TEN-DAY CLAUSE ATTACKED

CHICAGO, May 15.—Arguing in the Superior Court on the motion to dissolve the injunction which prevents George Johnson pitching for the Kansas City Federals against the "out-laws" today attacked the "10-day" clause in contracts on the ground that it operates to the interest of only one party to the contract. Arguments may be completed today.

OXFORD-CAMBRIDGE RUGBY WINNER SOUGHT FOR 1915 FAIR.

CINCINNATI, May 15.—The United States Circuit Court of Appeals announced today that the appeal of the Oxford-Cambridge rugby club from the ruling of United States Judge Sessions in the case of Catcher Killiker would be heard at the June session.

Stanford Authorities Consider Plan for Sporting Attraction at the Big Exposition Next Year.

STANFORD, Cal., May 15.—The advisability of bringing the winner of the Oxford-Cambridge rugby classic from England to San Francisco in 1915 to compete against the Stanford and other Pacific Coast university teams is being considered by the athletic authorities of this institution, according to a statement made today by Dr. Frank Angell, chairman of the faculty athletics committee.

So far the matter is in a tentative form, as the Stanford authorities have reached no definite decision, and besides it is not known that the English collegiate champions would accept points in all of them. However, it is likely that such an invitation will be extended next fall.

The proposition which is under consideration is to have the games played at the Panama-Pacific Exposition stadium as a part of the exposition's athletic program.

While the subject of rugby, Dr. Angell characterized as "tommyrot" the substitutes of the American game of football by Stanford and the University of California for the English variety.

He pointed to the increased revenues from the "big game" since the adoption of rugby said he did not believe the alumni of California would patronize the old game. Anyhow, he pointed to the constitution of the Stanford faculty athletics committee prohibiting any sport in which interference is afforded a runner, settled the fate of the American game as far as Stanford might be concerned, for there was no disposition to modify that rule.

If California follows out the suggestion of Graduate Manager Donald and abandons English rugby, Dr. Angell said that a team undoubtedly would be formed from Vancouver, B. C. to furnish an opponent for Stanford in her annual "big game."

AMERICANS ARE BEATEN

SCOTCH AND ENGLISH GOLFERS WIN IN FINAL ROUND.

Travers Is Disappointment, But Does Course in 155 Strokes, While Outmet Takes 158.

SANDWICH, England, May 15.—American golfers today were outclassed by Scotch and English players over the Sandwich links in the final round of the St. George's champion grand challenge cup.

With an aggregate of 146 strokes, nine better than his nearest American competitor, Jerome D. Travers, the American amateur champion, John Graham, Jr., Scotland, today for the second time won the coveted trophy. Graham also lowered by two strokes the play for the cup.

Travers turned in a card of 155 for the 36 holes. Francis Outmet, the American open champion, required 158 ("Chick") Evans, Chicago, 159; Fraser Hale, Chicago, 165; Harold Weber, Toledo, 167, and C. N. Inslee, Onida Community, New York, 169.

Travers proved a disappointment. It was the expectation that he would improve his first-round score of 77, but he required 78 to get around. Outmet today took two strokes off his score of 80 Thursday.

In the general competition Outmet finished in thirteenth place, while Evans was with 14 other players for fourteenth place.

D. Ransom, Crowborough, England, who led the first round Thursday with a 72 score, today required 107 for 179 strokes, which brought his aggregate score up to 164. Harold H. Hilton, the British amateur champion, finished the round with 112.

The showing of the Americans in this match has greatly diminished the hopes of Britishers that the amateur championship again will cross the Atlantic.

TEAM GOES TO MEET

MULTNOMAH HAS HOPES FOR AT LEAST CLOSE SCORE.

Shortage on Utility Men to Double on Events Cripples Portland in Contest Somewhat.

Martin Hawkins and nine members of the Multnomah Club leave this morning for Corvallis to meet the Oregon Aggie.

While the shift in the lineup has not left Hawkins a great number of men who can double in events to help win second and third places, he still has enough first-place men to expect at least a close score.

Because Bellah has returned to the timber for another cruise, the club may be short both its star pole-vaulters. Holdman is not certain of going.

Two Portland interscholastic stars, Muirhead and Staub, will go. Muirhead is one of the men who will be able to double up in events and get points in all of them.

The men who probably will make the trip are: Philbrook, weights and high jump; Hummel, sprints and hurdles; Cobb, sprints; McClure, B. C. to furnish hurdles and jumps; Magone, high jump and pole vault; Staub, sprints; Fox and Holdman, pole vault.

WOMEN WANT FENCING MATCH

Turn Verein Challenges Multnomah Club to Lively Contest.

