## CITY COMMISSION TURNS DOWN DIECK

All Salary Increases Named for Public Works Bureau Are Uniformly Rejected.

Defeated Department Head Votes for Daly's List of Increases, but Latter Joins Majority on Reciprocal Vote.

The Department of Public Works, un- the summit.

The Department of Public Works, under Commissioner Dieck, fared badly yesterday when the City Commission, at a special meeting, turned down all his recommendations for increases in salaries of his employes and passed the recommendations for increases made by all other Commissioners for their departments. The total increases for the remainder of the year allowed by the Council amount to about \$2500.

Increases were granted to two women clerks in the civil service bureau, to a number of water department omployes and to a number of others in bureaus under Commissioner Dialy. Although Commissioner Diack proposed increases for eight of the "higher ups" in his department and 17 subordinate employes, all were turned down by a vote of three to two. The vote was not the same for each department, the Commissioners shifting their votes as each bureau was considered.

General salary increases for policemen, fremen and members of the health department were granted Wednesday by the Council by a vote of three to two, at which time other proposed raises were put over for yesterday's special meeting, when segarate ordinances providing for the increases of the following numbers:

day's special meeting, when separate ordinances providing for the increases were considered one at a time.

The proposals of Commissioner Dieck then were voted down, Commissioner Daly joining with Commissioners Bigelow and Brewster against them. Mayor Albee and Commissioner Dieck voted aye. Commissioner Daly announced that he did not believe the increases justified, as most of those proposed were given increases January 1, when a majority of other employes were reduced.

Commissioner Daly announced that he did not believe the increases justified, as most of those proposed were given increases January I, when a majority of other employes were reduced.

Commissioner Dieck Turned Dows.
Commissioner Dieck had two ordinances, one granting large increases to "higher ups," and the other nominal increases to subordinates. Besides turning down those proposals, the Commission rejected Mr. Dieck's plan to create the position of "statistician" in his department, the ordinance being "indefinitely postponed.

Of the Public Utilities increases granted Commissioner Daly, 11 are in the engineering service, nine are clerks and six are inspectors.

The "higher ups" in Dieck's department who were refused increases were A. G. Johnson, W. P. Hardesty, C. J. Kruse, J. C. Sparks, C. F. Fisher, I. C. Anderson, A. F. Morris and J. J. Brooks. Others proposed for increases were H. S. Dulln, O. A. Kratz, L. G. Apperson, F. T. Fowier, Oscar Wikander, A. L. Powell, V. M. Page, G. E. Starks, T. B. Carroll, A. M. Piebuch, W. B. The increases as allowed have caused much ill feeling among other employes. When the Commission established its efficiency system January I it was understood that all employes who had good records at the end of six months automatically would be increased. hill Street Considered Today.

Whether or not Portland's public market on Yamhill street is to be doubled in size will be determined by the Council at a special meeting this morning, when an ordinance providing for an appropriation of \$250 to provide for 50 more market stalls between Fourth and Fifth streets will be up for passage.

Commissioner Bigelow will present an ordinance also providing for an ap-

en ordinance also providing for an ap-propriation of \$150 for the erection of booths in the Albina market. Market Master Gill appeared before the Coun-cil yesterday and decisred that the Yamhili market is an unqualified suc-cess and should be double in size.

THEFT CHARGED TO BOYS era appeared to be against the plan. Mr. Todd has not yet made a decision Arrested Accused of Stealing

Dozen Pairs of Gloves.

Arthur Baletski, 17 years old, of 714 Minnesota avenue, and James Sahlmann. 15 years old, of 715 Montana avenue, were arrested by Detectives Coleman and Snow yesterday afternoon and charged with the theft of a dozen pairs of gloves from the glove-making shop at 725 Minnesota avenue. The boys confeased to the theft of one pair of gloves each, but denied the other part of the theft. They are said to have climbed over the roof of another building and into the rear window of the glove-making establishment, which is housed in a dwelling.

They were turned over to the Juvenile Court.

#### Y. M. C. A. TO CLIMB PEAK

Party of 20 Now Is Being Planned for Fourth of July.

The first large party to attempt the ascent of Mount Hood this year is be-

ing organized by the physical department of the Portland Young Men's Christian Association. This is the eighth consecutive year that one or more such trips have been arranged by the Y. M. C. A., and it is possible that other parties may be organized later in the season.

The trip now being planned will start on July 2, the party leaving for Hood River, where it will spend the night. The next day it will go on to Government Camp, and on July 4 the ascent will be made. The return will be down the west slope of the mountain, the night of the Fourth being spent at Government Camp. At Rhododendron automobiles will be taken for Portland.

LISTS APPROVED

the Fourth has been discussed, but will not be carried out. The Y. M. C. A. last year tried this, but weather conditions made the attempt unsuccessful. At that time S. W. Harris, one of the Y. M. C. A. secretaries, who thought he saw the fire from Portland, declared he would carry out the plan this year. Mr. Harris recently left for Duluth to reside and no one else has offered to head a party to remain all night on the summit.
