

FINE QUARTER IN PARIS IS IN RUINS

Toll of Tempest Is 8 Dead, 8 Missing and 70 Injured. by Streets' Collapse.

WOODEN PAVEMENTS ROCK

Public Opinion Is Aroused by Disaster and Press Attacks City Authorities for Allowing Subway Honeycombs in City.

PARIS, June 16.—The death toll from yesterday's tempest stands at eight tonight. Eight other persons have disappeared as far as is known and 70 were injured through the collapse of sections of the Paris streets.

One of the finest quarters of Paris can hardly be recognized, so extensive was the wreckage caused by the storm. Police keep back the curious spectators, for the wooden pavement for yards around the great cavities caused by the flood undulates under the pressure of the moving earth beneath.

Police, firemen, soldiers and laborers are clearing away the debris in search of bodies, but the work is slow. Public opinion has been aroused by the disaster and the press is unanimous in its attacks on the authorities, who, it is pointed out, have permitted the capital to be honeycombed by subways, electric, water and gas mains, without a semblance of supervision.

Three additional cave-ins occurred today at the Rue Gluck, the Place de Rome, in front of the Saint Lazare station and at the Place d'Ena. At one of these points a telephone junction box was destroyed, cutting off 3000 subscribers.

A Troyes lightning struck a military tent, killing a soldier and injuring several others.

JURY BLAMES TRAIN CREW

Officials Also Share in Accusations Following Train Wreck.

UPLANDS, Cal., June 16.—Negligence on the part of a freight train crew and the railroad company officials was charged in a verdict today of a coroner's jury investigating the deaths of E. M. Crane and Charles Belden, of San Francisco, killed Friday night at Bagdad, when Santa Fe passenger train No. 4 ran upon an open switch and crashed into the rear end of a freight train. Twenty-three persons were injured. John Mathie, trainmaster, testified at the hearing that the diner, in which Crane and Belden were killed, and most of those injured were riding, was a wooden car.

T. T. Holman, conductor of the freight train, and L. Pollock, Holman's head brakeman, were held guilty of negligence, as was J. T. Vanderbeck, engineer. The officials were accused of negligence in not instructing employees to keep standard time.

WASHINGTON, June 16.—The United States revenue cutter McCulloch, which is now on its way to the Pribilof Islands, is carrying a moving picture operator, who will make films showing conditions throughout the seal-bearing islands off the Alaskan coast.

The three United States commissioners, Professor C. H. Clarke, W. H. Osgood and E. A. Preble, sent to investigate the seal fisheries, as well as Canadian commissioners, are on the McCulloch and will be accompanied everywhere on their inspection trips by the moving picture operator, who is to supply this Government with record films of seals and the seal fishing industry.

VANCOUVER, Wash., June 16.—(Special.)—The trial of John Gounalais, of Canada, charged with murder in the first degree, having admitted, according to Sheriff Cresap, that he shot his victim, Dan Grunas, five times in the face as he lay sleeping on the night of May 7, is under way.

PIONEER REUNION HERE

Arrangements Completed for Gathering to Be Held Tomorrow.

All plans have been completed for the annual reunion tomorrow of the Pioneer Association, having a membership

of pioneers in all parts of Oregon, Washington, Idaho and Montana. Indications are that the attendance will be large, many pioneers and their relatives already having arrived in the city and signed up at the headquarters at the Oregon Historical Society on Second street. Hundreds of others have arranged to arrive here today and tomorrow morning.

The reunion will commence at 2:30 o'clock tomorrow afternoon at the Masonic Temple. In addition to the pioneers coming for this special event there will be an attendance of the Indian War Veterans who are in the city holding their annual encampment. The programme as arranged includes a number of interesting addresses and a long musical programme. The session will be called to order by President Joseph L. Carter, of Hood River. Mayor Albee will deliver an address of welcome and President Carter will respond in behalf of the association. The annual address will be given by Grant B. Dimick, of Oregon City.

Erna Meeker will deliver a 10-minute address on "The Old Oregon Trail," which will be followed by a series of short addresses by pioneers on subjects pertaining to the events of the early days.

At 4:30 o'clock in the afternoon a banquet will be served followed by a social hour. A short business session will be held at the Masonic Temple at 7:30, followed at 8 o'clock by the annual pioneer campfire, with Colonel Miller presiding. Among the interesting features of this part of the programme will be singing by a veteran quartette and pioneer fiddlers. Those who will address this part of the programme are D. C. Bowers, Mr. and Mrs. George C. Rider and H. M. Jackson, all pioneers of 1852.

SHEROD LOSES HIS CASE

SUPREME COURT AFFIRMS DECISION OF LOWER BODY.

WASHINGTON, June 16.—With President Wilson insisting on the enactment of the full programme of anti-trust legislation at the present session and the Fall campaigns calling lustily for active work, Democratic leaders in the Senate today began preparations to put through the trust legislation and get away from Washington late in July.

There is every prospect that the Senate will pass all the annual appropriation bills by the end of June. As an evidence of the speed it can put on when it desires, the Senate today put through the diplomatic and the pension bills and got well along in consideration of the Indian bill. After the Indian bill is finished, only the sundry civil and rivers and harbors bills must be passed.

In order to give the committees handling trust bills more time for work, the Senate tonight agreed to meet hereafter until further notice at noon instead of 11 o'clock.

DANCE INSTRUCTION FREE

The latest machine records. Sixteen latest dance records and eight other selections including dance instruction records. All for \$5 a month

Bill dear we ought to hurry.

Yes love but I must see that this is done right.

In spite of their hurry, Bill Spivens and Lillian, en route to Vancouver, simply had to slow up to make sure that the message on the bill board was correctly placed by the great outdoor decorators, the Messrs. Foster & Kleiser. Artist Payne does not vouch for the life-likeness of either of the two gentlemen partners in the above illustration, but says that it shows exactly what high-grade, efficient, etc., bill-posting people should look like, especially when they find out what a beautiful new machine, with records free, can now be had at Eilers Music House, on payments of only \$5 a month.
