SYLVIA PANKHURST IS ARRESTED EARLY

Police Defeat Militants Attempting to Interview Premier at Westminster.

STRATEGIC MOVE WINS

Lady Carlisle, as Head of Liberal Federation, Denounces Spurious Chivalry That Stays Penalties Because of Sex.

LONDON, June 10.—Miss Sylvia Pankhurst was not even permitted to approach Westminster tonight to interview Premier Asquith.

The proposed visit to the Prime Minister was arranged some days ago by Miss Pankhurst and other militant leaders, and it was decided that she should be carried shoulder high in the procession, as she was not considered strong enough to bear the strain of what promised to be an arduous journey.

Before the procession had gone a mile Miss Pankhurst was arrested for the eighth time since she was sentenced to six months' imprisonment for inciting language in Hyde Park and conveyed to Holloway Jail.

Dramatic Effect Studied.

The demonstration was organized with all the cleverness of the suffragettes for dramatic effect. A crowd of 10,000 people gathered at 8 o'clock at the junction of Commercial road and High street, White Chapel, where two processions were to join about the same hour.

Suddenly from an upper window of the house where Miss Pankhurst resided appeared the surpliced figures of Rev. Mr. Wills, and Sylvia by his side, looking ill and careworn. The clergyman addressed the waiting crowd, adjured the people to keep order and offered a prayer, invoking divine protection for the militant leader.

Miss Pankhurst also addressed the crowd to the effect that it might be the last time she would have such a privilege.

"But if I sacrifice my life in this cause," she said, "it will not have been in vain if you will carry on the fight in the same spirit."

Miss Pankhurst Borne on Litter.

The procession then formed, headed by Mr. Wills, Miss Pankhurst being borne in a litter by four stalwart carriers. The band struck up the "Marseillaise" and the procession started under escort of a large body of mounted and foot police. The crowds grew steadily, but the police had carefully laid their plans and when the procession had arrived at a point where the narrow road and the tramway traffic compelled it to divide a sharp command was given. The street was quickly cordoned by police and, before her supporters were aware what had happened Sylvia Pankhurst was under arrest and was being whisked away in a taxicab to jail, followed by a few shrieking women.

Disheartened at the loss of their leader, the women re-formed their ranks, but made slow progress. A body of students attempted to interfere with them and create disturbances, but were foiled by police, who arrived in such numbers all along the route that they were as numerous as those in the procession.

There was little enthusiasm among the marchers and the openly-expressed hostility of the populace dampened the ardor of the demonstration, so that by the time it reached the Strand the police had little difficulty in dispersing it.

Mrs. Pankhurst Escapes.

Mrs. Emmaline Pankhurst again succeeded during the night in evading the police, who were closely watching the house in Grosvenor Square from which she had been recently conducting the campaign against the peace of the members of the royal family at Buckingham Palace and other places.

The raid on the offices of the Women's Social and Political Union yesterday, like the previous one early in May, did not produce the results expected by the police. The documents seized revealed few names of public interest.

Chief Inspector James McBride said today the published report of the disclosure during the raid that members of the royal family, including the Prince of Wales, had contributed to the funds of the suffragettes was absolutely groundless.

A resolution strongly condemning militancy and demanding urgent action by the government to stop the reign of anarchy was adopted today by a large majority at the conference of the Women's Liberal Federation, now in session in London.

Lady Carlisle, the president, denounced as "spurious sentimentality and a travesty of chivalry" the theory that women should not be made to suffer the same penalties meted out to men under the law.

Miss Bertha Ryland, the suffragette vandal, who yesterday destroyed with a butcher's cleaver George Romney's "Portrait of a Boy," in the Birmingham Art Gallery, was today committed for trial. During the hearing she created a scene in court, shrieking without cessation and quoting scripture. She used the text: "I came not to send peace, but a sword," as justification for her act and she declared the militants were "working with divine guidance for purity and righteousness."

"No surrender," was her parting cry as she went to the cells.

HOMESTEADER MAKES PLEA

Malheur County Man Says Big Stock Company Harasses Him.

