No Contracting in Country for Early Shipment Is Reported-Market Is Now on European Export Basis.

No wheat contracting was reported at the opening of the week. It is believed that most of the sales made for early shipment the Orient have been covered. The price now quoted on new club are on the European export basis of Tr cents. These prices are not attractive to sollers, and offerings from farmers were much lighter yesterday than After the first of the month, it hoped, business will open up more active-

Chlorgo was weak yesterday, July clos-ing %c under Saturday and the distant menths lesing nearly a cent, but there was mens at Liverpool, where gains of % to cent were recorded after the slumps of week. Commenting on the late decline \$\frac{1}{1}\$ cent were recorded and the late decline last week. Commenting on the late decline in European wheat markets, Broomhall suys:

\$\frac{1}{2}\$ in European wheat markets, Broomhall suys:

\$\frac{1}{2}\$ this weakness was largely attributable per pound; apricots, \$1.50 per box; cantable to the outlook for the American Winter to the outlook for the outlook f

fusing to compete with America at reduced prices, and they continue to hold firmly, and this accounts for the liberal American and this accounts for the Hooral American export taking during the past fortnight. Hussian crop authors continues fair, and although the authors in Houmania is rather poor, the crop will move early. I think that Russian sellers are likely to offer sparingly if prices continue at the present depressity if prices continue at the present depressity if prices. ion, as the general belief is that shipments rom the Southern hemisphers and India ill continue small during August and thence to December. The import demand is still ndicated as being large, although crops in mporting countries are better." The foreign crop summary of Broomhall

United Kingdom-The general outlook for wheat is satisfactory, but the Spring crop

wanting rain. There are fewer complaints coming to hand regarding the outlook for wheat and some improvement has been noted as a of recent rain. Crops in some parts

ain and potatoes is good and rye shows at The weather is generally

onsidered as favorable. Supplies are in-

Two cars of new crop Walla Walla onlone will reach Fortland today. They are being brought here because of the high price of California enions, but dealers discourage such shipments, because the northern onlone are immature, and it was not expected to start the shipping of them until July 10, when they would be in good condition for market. The strength of the California chion market is due to the light standard to the property of the condition of the California chion market is due to the light standard to the condition for the california chion market is due to the light standard to the condition for the california chion market is due to the light standard to the condition for the california chion market is due to the light standard to the condition of the california chion market is due to the light standard to the california chion called the california chion called the enton market is due to the light stocks California dealers are now contracting for egon onions at \$1.

Pruit business was brisk yesterday, because of the warm weather. Two cars of extermelons arrived and were quoted at \$ to 2 cents. Two cars of California treen fruit, including Bartlett pears, plums and peaches, also arrived. The berry market was inclined to be top

avy. Strawberries are still coming in, but e guing begging at 75 cents. Cantaioupes, spite of excessive arrivals, are holding eir own with \$2 about the top. On the ed the same grade of fruit is bringing

shape, as there is less disposition on the part of some of the dealers to shah prices.

MOP CONTRACTING IN CALIFORNIA Beavy Rusiness Is Done in New Crop

Sacramentos. Fifteen cents was freely offered in Oregon id Washington for new crop hops, but no

business was reported closed in this state. Hansen and Egiln, of Yakima, sold 100 bales of their crop on contract. Trading in futures in California was on a lurge scale. The Del Paso Land Comcontructed 1006 bales of its Sucra mento crup to two buyers at 1314 cents for three years. Flint secured a one-year coaact on 800 bales of Sacramentos at 14 cents to the grower. One hundred bales of Sonomas were also contracted, but the price was not learned. Stone, of Sonoma, sold 100 cales of spots at 14% cents.

Uncandled Eggs Not Wanted. There was no material change in country NEW YORK, June 29.—Spot cotton quiet; reduce lines at the opening of the week. middly g. 13.270; guif, 13.05c. Sules 54.

Candled eggs were generally quoted at 25 cents on the street. There was but little demand for uncandled eggs.

Poultry sold at Saturday's prices. Dressed meats were steady on fancy grade.

Cube butter, both from country and city creameries, was offered freely. Print quotations were maintained. Cheese was un-

Bank Clearings.

Roumania—The weather is unsettled. Crop prospects continue to show an improvement and this is especially true of corn. The wheat crop will be very short and liberal importation will be necessary.

Hungary—Weather is slightly more favorable, but there is little if any improvement in wheat and the outlook is generally poor. India—Wheat is freely offered at lower prices.

Austria—The weather favors crop preparation and early seeding and our agent expects that there will be some increase in the acreage.

Lucal receipts, in cars, were reported by the Merchants Exchange, as follows:

Wheat Barley-Flour Cars Hay Menday ... 27 26 16 4 7 Year ago ... 17,433 2514 2508 1705 2461

STOCK DEMAND CEASES

FOR DULLNESS. Traffic Movement in West Increases

DAY'S TRADING ALMOST RECORD

Break in Exchange May Stop Gold Exports.

NEW YORK, June 29.—With two exceptions, July 11 and November 24 of last year, today's business on the Stock Exchange was the asmallest of any full day since the memorable blizzers of 1888, when New York was cut off from most of the world's markets. Transactions for the session amounted to (9,004 shares.

The movement, what there was of it, ranged from irregular to heavy. Opening prices were mostly histor, in, keeping with London, which showed ne cutward concern over the assassination of Austria's heir.

Domestic news was of a negative character, including misgivings over the Mexican situation, a gain in the movement of Western tonnage and a sharp break in exchange, which probably had the effect of abaling gold exports. Transfer of \$400,000 to the Pacific Coast called attention to demands from that center.

A new low record of pig from at Pittshurg was registared and copper metal prices were again revised downward.

The bond market was irregular, with J.C.WILSON&CO. STOCKS. BONDS, GRAIN AND COTTON, MEMBERS

Bearish Kansas Report Breaks Chicago Market.

FLURRY IN MID-SESSION

Unfounded Report of Discovery of Black Rust in Northwest Lifts Prices for Time, but Effect Is Soon Lost,

CHICAGO, June 29.—Prospect of a heavy movement of the new Winter crop dominated the wheat market today, but not until after a huying flurry, in part due to un founded rumors of the discovery of black rust. The market closed steady at a decline of %c to %c %c compared with Saturday night. Corn and cats suffered a not loss of % to %c. In provisions the cutcome was a 7%c to 12%c advance.

Higher cables tended to keep traders away from the selling side of the wheat market at the opening and caused a sudden lightening of values. It was also reported that crop conditions in the Northwest were not as good as had been expected. The upman, however, was not well maintained. Opening prices, which were unchanged to its higher, were followed by a slight reaction, then by a sharp advance, and later by a material sag from top figures. Free selling, induced by the Kansas crop report, led to a decided drop during the latter half of the session.

Rain breaking the drought Southwest had

a decided drop during the latter session.

Rain breaking the drought Southwest had a weakening effect on the corn market. The sotback resulting throughout was entirely overcome later by the influence of wheat strength. After starting unrhanged to be inwer, prices declined moderately, and afterward rallied briskly. Renewed weakness set in as soon as shorts had covered. A beartah construction was put on the Kausas later report.

eree in a majority, but thinned out what theat began to bulge. Higher prices for hogs steaded the pro-isions market. Changes in quotations were The leading futures ranged as follows:
