## To the Voters of Oregon:

Dr. Withycombe has been a resident of Oregon for 43 years and has been closely identified with the agricultural development of the state during most of that period. It is a conceded fact that he has done more for the farmer, fruitgrower, stockraiser, than any other man who has ever lived in Oregon. His long connection with the Agricultural College at Corvallis has been of untold value in developing the agricultural resources of the state.

Dr. Withycombe is a staunch and loyal Republican. He cast his first ballot for President Hayes in 1876 and has steadily upheld the Republican

Salem Statesman.

Dr. Withycombe is able in every sense of the word. A man of strong, decisive character, aggressive, but with reasonable conservatism, and no cleaner man morally ever offered himself for public office. Those who support Dr. Withycombe for Governor will bring a dignify, a well-balanced business who support Dr. Withycombe for Governor will be doing Oregon a spisndid service and at the same time reflect infinite credit upon themselves.—The Daily Gazette-Times.

In our opinion there is not another man in Oregon who is as well equipped to look after the agricultural interests of the state as is Dr. Withycombe. He is a man who stands for better things all along the line. If we are to have a Republican Governor, let it be Dr. Withycombe. His aman who stands for better things all along the line. If we are to have a Republican Governor, let it be Dr. Withycombe. His man competent chief executive of the state.—The Pacific Homestead.

Dr. Withycombe would make a most competent chief executive of the state.—The Pacific Homestead.

Dr. Withycombe would make a most competent chief executive of the state, more the people elect a better man to the proper of the people of Oregon and few man in the state have accomplished as much in the last hinght into the state's needs and its possibilities than any other man in the state.
