

HUERTA IS FIRST IN MIND OF MEDIATORS

Elimination of Dictator Probably Will Be Taken Up in Early Proceedings.

SESSION TO BEGIN TODAY

Opposing Sides to Be Heard Separately, With Joint Sessions at Various Times When Agreement Seems Possible.

NIAGARA FALLS, Ont., May 19.—On the eve of the opening tomorrow of the mediation conference for the settlement of difficulties between the United States and the Huerta government in Mexico practically everything was in readiness for the proceedings to begin. Three o'clock tomorrow is the hour set for the formal opening of the first session.

With the arrival tonight from Washington of the third mediator, Eduardo Suarez, the Chilean Minister, and the two American delegates, Justice Lamar and Frederick W. Lehmann, the personnel of the conference awaited for its completion practically everything was in readiness for the proceedings to begin. Three o'clock tomorrow is the hour set for the formal opening of the first session.

Huerta May Be Taken Up First.

While the mediators continued to maintain the strictest reticence as to the nature of the mediation proposals, it was generally accepted tonight as extremely probable that the elimination of Huerta would be the first suggestion the mediators would present. The broad international scope of the proceedings was emphasized by the arrival today of Dr. Gonzalo C. Corder, Minister from Ecuador to the United States. He intends to inform his government by all the latest developments during the conference. It is understood that Dr. Alberto Membrillo, Minister from Honduras, and other Latin-American diplomats also will be on the scene.

Day Given to Formalities.

Tomorrow will be devoted mainly to the formalities. Welcome to Canadian sides will be extended by two representatives of the Dominion government, Martin Burrell, minister of agriculture, and Senator Lougheed, government minister in charge of the conference. After this the mediators and the delegates will return the call. Following this there will be a gathering of the mediators and all the delegates from both sides for formal introductions, for the presentation of credentials and for the adoption of such rules as will apply during their proceedings. Regularly the mediators will meet with the delegates from the two countries separately, joint conferences being held only at such times as are needed to which the mediators believe both sides are ready to assent is to be taken up for final consideration and argument.

While the mediators have not announced details of their plans, it is understood they probably will sit about five or six hours each day, with evening sessions if circumstances warrant them.

BRIEF SESSION EXPECTED

(Continued From First Page.) port from the Brazilian minister in Mexico City that representation had been made to the Mexican foreign office several times concerning the Smiths and the Brazilian minister had urged the British Consul in Chiapas to use his good offices to secure the release of the Smiths. Broken railroad communication between Mexico City and Saltillo was accepted as the reason for the failure to hear from Sullivan, although the arrival of a train in Mexico City from San Luis Potosi without him caused disappointment.

Train Arranged for Refugees.

The Brazilian minister, Secretary Bryan announced, reported conditions quiet in Mexico City and said that arrangements had been made to send a special train with 200 refugees from the capital tomorrow night for Puerto Mexico.

Navy Department dispatches during the day made it clear that the Mexican fleet, fleeing from defeat at Tampico, had left the oil fields about that city. Admiral Badger reported that between 2000 and 4000 troops under General Zaragoza had stopped at Panuco City, another oil center, but later evacuated that town. The oil wells there were unharmed. This news that the fears of the foreign oil men that their interests might suffer in hostilities between this detachment of federal and the constitutionalist forces or that the wells in this section might be fired by the federalists in their retreat. Oil operations are now returning to resume operations in the Tampico fields, where all is reported quiet.

Forced Levy Not Made.

The constitutionalists have as yet refrained from any attempt to make a forcible financial levy on the foreign business men at Tampico—a possible cause for diplomatic interference.

The constitutionalist authorities have ordered operations resumed in the cotton mills at Torreon and intend to use the cotton confiscated from the Spanish growers in that section, according to word received by representatives of the former owners here. This introduces an additional complication, for the owners, who have been endeavoring to recover their confiscated property, either by paying ransom to the constitutionalists or through diplomatic pressure, meanly blocking the export and sale of cotton by legal measures.

State and War Department officials awaited further information as to the fate of Private Samuel Parks. No information as to Parks was forthcoming from any source, although the horses which disappeared through the Mexican lines near Vera Cruz with the American soldiers were mysteriously returned to the American lines.

