## \$8.90 WAGE NOW IS LAW

WASHINGTON WELFARE COMMISSION TAKES LAST LEGAL STEP.

Order Becomes Effective August 1 for Girls Over 18 in Factories—Minors of Both Sexes to Receive \$0.

OLYMPIA, Wash., June 2.—(Special.)—Effective August 1, \$8.90 will be the legal minimum wage for girls over 18 and women employed in Washington factories, and \$6 the minimum for minors of both sexes, under an order issued by the Industrial Welfare Commission today, adopting the unanimous recommendation of the recent factory conference.

The commission decided to treat each occupation separately, in establishing an apprenticeship policy for factories. Varying terms will be prescribed for different industries.  
Mrs. Frances King Headlee, of Seattle, now deputy State Labor Commissioner, was elected secretary of the Welfare Commission. Labor Commissioner E. W. Olson announced he would

appoint Miss Lucia A. Crangle, a Seattle teacher, to succeed Mrs. Headlee as his deputy.

## 67 FILE ON IDAHO LANDS

LEWISTON, Idaho, June 2.—(Special.)—The local land office here opened yesterday and 67 applications were made under the new 320-acre homestead act.  
A line-up was formed Sunday at the Federal building for the opening, and more than 50 of the applicants passed the night in the corridors before the land office doors. There were four women in line.

## NEW CANNERY OPENED

MANY CRATES OF STRAWBERRIES RECEIVED AT VANCOUVER.

Employment Is Given to 25 Women. Fruit Is Kept by Cold Process. Market Plans Under Way.

VANCOUVER, Wash., June 2.—(Special.)—The new cannery, completed recently by the Clarke County Growers' Union, near the North Bank Depot, was opened today for the first time. A large number of crates of strawberries were received. Twenty-five girls and women are employed hulling the berries, which were put down in barrels and covered with sugar. This is keeping the berries by the cold process. This fruit will find a ready market for syrups.  
A few cherries were brought in today and the number will increase daily. The union, for which A. W. Moody is manager, has been shipping hundreds of crates of strawberries to Puget Sound points, but the market has been

flooded and the price has dropped so there is said to be little profit after paying the express. To secure for the grower a fair price the cannery was built. Later, it is said, employment will be given to at least 100 women and men.

As the cannery is on a switch and is not far from the dock, ample shipping facilities are provided. Arrangements are being made to sell the entire product of the plant to one firm.

He says that a former Pendleton girl, now an inmate of the Louise Home in Portland, supplied him with documentary evidence that Pendleton is not free from vice, even though the segregated district has been eliminated.

## T. R. RATED AS EX-RULER

France Fixes Status by Deciding to Bestow "White Permit."

PARIS, June 2.—The French government decided today to treat Colonel Theodore Roosevelt in the same way it does former rulers and furnish him with a special permit authorizing him to pass through the police lines at all times on his journey through France on the way to Madrid to attend the wedding of his son Kermit and Miss Belle Wyatt Willard.  
Many classifications of these special passes are issued to diplomats and others, but all are limited in regard to the privileges accorded except the white permit given only to visiting rulers and ex-rulers and members of royal families.  
This is the kind which is to be handed to Colonel Roosevelt.
