

POTTS DESCRIBES DEATHBED SCENE

Testimony of Father as to Attention Shown Wife Confirmed by Witnesses.

SON TELLS OF PRAYERS

Wide Divergence Shown in Medical Testimony, Each Side Declaring Other Radically Wrong in All Deductions Drawn.

CANTON CITY, Or., June 15.—(Special.)—The death scene of Mrs. Charles E. Potts was described by her husband on the stand today in his own defense.

Potts said he was awakened at 6 o'clock in the morning by his wife struggling and gasping for breath. Calling for help, he met her mother in the hall and together they returned to the room.

The mother drew her daughter to her, crying, "My girl, my girl, what is the matter?" and a moment later she died.

Potts said he did not talk to his wife the night before about embalming her body. He said she wanted to return to Los Angeles by wagon and her last words were that she wanted a certain blanket left in the bathroom. Potts said he never strangled his wife. He testified that he took her to New York for treatment, also to Chicago; to Denver, and spent three months on the desert in Arizona with her. He gave her every attention, put all his property in her name and put all his children in her name.

"I take pleasure in reiterating to you the assurance of my high and distinguished consideration."

(Signed) "V. CABRANZA."

"The undersigned renews on this occasion to your excellencies the plenipotentiaries of Brazil, Argentina and Chile, the assurance of his most distinguished consideration."

(Signed) "RAFAEL ZUBARAN CAPMANY."

The reply of the mediators sent by telegraph today follows:

"The first chief of the constitutional army, Venustiano Carranza, Saltillo, Mexico:

"I have had the honor this day of receiving the communication which you addressed us through your representative, Mr. R. Zubaran Capmany, and with reference thereto hasten to advise you of our opinion that you have not duly considered the final paragraphs of our note of the second instant. We greet you with our highest consideration."

(Signed) "D. DA GAMA, "Ambassador of Brazil, "R. S. NAON, "Minister of Argentina, "E. SUAREZ MEXICA, "Minister of Chile."

OBREGON RELATES VICTORY

Governor of Colima Rises Against Huerta, Too, Message Says.

DOUGLAS, Ariz., June 15.—General Alvaro Obregon's forces are now within 40 kilometers of Guadalajara, and also hold all the rest of the State of Jalisco, according to a telegram received today by Francisco E. Elias, border representative of the constitutionalists from Obregon.

Civil government has been established in the state by the constitutionalists, according to Obregon's telegram, with General M. M. Diegues as governor. Diegues, however, continues to lead his troops in the offensive movement against Guadalajara.

Federals have made several unsuccessful attempts to reopen the railroad between Manzanillo and Guadalajara, Obregon reported. They were interrupted by constitutionalists several times, he said. The most important battle having been fought between Manzanillo and Colima on June 10, when 250 federals were killed.

Alamillo, former Governor of Colima State, has risen against Huerta and is leading a large force of volunteers with the constitutionalists. General Obregon stated. He also reported the arrest and court-martial of a Catholic bishop and priest, each of whom was sentenced to eight years in prison on the charge of conducting a Huertista newspaper.

CITY LOSS \$26.88 DAILY

ONE SEATTLE TROLLEY EARNS \$22.16, OTHER LOSSES \$50.04.

Figures Covering Deficiency Are for 21 Days, While Those Covering Earnings Are for Only 14 Days.

SEATTLE, Wash., June 15.—(Special.)—Division A of the Seattle municipal street railway, running from Ballard, the sawmill section of the city, four miles to the heart of the downtown business district, was operated for 21 days at a total loss of \$117.75, or \$5.61 a day. This does not include any items of depreciation or interest on the \$400,000 of bonds, during the period of construction, but includes interest on this amount of bonds for the 21 days covered by the report.

These figures are shown in the trial balance of the department of public utilities for the period between May 23 and June 12. The same report shows that the Lake Burien line, known as Division C, during a period of 14 days, from May 29 to June 12, has earned \$23.87, or \$2.31 a day. This line was donated to the city by real estate men developing the southwest suburbs and the city's investment in the line amounts to \$27,200 for rehabilitation, which does not figure in the computation of earnings.

The report made to Superintendent A. L. Valentin today by his auditor shows that the revenues of Division A for the 21 days amounted to \$117.75, while the operating expenses, including \$93.88 for salaries and incidentals, \$19.90 for interest, \$1.88 for current and \$1.88 for sub-station employees, amounted to \$233.88, making a total deficit for the 21 days of \$117.75.

DISASTER INQUIRY TODAY
Empress of Ireland Fatal Crash to Be Taken Up Officially.