Dr. Ryan's Status Explained. Secretary Bryan made it clear today that the status of Dr. Edward W. Ryan, of Scranton, Pa., was at the time

he was thrown into jail by federal authorities at Fresnillo, on the charge of being a spy. Dr. Ryan was authorized by Charge Nelson O'Shaughnessy to go to Torreon and give medical assistance to the refugees. He was not commissioned to obtain information for the State Department and was not connected with the Red Cross. Dr. Ryan and Mr. O'Shaughnessy called at the White House today and talked with Secretary Tumulty, but did not see the President. Dr. Ryan lived in Mexico 18 months and was sent twice to Torreon by the American embassy at Mexico City to administer to the suffering in the besieged city.

He was sentenced by Judge Clifford to from one to 15 years in prison. Mr. Smalley wept bitterly when the Judge told him the sorrow it gave him to send an old friend to prison.

BANK ROBBERS GET COIN

(Continued From First Page.) robbers were seen by the posses late in the afternoon, and shots were exchanged. Newlon was a member of the posses until late in the afternoon, when he returned to Spangle to check up on the bank's funds. "The men were beating the brush when I left them," said Newlon. "They were working slowly from different directions and were sure the bandits were between them, hiding in the brush."

Pursued Auto Is Overtaken.

"I saw them in Beaughan's automobile and gave the alarm, but they forced Beaughan to drive them away while they fired shots to intimidate us. We followed and overtook Beaughan's automobile near where the bandits took to the woods." Spangle is 20 miles south of here. The robbery is said to have been one of the most daring in the history of Eastern Washington. Telephone calls were sent to all of the surrounding towns for help.

The successful operation of these shops in Portland is the goal we have aimed at from the start of this business fifteen years ago.

This has been made possible by the public support of our Mill-to-Man policy.

It strengthens our old established policy of better clothes for less by the elimination of the middleman.

And at the start of this home industry, the payroll distributed to our skilled workers is on a basis of seventy-five thousand dollars a year.

This pay roll will grow larger and larger as more and more discriminating men learn the value and economy of these suits at fifteen dollars.

MINNESOTA GETS MARTIN

ALLEGED FORGER GOES BACK TO RAMSEY COUNTY.

L. G. Martin, Caught in Act of Passing Worthless Check, Is Wanted in Gopher State.

DALLAS, Or., May 19.—(Special.)—Charles Reichow, Deputy Sheriff of Ramsey County, Minn., arrived in Dallas last night and took into his custody L. G. Martin, held in jail here upon a charge of forgery. Martin is wanted in Minnesota upon a similar charge.

Martin was arrested in Salem about a month ago by Sheriff Grant, of this county, just as he was passing a worthless check in the sum of \$2500 at the Ladd & Bush Bank. Martin had come to Dallas previous to that, and had deposited in the Dallas City Bank a draft in his favor, drawn on a Kan-

sas City bank, in the sum of \$15,000. The local bank took it for collection. Martin then made a deal with one of the local farmers for the purchase of his land, and went to Salem to close up the deal. As a part of the deal, he was to pay the sum of \$500 down, and it was in getting this \$500 that he drew the \$2500 check.

However, prior to this time, F. J. Craven, cashier of the Dallas bank, had telegraphed to Kansas City and had secured the information that the draft deposited there by Martin was no good. He put the Sheriff of Polk County on Martin's trail, and the Sheriff was in the bank at Salem when Martin arrived and tried to cash his \$2500 check. Just as Martin was presenting the check to the cashier at the Ladd & Bush Bank, Sheriff Grant reached over and took the check, and at the same time placed Martin under arrest, returned with him to Dallas, and lodged him in the Polk County Jail.

About two weeks ago, Martin made an unsuccessful attempt to escape from the jail.

How to Keep Your Face Free From Ugly Hairs (Modes of Today.) A small, original package of powdered delatone is a necessary toilet requisite, for with its aid the skin can be kept free from hair or fuzz. A thick paste is made with some of the powder and water, and spread on the hairy surface; then in about two minutes it is rubbed off and with it comes every trace of hair. Washing the skin will remove the rest of the delatone. While this is a simple, effective method and quite harmless, you should be careful to get real delatone.—Adv.
