Roes to Anaconda, 30 miles from Butte, will be met by a delegation of men who opposed him in Butte. The Ana-conda union officials said they had not asked their general president to speak, but that a hearing would be granted him. The newly organized independent union of miners announced that its first regular meeting would be held next Tuesday. The city had resumed normal today. All mines were working and the sa-loons, which had been ordered closed after the riots of Tuesday night, went on a 21-hour basis once more.

CHILDREN TO KEEP FUNDS

Money From School Garden Prod-

ucts Not to Equip "Gyms."

Boys and girls who sell products from the school gardens will be al-lowed to keep the money they get from the sales. Such is the decision of the school au-thorities and of M. O. Evans, supervisor of the school gardens. Reports that this money was to be diverted into funds for purchase of gymnasium ap-paratus were unfounded, say the au-thorities.

Efforts also will be made to continue the gardens through the Summer. A set of rules has been prepared that will preclude the possibility of garden tracts becoming overrun with weeds.
