

STATE PREPARES TO ENFORCE DRY LAW

Breweries in West Virginia to Be Converted Into Various Other Forms.

"RAZING" TO BE AVOIDED

Amendment Effective July 1 Said to Contain Destruction of Property Involved in Illegal Business.

WHEELING, W. Va., June 21.—(Special.)—The State of West Virginia will be dry territory on and after July 1 next, if the amendment added to the constitution by more than 100,000 majority of the voters of the state at the general election in November, 1912, is enforced. Brewery properties valued at fully \$6,000,000 must be abandoned as breweries on that date. Several of the companies, however, already have made plans toward converting their plants. Some have decided to operate as ice and storage structures, others as amusement halls, and still others as packing houses.

In this connection little choice is left the brewing companies, inasmuch as the new law makes it an offense to manufacture brewery products in the state.

Retailers Also Preparing. While the law is less drastic with reference to dealers, providing only for confiscation, retail dealers, without exception, are making plans toward accommodating themselves to the new order and have leased their rooms for restaurants or pool rooms largely.

Still another class, however, probably will not be deterred from doing an illegal business in intoxicants, inasmuch as the Federal authorities, when pressed for a reply to a question as to what they purpose to do, remarked that the state constitution could not transcend the Government's regulations, and that the Government made a practice of issuing licenses to all who apply, no matter whether in wet or dry territory.

Buildings May Be Razed. One feature of the law promises to make property owners take a second thought before leasing buildings to persons likely to operate "speakeasies," and this is a clause that provides for the abatement of nuisances, which has been interpreted by the courts to mean that any buildings may be razed. In this connection, however, the State Tax Commissioner, who is ex-officio commissioner of prohibition, holds that a citizen may have in his home an unlimited quantity of intoxicants and can "treat" bona fide guests without being amenable to the law.

GENERAL CHAO NOT EXECUTED

Neither Has Villa Proclaimed General Angeles President.

TORREON, Coahuila, June 21.—Rumor that General Angeles had been proclaimed provisional president by General Villa and General Chao had been executed were denied today by General Villa. As soon as the representatives reached his headquarters General Villa said that he had heard nothing of General Angeles' dismissal from Carranza's cabinet, as reported at Saltillo. Chao was seen here two days ago as he was about to entrain his troops to move against Zacatecas. Angeles has been near Zacatecas with the artillery brigade for the last four days. The report that Angeles had been proclaimed provisional president was received at headquarters here with frank surprise. "The story that I executed General Chao is a malicious lie," said General Villa. "General Chao is with the division of the north near Zacatecas and far from dead. Two days ago he was a guest at my house and the two of us parted on the best of terms. The story is a fabrication. I must say the

PLENIC GROUND IS THREE; ONE SHOT

Women and Children at Eagles' Outing Have Narrow Escape From Flying Bullets.

ITALIAN IS OVERPOWERED

Hugh Ferguson, Wounded, Rushed to Hospital From Bonneville. Jim Petrone, Who Shoots at Random, and Partner Jailed.

Hugh Ferguson, of 544 Overton street, was seriously but not fatally shot yesterday afternoon at the Eagles' picnic at Bonneville when he tried to wrest from the hands of Jim Petrone, an Italian grocery clerk, a revolver, which Petrone was discharging at random in the picnic crowd.

Three shots were fired, but no one except Mr. Ferguson was wounded. In the melee that ensued, while he and others were conquering Petrone, G. Gallucci, a saloonman, was badly beaten and most of his clothes were stripped from his body, as he tried to aid his fellow-countryman to combat the others.

Two Italians were ordered off the dance floor earlier in the afternoon, because they insisted on "ragging" together, and Petrone is said to have taken up their quarrel. Both Petrone and Gallucci were arrested by Special Agent "Bud" Hunter, of the O. W. R. & N. Company, which owns the picnic ground, and taken to the county jail in Portland.

Injured Man Rushed to City. Mr. Ferguson was hurried to Portland in the picnic train, which was given right of way to Portland. A Red Cross ambulance met the train and took Ferguson to Good Samaritan hospital. He lay beneath the seventh rib on the left side. Dr. Andrew C. Smith removed it. Both Mr. Ferguson and C. L. Fisher, a contractor, of 575 Sherlock avenue, are credited as members of the lodge with bravery in battling with Petrone. When Mr. Ferguson was shot he fell against a tree and Mr. Fisher, who jumped upon Petrone, wrested the gun from the Italian's grasp.

Jack Quinn, watchman for Mr. Fisher, suffered bruises about the face when he saw Petrone pull the gun from his hip pocket, and level it. "I asked him, 'Are you going to shoot some of these people?'" he asked me with the gun, hitting me in the face and knocking me down," said Mr. Gavin.

