DETENTION HOME GETS GAS HEATER. -Gas connections and a gas heater will be installed at the Detention Home will be installed at the Detention Home at once under the supervision of County Machinist Eatchel, the commissioners ordered yesterday, on the petition of Miss Marian Van Waters, superintendent of the Home. Until the present time it has been impractical to use gas because of the great distance to a main, but a general main has been carried by the gas company to a point near the Home, from which connections can be made. The gas to a point hear the Home, from which connections can be made. The gas heater is especially needed, Miss Van Waters says, for heating water for the kitchen, laundry and baths, all of which has been heated in the past by the furnace and on the kitchen stove, which is inconvenient and uncomfortable in the Summer.

BETTER CAR SDEVICE ASKED.—Petitions have been circulated in Vernon asking that the Alberta car, which now runs to East Twenty-second street and returns to Portland, be operated to East Thirtieth street. These petitions generally have been signed. It is set forth that many patrons of the streetcar company live at and near East Thirtieth street, and that the car service to East Thirtieth street at present is not adequate for the requirements of that district. The Vernon Women's Club, which has circulated these petitions, also has taken up the matter of routing the Alberta cars over the Broadway bridge instead of the railroad bridge as at present.
