RAID HEARING IS TODAY

MAYOR SEEKS REVOCATION OF RICHARDS' GRILL LICENSE.

Officials and Proprietor Are Expected to Present Evidence Before Special Meeting of City Commission.

Revocation of the liquor license of Richards' Grill, which was raided by Will H. Warren, private secretary to Mayor Albee, and a squad of policemen, will be sought by Mayor Albee at 3:20 P. M. today at a special meeting of the City Commission. The proprietor and others interested have been invited to appear before the Council and present their case. The special meeting was arranged at the request of Mayor Albee at a meeting of the Council yesterday. In making his request Mayor Albee said he believed the evidence gathered warranted taking away the liquor privileges. Members of the Commission said they believe there are other places which are not being conducted properly. Mayor Albee said he has suspicions to that effect and is at work on these cases. He says Richards' Grill is not to be the only one in which the liquor privileges are to be contested. At the hearing today it is expected there will be considerable evidence heard both from the proprietor of the grill and from those whom Mayor Albee has had working on the investiga-

INSPECTORS ARE NAMED

DR. C. M. GARDNER WILL TAKE CITY OFFICE JULY 1.

Dr. Stickney Explains That New Ordinance Will Not Entail Any Cost and but Little Trouble.

Dr. C. M. Gardner, a graduate of the Chicago Veterinary College, and for about two years assistant State Veterinarian of Idaho, was appointed city meat inspector yesterday, to fill one of the two positions created by the City Council in the new meat inspection ordinance. Dr. Gardner will take office July 1 preparatory to entering the field for active service July 10. Dr. Gardner was graduated in 1910. At that time he went into the inspection service and spent two years in the packing plants. Since then he has been in Idaho and in private veterinary practice in Portland. Chief Meat Inspector Stickney said yesterday that he is completing plans for the enforcement of the meat ordinance as soon as it goes into effect July 10. He says he believes all meat dealers will take to the ordinance willingly when it becomes effective. There is a misconception of some of the provisions which he says has caused some of the shippers to fear that they would have to give up the Portland market. "There is no cause for any person quitting the market here because of the new ordinance, unless it is the man who is shipping in unfit meat," said Dr. Stickney yesterday. "There will be no fee for inspection, in spite of an impression to the contrary which has gone the rounds. "The ordinance will not cause any inconvenience or expense for any shipper, except perhaps for farmers hauling in by wagon, as they will have

OREGONIAN NEWS BUREAU, Washington, June 24.—A. S. Heald, H. C. Kelger, W. L. Burnes and T. Den Harper, of Portland, and Lloyd Tall, of Grants Pass, today were appointed railway mail clerks.
