## "Disturber IV" to Pump Vacuum Ahead of Course.

### OTHER CHANGES RADICAL

American Beaten by France and England Last Year Designs Craft Expected to Make Show-ing This Summer.

CHICAGO, June 19.—A motorboat in the construction of which all previous laws of hull and engine construction have been largely disregarded will represent the Chicago Yacht Club at Cowes, England, next August in the contest for the Harnsworth trophy, emblematic of the world's championship.

The new boat, Disturber IV, owned by Commodore James A. Pugh, will accompany the latter when he sails from New York on June 18. Last year Commodore Pugh, with Disturber III, won the American free-for-all at Chicago, but was badly beaten by both France and England. Commodore Pugh expects to do better this time.

To do this, I realized that radical departure from present types was necessary," he explained today.

The new boat weighs eight pounds more horsepower, or eight pounds less than any other speedboat thus far constructed; it has an air pump with a pressure of nine pounds to furnish an air cushion between the hull and the water; it has 24 cylinders developing 1800 horsepower at 2700 revolutions of the screw per minute. The boat weighs 14,400 pounds. The propellers have 18-inch blades with a 60-inch pitch, which it is calculated will give the boat a five-foot jump at each revolution.

### GRAMMAR SCHOOL MEET TODAY

11 Postponed Events Scheduled for This Morning at Multnomah.

The much postponed annual Portland Grammar School track and field meet will be staged this morning on Multnomah Field. The first event will be started at 9:30 o'clock in order to have the last of the 11 events run off by noon.

Robert Krohn, physical director of the local schools, who has charge of today's meet, is making arrangements to handle more than 200 runners. This number would have been greatly increased had it been possible to hold the meet on the original date, when the schools were scheduled to meet.

Entries from 40 schools were received for the original meet and in all probability the same entries will hold good for today. But one entry in each event from each school will be allowed. This will permit the running off of the events faster than under ordinary conditions, when several heats in each event have been necessary.

Last year the Holladay School, with its team composed of Giltner and Cuniff, took first honors with four first places and 20 points, while the Shattuck School was second with 16 points. All officials for today's meet have not been named, but Robert Krohn, Jr., will be starter and Hugh Boyd and L. E. Read timekeepers.

Following are the events this morning: 50-yard dash, for entrants under \$5 pounds; 60-yard dash, under 100 pounds; 75-yard dash, under 115 pounds. The remaining events will be 100-yard, 150-yard, 200-yard, 300-yard, 400-yard, 500-yard, 600-yard, 700-yard, 800-yard, 900-yard, 1000-yard, 1100-yard, 1200-yard, 1300-yard, 1400-yard, 1500-yard, 1600-yard, 1700-yard, 1800-yard, 1900-yard, 2000-yard, 2100-yard, 2200-yard, 2300-yard, 2400-yard, 2500-yard, 2600-yard, 2700-yard, 2800-yard, 2900-yard, 3000-yard.

Outlet Makes Poor Showing in Open Golf Championship Play.

PRESTWICK, June 19.—Harry Vardon, of South Hertfordshire, England, today for the sixth time won the British open golf championship.

Francis Gulmet, American open golf champion, again fared badly. He took 55 strokes for the third round of 18 holes, bringing his total for the first three rounds to 250. With only one more round to play, this left him in a hopeless position.

John Henry Taylor, five times winner of the open championship title and its present holder, led the field at the end of the third round with an aggregate of 228.

### Then—and—Now

sixty-eight years ago the first match game of baseball in record was played. The game was between the Knickerbocker and New York baseball clubs in the Elzian fields at Hoboken, N. J.

The players were members of the leading New York families in the sport as a pastime. A bevy of belles in the group of spectators seemed like a social function.

The field was marked off into the diamond shape so familiar today. None of the players wore gloves, masks, or protectors. It was the custom to bat the batter to say where he wanted the ball thrown. The pitcher, or "river," as he was called, delivered it with an underhand motion, according to the rules of the game. It was his duty to pitch the ball so that the batter when he threw the ball over his hand, hence the rule.

The catcher stood at a safe distance behind the batter, ready to catch the ball on the bound.

The rules dictated that if he caught the third strike on the fly, he was to rapidly become international.

### FEDERALS MAY COME IN

MAJOR MAGNATES SAID TO HAVE PLANNED TO END BALL WAR.

International and Association, Hit by Outlaws' Competition, Due to Force Draught Move Is Rumor.

NEW YORK, June 19.—Although representatives of organized baseball were in numbers today, presumably to consider ways and means of offsetting Federal League opposition, there was little evidence of serious consideration of the question by the magnates.

