BIBLE LESSONS IN SCHOOLS DEBATED

Discussion of Textbook at Board Meeting Delays Plan to Select Teachers.

COMMITTEE IS INSISTENT

Demands for Immediate Consideration of Introducing Publication of Fall—Two Summer Institutions Granted.

All attempts to settle the question of the election of teachers for the coming year for the schools of Portland were brought to naught Monday night by a discussion by members of committees relative to the introduction of "Readings From the Bible" into the schools.

There was a good attendance of taxpayers present when the Board met. The first request came from the Sellwood Parent-Teacher Association for a Summer school in that district.

A committee appointed to procure the introduction of the textbook, "Readings From the Bible" asked to be heard. The members of this committee stated that they represented 140,000 taxpayers of the city.

Intentional Delay Hinted. One of the committee suggested by insinuating that the School Board was deliberately putting off and putting off discussion in the hope of eventually killing the idea, and the discussion to this effect showed signs of lingering.

Dr. W. B. Hinson asked for a definite date on which the Board would hear all sides to the question. Mr. Sabin announced that the committee would call such a meeting within a month.
