LONDON, May 12 .- Premier Asquith, R. Les Barnes, of Portland. the House of Commons today. In pledged the government to introduce an amending bill to the home-rule measure in the hope of passing it by agreement between the parties. If this offer is accepted, the original home rule bill and the anmending bill will

become law practically simultaneously. This, he contended, was the only proper way of carrying out any agreed settlement which might be reached. The Frime Minister added that obviously in order to take advantage of the provisions of the Parliament act no change could be made in the home-rule bill while it was in the commit-tee stage, and therefore any debate during that stage would be pure waste of time.

much concern to the officials was the intervention of the mediators in the case of the South American "snipers" who fired at the American soldiers as they were being landed at Vera Cruz. Their explanation to Secretary Bryan was that General Huerts had requested them to request the release of these men on the ground that they had been arrested in Mexican territory. As an admission of the right of the mediators to submit such a demand on this basis might easily involve such delicate ques-tions as are known of the Huerts gov-ernment's legal existence. Secretary Bryan announced that he had decided to make a thorough investigation be-fore acting in the case. Meanwhile, the dve men remain under arrest at Gen-eral Funston's headquarters awaiting trial. **SLASHER BUSY**
