# Republicans Do Not Appear.

With the exception of his conference with the Progressive Congressmen, politics played little part in his day here. He was too busy for that, Reports that he might meet Repub lican leaders came to naught, for the Colonel saw none of them. "Not a Republican showed his head."

he said laughingly.

It was Jearned that before Colonel Roosevelt left Oyster Bay a Republican member of Congress telegraphed to him, asking for an appointment. Colonel Roosevelt declined to discuss the subject, but it was understood he felt that too much already had been crowded into the day to permit of such a meeting.

Wilson and Colonel Exchange Stories. Colonel Roosevelt's visit with President Wilson was perhaps of greater interest to the public than any other

storles.

executive mansion, the President was waiting to receive him in the red room. The former President greeted warmly "Jimmis" Sloan, a secret service man, and other White House attaches who served during his administrations. "I'm very glad to see you," said the President as he shook hands with Colonel Roosevelt, Miss Belle Hagner social secretary at the White House, who occupied a similar position during the Roosevelt administrations, and Secretary Tumulty were also present After exchange of greetings the President led the way to the south portico of the White House, where the cool breezes from the Potomac made more bearable the extreme heat. There lem-

ULTRA-VIOLET RAYS AID IN PRESERVING INFUSION.

New Method to Prevent Decomposi tion of Water Containing Salts Makes Drink Possible.

LÖNDON, May 26 .- (Special.)-In the near future it will be possible to order splash of radium water with which to dilute one's whisky or brandy, and the consumer, while gratifying his palate, will be promoting simultaneously the health of his body.

The new preparation has a direct infusion of radium salts. Formerly rato keep because it decomposed and favored the growth of many deleterious organisms, but a discovery was made ecently that such water could be kept sterile by the inflitration of ultraviolet rays and the addition of carconic acid gas. In this case, instead of using ordinary or distilled water, the ultra-violet raya passed through the water before preparation and the effect of carbonization s obtained.

The medical faculty are increasingly ecognizing the curative properties redium, but one of the great difficultles has been the absence of a reliable standardized water. Laboratories are to be erected in the West End, where edical men will be free to investigate to obtain water of the standard re quired for their patients. Most of the