QUEBEC, Que., June 15.—Members of the commission that will investigate the loss of more than a thousand lives in the wreck of the Empress of Ireland May 29, near Father Point on the St. Lawrence River, left Montreal today for Quebec. They made the trip by boat.

Hearings begin here tomorrow.

WILSON APPOINTS NEW BANK BOARD

Modern Currency System to Be in Operation in Time to Aid Crop Movement.

GOVERNOR NOT YET PICKED

Charles S. Hamlin, of Boston, or Thomas D. Jones, of Chicago, Expected to Be Chosen. Latter Is Lawyer.

WASHINGTON, June 15.—Organization of the new National banking and currency system entered its last stages today when President Wilson nominated the five men who, serving with the Secretary of the Treasury and the Controller of the Currency ex-officio, will constitute the Federal Reserve Board.

Charles S. Hamlin, of Boston, was nominated for the two-year term; Paul Warburg, of New York, for four years; Thomas D. Jones, of Chicago, for six years; W. P. G. Harding, of Birmingham, Ala., for eight years, and A. C. Miller, of San Francisco, for 10 years.

Thus, eventually all appointments to the board will be for 10-year terms, the term of one member expiring every two years. President Wilson will select one of the men named today to be governor of the board. It is generally expected that Mr. Jones or Mr. Hamlin will be chosen.

Upon their confirmation by the Senate they will complete the organization of the new currency system. It is planned to have it in operation in time to care for the needs of the country during the crop-moving season this fall.

Mr. Hamlin, now Assistant Secretary of the Treasury, was chosen today after E. C. Simmons, of St. Louis, declined the place. Mr. Warburg and Mr. Harding are bankers; Mr. Jones is a lawyer and Mr. Miller is an economist, now Assistant Secretary of the Interior.

The nominations of the members of the reserve board go to the banking and currency committee. Although there may be some opposition to the men proposed, there is little doubt that they will be confirmed. It was said tonight that Assistant Secretary W. P. Malburn, who now has charge of customs in the Treasury Department, probably will be advanced to succeed Mr. Hamlin.

MILLER IS "U" PROFESSOR
President's Choice for Bank Board Is Economic Instructor.

SAN FRANCISCO, June 15.—A. C. Miller, of San Francisco, nominated today by President Wilson to the Federal Reserve Board, has been Flood professor of economics and commerce at the University of California since 1902. He was graduated from the university with the class of 1887, and has subsequently taken a master of arts degree from Harvard, studying abroad thereafter for two more years.

Later he became an instructor in the economics department of the University of California, and was associated professor of economics and finance at Cornell and professor of finance in the University of Chicago.

LETTER NOT CAUSE—SIMMONS
Missive Urging Congress to "Shut UP" Had No Bearing, He Says.

ST. LOUIS, June 15.—E. C. Simmons denied today a rumor in Washington that the letter from the Simmons Hardwarre Company regarding trust legislation was the cause of his declination to serve on the Federal Reserve Board.

"In fact," said Mr. Simmons, "I refused the place long before that letter was thought of. The situation was this: I was asked by a man whom I was assured spoke with authority if I would accept a place on the reserve board if it were offered. I said 'No.'"

Ten Cars of Steers Coming.

ASHLAND, Or., June 15.—(Special.)—Ten carloads of prime steers were unloaded here tonight for feeding and watering, previous to being forwarded to Portland. They are from Chico, Cal., and are being handled by A. F.

Hunt, of Portland, formerly a resident of this city.

CHAMBERLAIN FOR SPOILS

Oregon Senior Senator Against Civil Service, but Lane Votes "For."

OREGONIAN NEWS BUREAU, Washington, June 15.—Senator Chamberlain today again voted in favor of the spoils system and against civil service. Effort was made in the Senate to retract

the vote of Saturday which provided that trade agents of the Department of Commerce, for whom \$100,000 is appropriated, shall be appointed without civil service examination.

Senator Chamberlain voted against placing these appointees under civil service. Senator Lane again voted in favor of making them civil service officials.

Bill Waiving Age Limits Up.

WASHINGTON, June 15.—Senator Hoke Smith introduced a bill today to waive the age limitation for honorably discharged veterans of either Union or Confederate armies who seek appointments as fourth-class postmasters.

Fort to Be Used for Air Tests.

WASHINGTON, June 15.—The War Department has given the Department

of Agriculture the use of Fort Omaha, Neb., for experiments this summer with air currents by means of balloons and kites. Professor William B. Blair, of the Weather Bureau, has gone to Nebraska City to conduct the tests.

Lipman Wolfe & Co.
