

# PRISONER WHO SENT PROXY IS CAPTURED

### Forger Cannot Be Extradited but Japanese Promise They Will Prosecute Him.

## SUBSTITUTE IS SET FREE

### Theory of Remarkable Escape Is That Grimes Got Custodian Drunk and Delivered Drugged Sailor in His Own Place.

SAN FRANCISCO, June 18.—Peter A. Grimes, convicted forger, who is believed to have drugged Albert Johannsen in a Nagasaki saloon and substituted Johannsen, a Norwegian sailor, for himself just before his transfer under guard to the transport Sheridan, has been apprehended near Nagasaki by the Japanese authorities and is now in custody, according to information received from Washington by United States District Attorney Preston tonight.

Johannsen, unable to speak English and explain himself, was brought here as Grimes, and had served two days of Grimes' three-year term in San Quentin penitentiary before the discovery of Grimes' daring escape was made.

Victim at Once Set Free. After the full facts came to light yesterday a writ of habeas corpus was filed for Johannsen's release and when the case came before Judge Dooling in the United States District Court today the Norwegian was set free immediately.

Technically Johannsen is free on his own recognizance and his formal writ of release was made returnable June 27, but the Federal authorities are convinced of his innocence and are due to the news of Grimes' capture was received by Preston from the Department of Justice at Washington, which had learned it through the State Department.

Japan Will Prosecute. The State Department received messages early today from the United States Consulate at Shanghai and Nagasaki confirming the substitution story and later news of Grimes' arrest. Preston was told that Grimes could not be extradited, but that the Japanese government had given assurances that it would prosecute the forger.

Preston was requested to gather all possible evidence from Johannsen and forward it to the Japanese authorities at Nagasaki.

The theory of Grimes' escape is that when he was in charge of a deputy marshal at Nagasaki he got the deputy drunk, and then, picking up Johannsen in a saloon, gave the sailor a stupefying drug and himself delivered Johannsen over to the officers of the Sheridan as the prisoner.

## I. W. W. NOT CONCILIATORY

### Official Says Arbitration and Mediation Are Rejected as Useless.

NEW YORK, June 18.—Edward Zureher, secretary and treasurer of the Industrial Workers of the World, expounded the beliefs of that organization before the Federal Industrial Commission, which today held its last meeting in this city.

He said that the leaders of the 1913 strike among the Paterson silk workers had never counseled violence or approval of it. Most of the bombs set off at the time of the disorder, he contended, had been planted by detectives employed by mill owners.

Zureher declared upon questioning that sabotage was common in all industries.

"When a hand wants a day off and can't get it, he drops a screw driver into machinery," said the speaker.

"The I. W. W.," he continued, "does not advocate arbitration, mediation and conciliation. These methods have been rejected by the workers and have never proved a success."

## GARFIELD STEERS SHIPPED

### Average Increase in Weight Since Fall Is 200 Pounds.

POMEROY, Wash., June 18.—(Special.)—The annual June turn-off of fat beef in Garfield County began this week with the sale of 330 head of steers to Seattle packers. Last winter's feeding of beef was an unprofitable undertaking for the growers.

"The profit is in the increase in weight, which has been about 200 pounds a head, obtained with little feed besides grass, as last winter was a mild one. The cattle are smaller this year owing to the class of imported stock. Native Garfield County steers frequently run as high as 1800 pounds."

## M. F. PLANT MARRIES AGAIN

### Yachtsman Widower Since August, Bride Divorced Last April.

NEW LONDON, Conn., June 18.—The marriage of Morton F. Plant, yachtsman and capitalist, and Mrs. Eileen B. Manning, of Hartford, at Grandford House, Eastern Point, yesterday was formally announced today.

ing that the payroll of Nicaragua was filled with Americans, and intimating that political intrigue by banking interests has figured in putting the present Nicaraguan government in power.

The Colombian treaty, also before the foreign relations committee, did not come up for discussion today. It was made public tonight by the Senate and the correspondence which preceded it also will be published later.

## Colombian Minister Denies Graft.

Reports that the \$25,000,000 to be given Colombia under the treaty might be largely spent in enormous fees and in strengthening the country's military establishment brought a denial tonight from Senor Betancourt, the Colombian Minister.

"The minister declares," said a statement issued from the legation, "that the sums to be paid by the United States to Colombia will be entirely spent in works of peace and progress, such as railroads, sanitation of ports, colonization and cultivation of public lands. Mr. Betancourt's most sincere task has been and is to re-establish the old and cordial relations which have so long existed between the two countries for their mutual and reciprocal profit and for the ultimate ends of civilization."

## QUINCY DIRECTOR DEFEATED BY SOCIALISTS AT ELECTION.

### Followers Cheer for Mrs. Foreman When Her Faction Gets Majority. Losing Side Charges Illegal Voting.

CLATSkanie, Or., June 18.—(Special.)—Socialist backers of Mrs. Flora I. Foreman, the teacher at Quincy arrested recently on a charge of forcibly entering the schoolhouse at the head of a band of her followers after she had been dismissed, won the school election there Monday.

The vote was 55 to 50 and the Larsen faction charges that the result was due to illegal voting by some of the Foreman faction. Although it is said that Mrs. Foreman will not teach school next term, the election has renewed the fight between the two factions.

Mrs. Foreman was present at the meeting. The vote was heavy for this district. When the result was announced the followers of Mrs. Foreman gave a demonstration for her. They cheered, shouted and stamped their feet and hurrahed for Mrs. Foreman and the Socialists.

The defeated faction charges that some votes were cast by residents who had never owned even a dog or cat, but tax receipts were produced by the voters in question.

Charles Johnson, manager of the Farmers' Co-operative Store, was elected clerk for one year. Mrs. Bird B. Clarke was elected principal for eight months and a Miss Howard was elected to teach one of the other grades.

Two of the Board, J. A. Lumijarvi and John Jolma, were retained as directors for one and two years, respectively.

## CONVICTED TELLER FREE

### MINISTER SAID TO HAVE INTERCEDED WITH BRYAN.

Prisoner, sentenced to five years, in Man Who Caused Arrest of Cuban Currency Thief.

ST. LOUIS, June 18.—Harry C. Baseler, ex-paying teller of the Third National Bank here, sentenced June 11, 1913, to five years' imprisonment for embezzling \$15,000 from the bank, has obtained his freedom and has been with his family here for 10 days.

This became known today when United States District Attorney Houts said Baseler's attorney had telephoned him of the commutation of his client's sentence. Mr. Houts said he had not been informed officially of the release of Baseler.

After reports that a high Government official had interceded in his behalf were circulated Baseler said he understood Rev. Harris Gregg, pastor of a Presbyterian Church here, had gone to Washington to see Secretary Bryan in his behalf.

Baseler is the teller who brought about the arrest of Raymond Llano, when the latter attempted to change a \$10,000 bill that was part of a \$200,000 currency shipment stolen in Havana, Cuba, a few years ago.

Grange Complains of Telephones. HOOD RIVER, Or., June 18.—(Special.)—The Parkdale Grange probably will make a complaint to the Railroad Commission because of alleged poor service of the Oregon-Washington Telephone Company, according to J. F. Thompson. "At the present time," said Mr. Thompson, "we are charged \$1 a month for our telephones, with an extra charge of 5 cents for each call to the lower valley."

## YOU'LL NEED FURS

that conform to prevailing styles.