Women and Children in Danger. The picnic was given by Portland Aerie No. 4, Brotherhood of Eagles. H. Enke, vice-president of the lodge, said last night, that he did not know how the two men came to attend the picnic, but that so far as he knew neither was a member of the lodge. One hundred and seventy-five persons attended the picnic.

The shooting occurred about 5:40 P. M., when a tugboat contest, the last of a series of athletic events, was being held. Earlier the two Italians ruled members of the lodge were talking with Petrone and Gallucci.

Women and children of the families of members of the lodge narrowly escaped from the flying bullets. Edward Johnson, her ten-year-old girl being closest to the fight.

Harry Q. Aldrich, an ex-deputy sheriff, was in the party and he was heard to be urging to bring the two men to Portland.

Petrone is charged with assault with a dangerous weapon. An eye witness, of Lewiston, whose exact connection with the affair has not yet been sifted. Petrone said that he worked in a grocery store at 812 1/2 street and Gallucci was the owner of the Moon Saloon, First and Jefferson streets.

Gallucci's face is bruised and lacerated.

HINDUS AROUSE MAYOR

MASS MEETING IN VANCOUVER TO BE CALLED AT ONCE.

Energetic Measures to Force Departure of Immigrants Are Suggested—Court's Delays Feared.

VANCOUVER, B. C., June 21.—(Special.)—In addition to the habeas corpus proceedings entered by J. Edwards, counsel for the Hindus, in an effort to bring the whole Hindu question before the court, Mayor Baxter, at the request of various public bodies, has decided to call a public meeting Monday or Tuesday evening for a discussion of the subject. The meeting will be held in the Horse Show building, which seats 6000.

It has been suggested that energetic measures should be taken to force the departure of the Hindu ship. While he would not say in so many words, it was said that Malcolm Reid, chief immigration official here, believed this to be the most effective means of getting rid of the vexatious problem.

That a conspiracy has been hatching for days between the Hindus on the steamer and those on shore has been known, the object being to put Immigration Officer Reid and his assistant, Mr. Hopkinson, out of the way, though by what means has not been ascertained. Plain clothes officers have been guarding both officials the past few days.

The Hindus lay the blame for their detention on the steamer on both men. Mr. Hopkinson, who has resided the greater part of his life in the Punjab and talks Hindustani fluently, has been at several meetings of Hindus in their temple and has learned what has been taking place. His disguise was not discovered until recently and now a secret password is being used and changed every day.

NEW PLAN OFFERED

Americans and Rebels May Confer Separately.

MEDIATORS SUGGEST WAY

Washington Government Reported to Have Extended Invitation to Carranza to Send His Delegates to Niagara Falls, N. Y.

NIAGARA FALLS, Ont., June 21.—The mediators proposed a new course of action today which will not only prolong the proceedings, but eventually may work out a solution of the Mexican problem.

The plan contemplates separate conferences between the Americans and representatives of the constitutionalists. Justice Lamar and Frederick W. Lehmann would continue their dealings with the Huerta delegates through the mediation board. In this way all elements in the Mexican situation would be drawn together and there would be no necessity for the declaration of an armistice until some agreement was reached and approved by the rebels.

Plan Fruit of White House Call. The plan was said to be a result of the visit of Minister Naon, of Argentina, to Washington, where President Wilson is understood to have emphasized the written statement of Justice Lamar that any agreement reached by the mediation board which was not approved by the constitutionalists would be "a paper agreement" and would not accomplish the sole purpose of the United States, the pacification of Mexico.

It was reported tonight that the Washington Government already had extended an invitation to General Carranza to send his representatives to Niagara Falls, N. Y., to confer with the American delegates, but confirmation was lacking.

Mediator Calls on Americans. The reported departure of Fernando Iglesias Calderon, leader of the Liberal party, from Saltillo for Washington was

Baroness von Suttner, Victim of Treatment for Obesity, to Be Cremated Without Religious Observance or Flowers.

VIENNA, June 21.—Baroness Bertha von Suttner, the Austrian writer who had devoted most of her life to the cause of peace, and to whom the Nobel peace prize was awarded in 1905, died today.

Baroness von Suttner had been ill three weeks. She was undergoing a cure for obesity which her constitution proved unable to bear. She gave instructions that her body be cremated at Gotha, without religious ceremony, speeches or flowers, her ashes to be deposited in a columbarium there.

Born in 1814, the daughter of Field Marshal Count Franz von Kinsky, the Baroness became noted as the editor of Die Waffen Nieder (Lay Down Your Arms), the magazine of the International Peace Bureau in Bern, which was named after a novel written by her in 1859, designed to spread the idea of peace throughout Germany and Austria.

When a girl Baroness von Suttner was betrothed to Prince Adolf Wittgenstein, but he was killed in a battle. In 1874 she was married to Baron von Suttner who died in 1902. In 1912 Baroness von Suttner spent six months in the United States, where she delivered a series of lectures to promote the cause of peace.

The Baroness was at one time secretary to Alfred H.
