WEATHER CONDITIONS.

A trough-shaped depression extends from British Columbia south through California to Mexico. A moderate low-pressure area is passing to sea down the St. Lawrence Valley and the barometer is relatively high over the Dakotas. Showers and thundersforms have occurred at scattered places in the Plains states and in Oregon and Southwestern Idaho. In the two latter states the rainfall attending the thunderstorms was very light at our reporting stations. It is cooler in the Southern Rocky Mountain states, while elsewhere in the United States the changes in temperature have been small and unimportant.

The conditions are favorable for showers and thunder storms Monday in Oregon and Southwestern Idaho, with lower temperatures. In the remaining portion of Idaho and in Washington cloudiness will increase, without rain within the next 24 hours. FORECASTS.

Portland and vicinity—Increasing bloudi-ness, followed by showers, cooler; winds be-coming southerly. Oregon—Showers and thunder storms, cooler except near the coast; winds becom-ing southerly. ing southerly.
Washington—Probably fair cooler except
mear the coast; westerly winds.
Idsho—Fair, except showers and thunder
storms southwest portion, cooler southwest EDWARD A. BEALS, District Forecaster.