Governor Tener, of Pennsylvania, president of the National League, presided at a brief session of that major organization, at which representatives of all the clubs were present, but so far as could be learned no action was taken. The meeting adjourned to tomorrow to see what, if anything, would be done at a meeting of the National Commission.

Various rumors were in circulation as to the probable action to be taken. That out of war peace might be evolved was one persistent report. This was emphatically denied, it was said, involved satisfying in one move the demands of the American Association and International League, which wish to be raised to the major league status by the abolishment of the draft and composing the opposition of the Federals by taking them into the ranks of organized ball.

The coalition of Federal and International League clubs in Baltimore and Buffalo and the provision of a place for the Wards, of Brooklyn, by admitting that city to the International League circuit were moves included in one plan reported to be under consideration. Similar moves among the Federals were declared to be in contemplation to solve the difficulties surrounding consolidation in the western territory.

Dissatisfaction among International League magnates with existing condi-

tions was strongly in evidence. Manager Dunn, of Baltimore, whom the opposition of the Federals has driven to a desire to transfer his franchise, said that he would not wait later than Sunday to decide what he would do in reference to acceptance of offers which have been made to him for the sale of half a dozen of his players, for whom President Comiskey, of the Chicago Americans, would pay \$50,000, or the transfer of the Baltimore franchise to Richmond, Va., for a similar sum. Dunn to retain 51 per cent of the club's shares.

Dunn will ask the Commission to waive the draft rule, and should this be done, similar applications are expected from the American Association and Pacific Coast League. He and others believe a major league status would help in combating Federal League opposition in such cities as Baltimore and Buffalo.

### Federals' Suit Postponed.

CHICAGO, June 19.—The Federal League's suit to enjoin Pitcher Blanding, of the Cleveland Americans, which was to have been completed today, was continued to July 15.

### ROD MURPHY WANTED

MCCREDIE MAKES OVERTURES TO OAKLAND MANAGER.

Portland Club Offers to Buy Promising Utility Infielder for Outfield or to Give Second Sacker in Trade.

SAN FRANCISCO, June 19.—(Special.)—Rod Murphy, Oakland utility infielder, is being sought by Portland, McCredie turned on Tyler, Christian this morning and launched a fusillade of reasons at him in an effort to obtain Murphy, whom he proposes in lieu of one of the trio at present guarding the outfield regions.

Murphy was an outfielder before joining the Oakland club, and since the

fact became known to the Portland box he has been attempting to move heaven and earth in an endeavor to get the lad on his salary roll. He offered to take Murphy via the straight sale route to give him a second baseman in exchange. "The trade will be as much to your advantage as mine," McCredie told Christian in a letter, which the Oakland manager received this morning.

But Christian has other plans for his young protege. While he will hardly waive the draft rule, McCredie has been seen in the Oakland lineup this three as a regular. Christian declares Murphy appeals to him as one of the most promising young players in the league, and if waivers could be secured on him his plan would be to farm him out to some smaller league for a few months where he would have the advantage of daily playing.

### MAJOR LEAGUES NOT DRAWING

Contract Jumping and Squabbles Disgust Public, Says Comiskey.

CHICAGO, June 19.—Baseball gate receipts have fallen off heavily and three major leagues this year will make less money than two did last year. This statement was made yesterday by Charles A. Comiskey, president of the Chicago Americans. Comiskey declared that the public was weary of the wranglings and contract jumping which had thrown into the background the sporting features of the pastime.

"Minor leagues will suffer the same as the majors," said Comiskey. "It is all due to contract jumping and the demoralized condition of the players. There is no use trying to hide the true state of affairs. The public sees the true condition of the game even more quickly than the players. It has been the players, aided and abetted by club owners and their agents, who have brought baseball to the condition prevailing at the present time."

"If there is room for three leagues well and good. The gate receipts will tell the story. The players have a right to get more money if they can, but not at the expense of their consciences in jumping their contracts."

"It is not so much a question of

losing money as it is of keeping up the standard of the game. If that is lowered the public will desert it."

### VIRGINIA WINS, DISQUALIFIED

Mendenhall's Sloop Leaves Three Others, but Start Is Wrong.

The Virginia, Commodore Mendenhall's trim sloop, came near winning another race last night at the Oregon Yacht Club when it ran away from the Grayling, the Sparrow and the Keanoa. But it was disqualified for having started on the wrong side of the line, and the Grayling, Captain H. F. Todd's boat, dropped into first place. Sholly's Sparrow was second, and the Keanoa, which the Virginia dropped out, finished third.

The Virginia passed over the line three lengths ahead. The time difference was 28 seconds. The race again was over the course from the Yacht Club to the Hawthorne bridge and back, a distance of seven miles.

It was a lively race, in a good breeze all the way around, with the Virginia consistently in the lead.