The women of the Portland Social Turf club have today issued a challenge to the women of the Multnomah Club for a fencing meet any time the Multnomah women may designate. The place is the Turn Verein gymnasium.

The Turn Verein women, like those from the Multnomah Club, have issued a challenge to the women of the Multnomah Club for a fencing meet any time the Multnomah women may designate. The place is the Turn Verein gymnasium.

The Turn Verein committee which issued the challenge is: Miss Helwig Kasper, Miss Maymo Boylen, Miss Edie Schader, Miss Elizabeth Duffy and Miss Nell Dorney.

R. M. Gray Bowlers Win.

The R. M. Gray Bowling Company bowlers won two games from the Rosenblatts in the Clubber's League on the Oregon alley last night when the Buffum & Pendleton pin busters trimmed the Ben Selling aggregation two out of three starts.

Raymond of the Rosenblatts scored 186 for high game and 180 for high average, but still his team could not take the odd game. Peterson, of Ben Selling's squad, rolled 157 in his first game, but in a second game, but for high average he was tied with his teammate, Herbert, with 142 pins to his credit.

Washougal Defeats Canas.

WASHOUGAL, Wash., May 15.—(Special.)—The Washougal High School track team yesterday defeated the Canas High School in a dual meet at the Oregon alley last night when the Washougal team won every race, including the relay, while Canas annexed all the field events. Chester Washington of Washougal was the star of the meet, making 35 points for his team. Elliot, of Canas, was second with 27 points.

St. Helens to Play La Center.

ST. HELENS, Or., May 15.—(Special.)—St. Helens is to play ball this season under better conditions than ever before. A few of the fans of the city started a collection, and as a result a new high board fence has been constructed around the County Fair Park and a first-class diamond put into shape. This brings the ball much nearer to town. The first game is on Sunday with La Center.

Frarry Goes to "Feds."

SEATTLE, May 15.—Raip Frarry, the Northwestern League umpire who was to have umpired the Seattle-Tacoma baseball series here, and who did report for duty yesterday, has signed a three-year contract with the Federal League, and left for the East last night, according to his friends here.

Cooling the Sport Tortillas

RALPH FRARY'S unusual defection at Seattle excited considerable talk in local sport circles yesterday and umpires were very much in the conversation.

"I'll never forget one that Frary pulled on Tealey Raymond at Seattle," remarked Attorney Charley Swindells, formerly manager of the Spokane Club. "Frary called a bad third strike on Raymond."

"Way off," roared Tealey. "That was bad, Ralph!" "Yes," replied Frary. "I miss a few every day but I always aim to call them on weak hitters so as not to affect the ultimate result."

shot one past Knox's chin. "Strike," said the ump on the next delivery. "You missed that one," cracked Knox. "It was in the same place as the other."

"Oh, knock it!" shot back Brennan. "All right then, strike two."

Swindells says that Jack Flannery, now president of the Home Club, was the Johnny Evers of the Northwest. He was eternally riding the arbiters, kicking on every decision. One afternoon he slid into home plate. Catcher Swindells tagged him out by yards, and Brennan waved him out.

"Waved him out?" shrieked Flannery in a rage. "What did you call me out for?" "I called you out," retorted Brennan firmly and decisively, "so that I could fine you \$5."

The British polo team almost withdrew its challenge for the international cup because it had so little chance to win. If the custom were in vogue in baseball the St. Louis Browns and Cards would have been extinct long ago.

A Denver critic says that Welsh can hit as hard as any of the crop of lightweights now in the ring. Perhaps Freddy can, but if so why doesn't he?

The Federal League has gained a foothold in Chicago, judging from the attendance figures from last Saturday's games, when all three leagues were billed in the Windy City. The Feds drew 21,000; Sox, 19,000, and the Cubs, 11,000.

Jim Thorpe is back with the Giants. Playing in a scrub game against West Point the other day, the Indian hit one into the river for home run.

Frank Moran has squared up his fess with Mike Kettler, the winner of the high seas bound for Paris to meet Jack Johnson. Tom Kennedy, his sparring partner, was on the boat to bid him adieu and Moran shook him, al la Martinoli.

Ed Hughes, of the Seattle Times, compares Ralph Horr, Washington's graduate manager, with Otis Skinner in "Kismet." Ed says Horr can give Otis a hard rub for the part of Hajj, the beggar. "He has been calling 'alms,' 'alms,' so frequently of late that it has become second nature to him."

Hughes was "scooped" on this by Dr. Skinner, of the Oregon Aggie, away back in the football season last fall, for Dr. Skinner opined then how low Ralph was a first-class skinner.

HAGEMAN'S SUIT DISMISSED

Cardinal Pitcher to Appeal Salary Case Against Red Sox.