SALEM, Or., June 10.—(Special.)—Complaint by E. E. McCay has been made to State Engineer Lewis against the wasteful use of water in Malheur County, near Riverside. Mr. McCay says that the stream, along which he recently took a homestead, has been diverted around his place and used in such wasteful manner as to leave no water for domestic or irrigation purposes. The State Engineer has directed the water master of Malheur County to adjust the difficulty and to see that the waste is discontinued.

According to Mr. McCay the trouble is due to his having filed on a homestead which had been fenced by a large stock company of that section. It was supposed this land was a part of the company's holdings, but Mr. McCay found it was vacant Government land. He says he has met considerable opposition from the company.

IDAHO BANKERS ADJOURN

"Best Yet" Is Official Approval of Tenth State Convention.

TWIN FALLS, Idaho, June 10.—(Special.)—The tenth annual convention of the Idaho Bankers' Association closed a three days' session at noon today, with the official declaration that it was the "best yet." One hundred and thirty delegates were in attendance.

The time today was taken up mainly with the election of officers, as follows: F. H. Parsons, Boise, president; M. J. Flohr, Wallace, vice-president; M. F. Albert, Payette, treasurer; J. W. Robinson, Boise, secretary, elected for the third consecutive time; F. N. Shepherd, Lewiston, and D. W. Davis, American Falls, executive council. The newly-elected president made a happy address, after which he appointed the legislative and agricultural committees, commenting on the great importance of the former committee for this year, because of pending legislation. On the former committee he appointed F. F. Johnson and C. A. Robinson, Boise; E. C. Pfaffle, Meridan; W. P. Lyon, Caldwell; A. H. Keller, Weiser. On the agricultural committee, D. W. Davis, American Falls; F. N. Shepherd, Lewiston; J. C. Blackwell, Parma.

The association was invited next year to Lewiston, Boise and San Francisco. Lewiston was unanimously chosen.

The resolutions declared against overdrafts, recommended that the association actively support the Panama-Pacific Exposition, indorsed the splendid work of Miss Shepherd, State Superintendent of Schools, in the agricultural development of the state, and indorsed J. K. Lynch, of San Francisco, for the vice-presidency of the American Bankers' Association.

GIRLS' DRESS DECIDED

"GOOD TASTE" KEYNOTE OF COSTUME APPROVED IN SEATTLE.

Low Necks, Big Hair Ribbons, Too Thin Waists, Paint and Flashy Jewelry Barred; Pockets Suggested.

SEATTLE, Wash., June 10.—(Special.)—Details of the uniform dress for high school girls, as adopted for next year, was given today with publication of the reports made to the last meeting of the year of the Seattle branch of the National Mothers' Congress. The set of recommendations was drawn up by a committee of women teachers and slightly amended after a conference with a committee of high school girls.

According to the report, the dress "should be suitable to the occasion, inconspicuous in line and color and simple as to trimming." Middy blouses, Peter Thompson suits and one-piece dresses of simple cut in wool or cotton are approved.

"The neck of the waist should not be cut too low in the back or on the side and should not be over two inches below the base of the neck in front," is another recommendation.

"Sleeves should not be above the elbow. Waists should not be too thin. Hair should be dressed simply and neatly, without too large ribbons. Paint and conspicuous jewelry should not be worn. It is further suggested that a pocket be provided."

The girls co-operated heartily in this movement, it was said, and made valuable suggestions.

The address of the morning was given by E. H. Sensenich, of Portland, on "Commercial Paper as a Secondary Reserve." He stated that commercial, or broker's, paper was the only form of investment that satisfactorily weathered the panic of 1907, one of the greatest lessons taught by which was its reliability as a liquid asset.

One hundred and seventy guests attended Tuesday night's banquet, at which Major Fred R. Reed, Boise, was toastmaster.

LONG SENTENCES UPHELD

Peter Miller Loses Fight in Washington Supreme Court.

OLYMPIA, Wash., June 10.—The Supreme Court today affirmed the conviction of Peter Miller on a charge of perjury in connection with false testimony given at a former criminal trial. Although Miller already had been found guilty of burglary and being a habitual criminal, for which he was sentenced to serve from 20 to 40 years in the state penitentiary, the lower court on the perjury charge imposed an additional term of from 3 to 15 years at hard labor in the state penitentiary. Both convictions have been affirmed by the Supreme Court. Miller consequently has hanging over him sentences totalling 23 years as a minimum and 55 as a maximum.

