

REGISTRATION ENDS; 74,832 ENROLLED

Last Day's Total Is Only 1560 as Compared With 1951 on Preceding Day.

REPUBLICANS HAVE 47,707

While Men on List Are Approximately Twice as Many as Women This Ratio Is Reversed in Prohibition Alignment.

Registration closed yesterday, with a total of 74,832 voters qualified to take part in the primaries to be held May 15. The books were opened January 5 and have been open continuously since that time.

The closing yesterday was not accompanied by any such rush as was experienced at the registration room Thursday, only 1560 registering, as compared with 1951 on the previous day, but the drop of 400 in the day's total does not indicate that the registration room was not a busy scene.

Sufficient clerks were on hand to wait on all with the least possible delay, and though some few became impatient before they had signed their name on the last book, all appreciated the rush and excitement and offered no complaint.

The totals as given out last night may be changed slightly when the cards have been checked over and properly segregated, but it is believed that the total of 74,832 includes only a few being correct. With the exception of the few who may be sworn in on election day, the registration total is approximately the total vote which can be cast May 15. The total for the county by party follows:

Table with 3 columns: Party, Men, Women, Total. Rows include Republicans, Democrats, Progressives, Independents, Socialists, and Totals.

FARMERS WILL COME IN

12 TO 15 PROMISES TO BE AT ALBINA MARKET TODAY.

Business Men's Delegation in Auto Travels Through Mill Plain and Other Districts Seeking Sellers.

Between 12 and 15 farmers have promised to be at the Albina market on Knott street this morning from 8 to 11 o'clock. The market is under auspices of the Albina Business Men's Club.

A delegation from the Albina club in an automobile traveled through the Mill Plain district in Clarke County, Washington, yesterday under the direction of J. C. English, of Vancouver, who is acquainted with a number of farmers of that county.

From Columbia Slough another party of this county visited by automobile by another delegation from the club promises were given by farmers to bring produce to the market. Others also are expected to be present with loads of produce.

T. J. Murphy, president; H. A. Calif, secretary; T. L. Adams and other members of the club have given all the time they could afford to make the Albina market a success, the results may decide whether to continue it. The committee feel certain that all farmers who will with produce will find ready sale for everything, and that those who purchase will save from 10 to 15 per cent Saturday, said Secretary Calif, people will want to lay in a supply for over Sunday.

The parade committee in charge of the celebration which will mark the opening of the public market on May 15 is issuing invitations to every club and other organization in the city to participate in the parade.

At the Monday meeting several clubs pledged themselves to send marchers for the parade or to enter decorated automobiles. Frank H. Hilton, chairman of the committee, is sending out letters to societies that have not yet announced the part they intend to take, urging them to make preparations at once, and at least to enter a body of marchers with market baskets.

The purpose of the parade is to emphasize the importance of the market to all consumers of Portland and to all producers who serve them.