NEW YORK, May 15.—Judge Donnelly, of the Supreme Court, today dismissed the suit of Kurt Egenman, pitcher of the St. Louis Nationals, against the Boston American League club for back pay for services which Egenman avowed he rendered the Boston club in 1912. President Fultz, of the baseball players' fraternity, represented the player and says he will appeal the case.

Egenman was a recruit pitcher on the Boston club in 1912, but failed to make good and was released to Jersey City. Jersey City took over his Boston contract, but a trial sent him back to Boston. Boston released him to Denver, who offered him a contract for less money than the one he originally signed with the Boston team. Instead of joining Denver, he continued to work out with the Boston players, although he was not under contract to the club.

The fraternity took the stand that Hageman's sale to Denver was not valid, as that club refused to take up the suit of Egenman's obligations. Judge Donnelly, in dismissing the case, pointed out that Hageman signed a contract with Jersey City after being released from the Boston club, and the court held, ended the contract between the player and the Boston club.

Coe College Wins Meet.

CEDAR RAPIDS, Ia., May 15.—Coe College won the Iowa conference track and field meet here today, running up a total of 65 points against 23 1/2 for the next competitor, Turner, and J. Lee Thimble, who were 17 1/2 points and Morningside fourth with 15 1/2 points. State Teachers, St. Joseph's, Simpson and Des Moines scored three points each. Hillsdale gained one point and Parsons failed to register a single point.

Golfers Held for Gambling.

CHICAGO, May 15.—Students of the University of Chicago, playing in the qualifying round of the university championship were arrested on the City golf links today and locked up. The police alleged that the men were accused of making up a "backpot" of small change on every hole.

Drake Defeats Iowa State.

AMES, Ia., May 15.—Drake University track team today defeated Iowa State College, 49 to 58.

ORIGIN OF 'GRINGO' TOLD

MEXICANS GAVE NICKNAME TO AMERICANS IN 1847 WAR.

"Where the Green Grass Grows," a Line in Popular Song of Day Sung by Soldiers, Is Twisted Into Term.

CHICAGO, May 10.—(Special.)—Now that the word "gringo" is being freely used in the dispatches from Mexico, being applied to Americans; all foreigners of the Republic across the Rio Grande, it might be of interest to trace the origin of the term, which is neither English nor Spanish, although perfectly well understood in both languages as meaning foreigners, and especially Americans.

"Estranjero," or stranger, is the term most frequently used in the other Spanish-American countries to describe a foreigner, although when an American is meant, the term "Yanqui" is not infrequently applied. While in Mexico "Yanqui" is a favorite term, "gringo" is the most common and perhaps the best understood among all classes of Mexicans.

The term "gringo" is not applied exclusively to Americans; all foreigners in Mexico come under that designation. It is heard, however, more often in connection with Americans in the disturbed country than any other foreigners. This is due to greater influence of Americans in Mexico, and also the larger number of Americans there.

The term "gringo" has been in use in Mexico since the war with the United States in 1847. The American troops were found there under Taylor and Scott were indirectly responsible for its origin. It has been in use ever since, and has been accepted as a part of the large Mexican vocabulary of colloquialisms.

It remained even after the American Army had left Mexico, and with them the refrain of the song that they introduced. But the "green grass grows"

GIRL DIES FOR COMPANION

One of 2 Arkansas Children Hurled From Trestle by Train Lives.

Fort Smith, Ark., May 14.—Frances Spanke, 14, of Hartman, gave her life to rescue her nine-year-old companion, Mary Oberle, at Clarksville.

The children were caught on a trestle by an Iron Mountain freight. As they began to run to safety, the Oberle girl caught her foot between the ties. The Spanke girl had already reached the opposite end of the trestle, but, hearing the cries of her companion, she returned to the Oberle girl's aid, in the face of almost certain death.

The Spanke child extricated the Oberle girl, and no sooner was the latter freed than the train struck both. The children were hurled into a 20-foot ditch. The Spanke child was killed, but the Oberle girl has a chance to recover.

TWO WOMEN BEAT TEACHER

Punishment of Pupil Riles Parent and Assault Follows.

KIMBERLY, W. Va., May 12.—Miss Fay Peters, a pretty 20-year-old school teacher, is in a serious condition at her home, and Mrs. Eva Hedrick and her mother, Mrs. Forbes, are under arrest and held to the grand jury charged with making a vicious assault on Miss Peters while on her way to school.

A few days ago Miss Peters punished Mrs. Hedrick's boy for insubordination. It is charged Mrs. Hedrick, who is a large woman, twice the bulk of the pretty little schoolma'am, struck Miss Peters in the face and beat her severely with a rock tied up in a handkerchief.