He has been in the County Jail at Seattle five years and has fought every step taken to send him to the state penitentiary.

FATES IN STRANGE MOOD

Jackson Godard Is Victim of Unique Happenings in Few Days.

COTTAGE GROVE, Or., June 10.—(Special.)—The fates have been playing practical jokes on Jackson Godard during the past week.

A few days ago he wrote to the County Clerk for an application for a hunting license. The reply he received contained an application for a marriage license. There is a well-founded belief that he has no need for a hunting license of that kind—that he has done all the "killing" in this line that the law allows.

A few days later a horse which Mr. Godard was driving became frightened at an automobile, pranced around on his rear legs, broke the buggy and dumped Mr. Godard and the other occupant into a wire fence. Neither Mr. Godard nor the young woman was injured. This was the second runaway within a few days.

BALTIMORE MAN LIKELY

President's Choice Narrows in Completing Bank Reserve Board.

WASHINGTON, June 10.—Omer F. Hershey, a Baltimore lawyer, was being talked of in official circles today as a likely choice for membership on the Federal Reserve Board. It was said to be certain that either he or another man whose name was not divulged would be named.

The President still is expected to send in the reserve board nominations in a day or two, although it is said no final decisolon has been reached as to the last name. It had been believed that the fifth man of the board would be selected from New England.

The New York Federal reserve district is to be represented by Paul M. Warburg; the Atlanta district by S. W. G. Harding, and the San Francisco district by Professor A. C. Miller, while it is expected that E. C. Simons will represent the St. Louis district.

DALLAS APPROVES BONDS

Two Issues, Totaling $12,500, Are for Sewers and County Fair.

DALLAS, Or., June 10.—(Special.)—Bond issues of $7500 for a septic tank at the outlet of the city sewer system, and of $5000 for a permanent site for the county fair, carried at the special city election today by a majority of 3 to 1.

The City Council will take such steps Monday night as may be necessary to advertise for bids.

HEAT IS INTENSE ON ATLANTIC COAST

Wave That Has Caused Suffering in Central States Extends Eastward.

RELIEF IS NOT INDICATED

Conditions Generally Throughout Interior as Bad as on Two Preceding Days—Gale Brings Relief to St. Louis.

CHICAGO, June 10.—The terrific heat wave that has caused many deaths and intense suffering in crowded centers of Central valleys since the first of the week spread today into the East. In Portland the official temperature reached a maximum of 90 degrees; Boston sweltered with the mercury at 88, and Washington and New York had temperatures of 89 and 90. In most of the Eastern cities the heat was accompanied by depressing humidity.

Interior as Hot as Ever.

A few places in the Central West were relieved temporarily by thunder showers or cooling lake breezes. However, generally throughout the interior conditions today were as bad as on the two days before, with heat ranging from 90 to 98.

There was small chance of immediate relief, weather bureau officials said tonight.

A light north breeze brought partial relief from the heat in this city and sent the thermometer down ten degrees. The maximum on the street was 88 degrees. The relief came too late, however, for some of the sufferers, and 12 additional deaths, directly or indirectly due to heat, were reported to the police.

Gale Brings Relief at St. Louis.

The highest mark of the Summer was equaled this afternoon, when at St. Louis the thermometer registered 98 degrees. An hour later a 16-mile wind was blowing and the mercury dropped six degrees. The street kiosk read 105 degrees. Up to tonight ten cases of heat prostrations had been reported, with no deaths.

Heat records were broken again in Western Missouri, Warrensburg reporting a temperature of 100 degrees late today, the highest mark so far reported in this section. In Kansas City, with the thermometer at 93, one degree lower than yesterday, two prostrations were reported.

Two Accused of Burglary.

FALLS CITY, Or., June 10.—(Special.)—Floyd and Roy Hillegas were arrested about three miles east of the city this morning on a burglary charge. About the first of March the Falls City Mercantile Company's store and the Falls City Lumber Company's store were broken into and shoes and various articles of wearing apparel taken. About a week ago the home of Cricket Bibbens, a farmer living east of town, was entered and a quantity of goods taken. He became suspicious of these men and secured a search warrant and Sheriff Grant and City Marshal Lewis went down and searched their belongings. Several pairs of loggers' shoes were found that the Falls City Lumber Company's manager identified as having belonged to the comapny. Mr. Bibbens recovered most of the articles missed from his house.

