Bristow Says Nation Has Been Foe of United States in Every Hour of Need.

"AUDACITY" SHOWN ANEW

Present Administration Rated as "More English Than American."

Carnegie Foundation Is Charged With Slander.

WASHINGTON. May 7 .- Opposition to the bill for the repeal of the tolls exemption clause of the Panama Canal act was voiced in the Senate today in vigorous speeches by Senators O'Gor-

man and Bristow. Senator O'Gorman, chairman of the Senate inter-oceanic canals committee and leader of the opposition, based his protest on economic, legal and political grounds. Senator Bristow said he opposed a bill which would bene-

he opposed a bill which would benefit England more than any other nation, and declared that England had
been the enemy of the United States
in every hour of need since the Revolution.

With these two speeches out of the
way and others announced for tomorrow and Saturday, the debate on the
repeal bill may be completed next
week. Many Senators are yet to be
heard, but Democratic leaders desire
to get through with the tolls issue as
soon as possible.

Works Would Deny Watyer.

Works Would Deny Waiver.
Senator Works today added another amendment to the many already proposed for the perfection of the repeal bill. The amendment would provide that the United States by repealing the tolls exemption provision waives no right over the canal, and is similar to the amendment proposed by Senator Simmons, the leader of the forces back

of the bill
"England," Senator Bristow zald,
"has been our enemy in every hour of
need and never once since the Revolutionary War patriots shed their blood
at Bunker Hill has she not rejoiced
when misfortune befell us. But never
has the audacity of her selfishness been
more manifest than at the present time,
and unfortunately for this country we
have an Administration in temporary have an Administration in temporary charge of our National affairs which, in its sentiment, seems to be more Eng-lish than American."

Britain Chief Beneficiary.

Senator Bristow pointed out that Great Britain, the principal protestant against the toll exemption of American ships, owns about half the merchant vessels which sail the seas.

"In the construction of the canal," he said, "we have rendered her the greatest service ever rendered to one nation by another in the commercial history of the world, and this has been done without price or reward. Probably five times as many English ships will pass through it as American ships. In the face of this condition it certainly is an astounding proposition for tainly is an astounding proposition for England to ask us to incur all risk and then give her all the advantages in every detail that we have in the use of the canal. Yet this is what England asks and what Mr. Wilson proposes we

Wells and Pumps.

BAKER, Or., May 7.—(Special.)—By a vote of 55 to 20, the town of Richland, in this county, adopted a new charter which widens the powers of the City Council so that a bonded indebtedness can be incurred up to \$50,000. This was done in order that the city may put in a gravity water system, which will be done at once.

It is proposed to put in a pipeline from Eagle Creek, five miles above Richland, and to furnish water to the little town of Newbridge, two miles away. Heretofore wells and pumps have been the only means of getting water at both towns.

lutions, were adopted indorsing and proposing such a movement.

This action was initiated by R. D. Carpenter, assistant manager of the Meier & Frank Company, who declared that no question now before the people of Portland is more deserving of consideration. The resolutions he introduced and which were unanimously adopted by the Ad Club are as follows:

Whereas, there are a number of large and influential clubs in the city of Port-land, and Whereas, all of these clubs are striving to the best of their individual powers to

to the best of their individual powers to promote every element that is for the uitimate good of Portland, and to foster the ideal community spirit within our city, and Whereas, there is strength in union, be it Resolved, that the president of the Portland Ad Club confer with the presidents of the clubs of the city with the object of forming a council of clubs for the purpose of securing prompt joint action on all matters for the good of the community, which requires undivided effort, and be it further erther Rasolved, that it is the wish of the Port-

EGON WOODMEN SELECT NATIONAL DELEGATE.

ALBANY, Or., May 7.—(Special.)—Frank M. Powell, who was chosen yesterday by the state camp of the Modern Woodmen of America, in session in Eugene, as delegate from Oregon to the as delegate from Oregon to the supreme camp of the order at To-ledo, O., in June, is assistant post-master of Albany.

Mr. Powell has been prominent in the work of the Modern Wood-

men for several years. He served four terms as consul-commander of the Albany Camp and six years ago represented the eight camps of Linn County at the state con-vention. In the recent county convention, at Harrisburg, he was re-elected state delegate to the convention at Eugene.

Revelation Made by Expert Af-

Interest on Delinquent Certificate Given Buyers With No Rebute, Is Allegation - Trafficking

Covers Four Years.

SPOKANE. Wash., May 7.—(Special.)
—Following two acquittals of ex-County Treasurer Zach Stewart on charges of unlawfully juggling with interest funds alleged to belong to the county. came the revelation today that a score of Spokane citizens have received something for nothing at the Treasurer's office.

something for nothing at the Troasurer's office.

Many of these citizens are innocent of intent or knowledge of the peculiar transactions, but it is alleged others have been trafficking in the securities knowing they had a good thing.

Expert F. L. Reinhard, employed by the County Commissioners to check the Treasurer's office, reports that the county lost \$18,274.56 during a period from January, 1809, to January, 1813.

The pork barrel, it is alleged, was delinquent tax certificates. They draw 15 per cent interest from the time the taxes are delinquent in June each year. Purchasers of these certificates would buy in August, September or even later, and in hundreds of instances the full interest from the time of delinquency would be given them without a rebate to the county.

The expert reports:

The expert reports:
"As previously advised, the total amount of interest lost to the county is \$13,274.56 as follows: "On certificates issued during 1909, \$1671.61.

"On certificates issued during 1910, \$1103,94. "On certificates issued during 1911, "On certificates issued during 1912, \$6221,06.

"Probably the worst feature encountered in examining the records in the County Treasurer's office during the period mentioned was the matter of the different officials and employes of the office issuing certificates of delin-quency to real and fictitious persons for the purpose that such officials and employes might benefit by the interest which had actually been paid into the County Treasurer's office."

# 'MILITARY GIRLS" COMING

Twenty-Four Co-Eds From Eugene School May Lead Radiators.

EUGENE, Or., May 7.—(Special.)—
Twenty-four pretty Eugene high school girls may lead the Eugene Radiators as they march in the Portland Rose Pestival parade on June 12. They will be dressed in white, with white and purple "Eugene" hats, and they-will carry purple penants with the white letters "Eugene." The plan is being considered by Radiators, who will also carry a band.

The corps of 24 girls are the Eugene
