.

WEST USES SHORT WORD

Portland Police Chief Denounced in Emphatic Language.

SALEM, Or., April 30.—(Special.)—Calling the official an "unmitigated

Har," and designating him "an importation from St. Paul by Louis Hill," Governor West in a statement today advised Chief of Police Clark, of Portland, that his (West's) "office hours are from 8 to 5, and we are always ready to keep them open to a later hour if necessary to accommodate an out-of-town official."

The statement is the result of an interview published in a Portland newspaper Tuesday night to have a curating automobilist arrested. Chief of Police Clark smiled and asked:

"Is it possible that a Governor would make such a statement? I have not the pleasure of a personal acquaintance with Governor West, but from what I have heard of him, I am inclined to the belief that he has been the victim of a misquotation. It must be that there is some other and equally plausible explanation, for, in my long career as a public officer, I have never known of a Governor descending to such depths as this, especially over trifles."

GOULD RUMORS REVIVED

CHANGED CONTROL OF MISSOURI PACIFIC REPORTED.

Kuhn, Loeb & Co., Mentioned in This Connection, and Gould Family Decline to Give Details.

NEW YORK, April 30.—Circumstantial rumors that control of the Missouri Pacific Railway, the backbone of the Gould railroad system, is in process of transfer to important banking interests were revived in the financial district today.

Kuhn, Loeb & Co. are the bankers mentioned in connection with the reported change of control. Members of that firm declined to affirm or deny rumors connecting their name with the project, but it is known they long have been willing to take over financial management or responsibility of the road.

Representatives of the Gould family were non-committal on the subject except to say that their interest in Missouri Pacific lies chiefly in the bonds of that road and allied lines. It was denied for the Goulds that the recent heavy selling of Missouri Pacific was for account of any member of that family. Shares of Missouri Pacific recently had been selling on what Wall street calls a "speculative basis" and new low records for the stock and outstanding notes were recorded today. There are \$25,000,000 of three-year, 5 per cent notes maturing on June 1 and up to a few weeks ago it was thought that payment of at least half of them would be met on maturity. A hitch came in the final stage of the negotiations, however, since which time the various Gould securities have fallen to lower levels. Missouri Pacific made some recovery as a result of today's reports.

OFFICES ARE EXAMINED

GRANGE COMMITTEE TO DECIDE ON CONSOLIDATION PLAN.

Statehouse Visited to Learn What Boards and Commissions Should Be Abolished—Report Later.

SALEM, Or., April 30.—(Special.)—With a view of determining what boards and commissions should be consolidated and abolished, C. E. Spencer, of Milwaukie; B. G. Leedy, of Corvallis; C. L. Shaw, of Albany; F. D. Cornutt, of Albany; and Perry Parker, of Lebanon, a special committee of the State Grange, visited the various offices in the State Capitol today.

The members of the committee said they intended to make a careful investigation before reporting recommendations to the main body. They are not prepared now to say what the recommendations will be.

Although the members of the committee declined to divulge their plans, it is reported that the recommendations adopted by the State Grange will be submitted to the next Legislature. The Grange has decided that the only way it can act intelligently is to learn just what is done in the various departments and then map out a plan which will result in efficiency at a lower cost to the taxpayers.