ST. HELENS PLANS FOURTH

Fireworks, Games, Parades and Crowning of Goddess Featured.

ST. HELENS, Or., June 10.—(Special.)—Columbia County is to revive her patriotism by a celebration at St. Helens on Independence day. The gayeties are to be staged by the St. Helens volunteer fire department. A number of towns along the river have also promised their support.

The steamer T. J. Potter has been chartered to bring the Commercial Club from St. Johns down the river to the celebration and the Kellogg to bring over the citizens of Kelso, Wash.

A parade of floats by the St. Helens business houses and the crowning of the goddess will take place in the morning. Athletic sports, tugs-of-war between neighboring towns and a picnic in the city park will fill part of the programme.

A ball game is scheduled for the afternoon.

In the evening a feature in fireworks has been planned.

MILTON DRAWS THOUSANDS

Annual Horse Show and Berry Day Is Big Success.

MILTON STATION, Or., June 10.—(Special.)—Milton's annual Horse Show and Strawberry day attracted many thousands today. From Waitsburg, Weston, Athena, Walla Walla and the surrounding towns there were delegations. Thirty silver cups were given away and a large sum of money in prizes.

The decorated automobile contest, which attracted great attention, was won by Mrs. Robert Carter, with Charles Miller second.

The number of fine horses entered has not usually been excelled. There were dozens of fine colts from all parts of the country.

DRYS COMB MARSHFIELD

Forces Sweep Into Town in Effort to Drive Out Saloons by July 4.

MARSHFIELD, Or., June 10.—(Special.)—After success at Coquille in obtaining the sanction of the City Council for closing saloons, the anti-saloon faction has planned to start a quick petition campaign here next Monday, and hopes to have the city closed before July 4.

Women are making a house-to-house canvass for signatures to petitions, which they will later present to the Council. No effort has been made as yet to circumvent the movement, the wet element relying on the state law.

UTAH FUSION EXPECTED

DEMOCRATS TO GET SENATOR AND PROGRESSIVES HOUSE NOMINEES.

Separate Conventions Will Be Held by State Party Forces—Colorado Dovetailing Plan Under Way.

SALT LAKE, June 10.—Democrats and Progressives will hold separate state conventions here tomorrow and are expected to combine by nominating a Democrat for United States Senator and two Progressives for Representatives.

James H. Moyle will probably be nominated for Senator. The Progressives have several candidates for Representative in the field. Indications are that nominations for Supreme Court Justice and State Superintendent of Schools will be on a non-partisan basis.

DENVER, June 10.—Steps looking to the fusion of one faction of the Progressive party in Colorado with the Republicans on a law and order platform were taken today when committees on fusion were named by the Republican chairman and the Colorado Progressive Party League.

The Colorado Progressive Party League is composed of that part of the Progressive party which last Winter was defeated in its efforts to secure control of the party organization by the Progressives headed by Clarence P. Dodge, of Colorado Springs, and E. P. Costigan, of Denver. The Dodge-Costigan Progressives oppose fusion and plan to nominate state and county tickets.

GAS COMPROMISE REACHED

Gladstone, Or., and Clackamas County Co. Franchise Under Way.

OREGON CITY, June 10.—(Special.)—A compromise franchise adjusting the differences between the City of Gladstone and the Clackamas County Gas Company, subsidiary to the Portland Gas & Coke Company, passed its first reading at the Gladstone Council meeting tonight.

The Council rejected the franchise providing for $1.50 gas and demanded a rate of $1. The company started construction of a line through the city quietly about one month ago. Last week the Circuit Court restrained the company from further construction until a franchise was granted.

The new ordinance calls for 25 years life instead of 50 years, $1.30 gas instead of $1.50, and 50-cent gas for municipal purposes.

Switzerland employs about 65,000 men in her metal and machinery trades.

"I had distress after eating and frequent headaches. Chamberlain's Tablets relieved me as soon as I began taking them three years ago. One bottle of these tablets cured me."—Mrs. Edward Raifsnider, Wabash, Ind.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. Josie Ham, R. F. D. 1, Box 22, Shamrock, Missouri.
