PEACE RIFT SHOWS IN CHECKERS' FIGHT

Steamship Officials and Union Leaders Hear of Strike's End in San Francisco.

PORTLAND MUST APPROVE

Midnight With Only New York Frieght-No Effort Made to Handle Cargo on Bear.

Conferences between employers and union leaders were held here Tuesday night, following telegraphic word from San Francisco that a tentative agree-ment for a settlement of the checkera' and longshoremen's strike on the Am erican-Hawalian and "Big Three" fleet docks had been reached, subject to the approval of the opposing sides here. Officials declined, however, to confirm reports that they had concurred in the proposal of the San Francisco media-

G. L. Blair, of the San Francisco & Portland line, was in session with Andy Madsen, secretary and treasurer of the Pacific district, International Longshoremen's Association, and later he and C. D. Kennedy, Portland agent of the American-Hawaiian, were to go over the details of the conditions drafted in the south.

Steamer Bear Inactive.

Freight was accepted yesterday, as before, at Ainsworth dock, subject to delays from the labor difficulties, but effort had been made to unload cargo from the steamer Bear, which has been in port since Saturday eve-

Adequate police protection was given during the day to the American-Hawatian line, at Albers dock, and the San Francisco & Portland line at Alnsworth dock, mounted officers and patrolmen augmenting the force of the barbor patrol and many wars not par-

trolmen augmenting the force of the harbor patrol, and men were not permitted to constregate north of the O.-W. R. & N. bridge, on Front street. Until the shooting last night of P. Mc-Keon, no trouble was reported.

The work of discharging the steamer Navajo, of the American-Hawaiian fleet, was uninterrupted, but the fact that all nonunion workers required could not be obtained made the discharging of about 200 tons of cargo slow. Two auto cargo trucks were used again and before midnight the steamer got away, carrying only New York freight, as it was decided not to load any for San Francisco.

Because of the strike, passenger reservations were affected to an extent on the steamer Bear, which is schedon the steamer Bear, which is sched-uled to sail tomorrow for San Fran-cisco, yet there was a large list at the city ticket office late yesterday. It was not until late yesterday afternoon that telegrams were received from San Francisco, on which were tased the conferences of last night, though it had been anticipated that the shipping interests and labor representatives would get together there during the day and formulate a plan for submission to both sides here.

DOCK GUARD SHOOTS MAN Dan McKeon, Alleged Assailant of

Two, Gets Watchman's Bullet.

Dan McKeon, a laborer, was shot in the right arm Tuesday night by Nightwatchman M. C. Rhodes at Albers dock No. 3, after he had knocked Frank J. Sale, purser of the steamer Navajo, to the dock.

The assault made on the purser is said to have been made as a result of Sale's refusal to give the man employment on the ship. Sale says the man was running through the sheds when Nightwatchman Rhodes tried to stop him. McKeon, it is said, then struck Rhodes in the face and ran. Rhodes fired and hit him in the right arm.

found himself all but battled off his feet from the sound of the first round and before the end of the first round he was slowed up considerably by smashing body punches, which seemed to sap his vitality. Jack King, manager of Madden, was a very disappointed man, as he had regarded his charge as decidedly promising, but Bonds left no room for doubt and the decision of the judges and referee was unanimous.

There was a time when Joe Bonds was regarded as a good deal of a joke as a boxer in these parts, but in the past year he has improved to an extent where he should be an attraction outside of the Pacific Northwest. He has knocked out Ed Hagen and Art. Wilson, of Seattle, defeated Battling Johnson, of Los Angeles, in a one-sided match and his victory over Madden was of the stripe which marks him as a boy of more than usual promise.

THE EASIEST WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that never falls to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do thin, just set about four ounces of plain, ordinary liquid arvon; apply it at right when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and dissing of the scalp will stop instantly, and your hair will be fiuffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fall.—Adv.
