

FREIGHT TARIFES DECISION TO WAIT

"Lopsidedness" of Record of Case as Respects Some Commodities Cause.

USUAL RECESS POSTPONED

Interstate Commerce Commission
Runs Against Snags, Which Mean
Ruling Will Not Be Made
Public for Some Time.

WASHINGTON, June 29.—Indications were today that the decision of the Interstate Commerce Commission on the application of Eastern railroads for a 5 per cent advance in freight rates would not be made public during the present week, as had been expected. The decision may not be announced for at least two weeks and possibly not for a longer time.

One of the serious conditions which has been encountered is that which has been termed the "lopsidedness" of the record of the case as respects certain commodities. For nearly a month testimony was taken by the Commission as to the reasonableness of the rates on certain specified commodities the evidence being given entirely by shippers of the commodities. Most of the witnesses maintained either that existing rates were too high or that they were fairly reasonable, and everyone protested against an advance in his particular commodity.

Counsel for the railroads submitted little testimony, and in some instances none at all, in rebuttal of this evidence. The result, so far as the Commission is concerned, is that as to these commodities the record of the case is strongly indicative of the reasonableness of existing rates.

It is alleged now by the railroads' counsel that they were relying for favorable action upon their application for an advance upon their evidence that they needed additional revenues. Doubt has arisen, however, in the minds of the Commission as to whether, regardless of any conclusion on the railroads' evidence, it would be justified in making a horizontal advance in the face of uncontradicted evidence of the reasonableness of certain specific rates. That is only one of a number of snags which the Commission has struck in its efforts to resolve the evidence contained in the voluminous record of the case.

Ordinarily the Commission takes a recess for the summer about July 1. Some of the Commissioners had prepared to leave the city for at least a brief time this week, but the situation of the pending case in such that the taking of a recess will have to be postponed for some time.

RABBI WISE SEEKS BRYAN

Presence of ex-Portland Man at
Capital Linked With Alex Sweek.

OREGONIAN NEWS BUREAU, Washington, June 29.—The appearance in Washington today of Rabbi Wise, formerly of Portland and now of New York, gave rise to the report that the Administration again was to take up the appointment of Alexander Sweek, of Portland, as Minister to Siam.

Rabbi Wise came over the morning and called on Senators Lane and Chamberlain. This afternoon he had an appointment with Secretary of State Bryan. When he reached the State Department he found the Secretary had been called to the Capitol and the two men did not meet. The Oregon Senators called on the Rabbi and he mentioned Mr. Sweek to them nor had he indicated the object of his conference with Secretary Bryan.

Inquiry at the State Department failed to elicit any information beyond the fact that the Secretary had been unable to keep his appointment.

JAPAN NAVAL MEN IN PORT

Officers of Warships at Seattle
Make Flying Visit.

Escorted by Morizo Ida, Japanese Consul, and a number of Portland Japanese, Captain Sato, of the Japanese cruiser Asama, now at Seattle with the cruiser Asama, and members of his staff visited the harbor yesterday in the launch Imperial. The visitors were given a view of the entire waterfront and spent some time at the municipal landing at the foot of Stark street, which they photographed from every angle.

Other officers included Lieutenants Takeo Fukuda and Sakoye Akiyama, with Sub-Lieutenant O. Okawashi. A pressing invitation was extended for the visitors to take in Portland, but their itinerary would not permit. It was promised that vessels coming to the Coast in 1915 would call here.

FOOD DENIED, ACID THROWN

Tramp Retaliates When Turned
Away by Waitress Woman.

WALLA WALLA, Wash., June 29.—(Special.)—Refused breakfast by Mrs. Clarence Burch, of Walla Walla, a tramp threw a bottle of acid in her face, inflicting painful burns. The acid missed her eyes, as she put up her arm in time.

Mrs. Burch, a frail woman, was alone at the time and was too terrified for some time to call for assistance. Mrs. Burch says that she could identify when a man named Andy Rasmussen was arrested by the police as a suspect tonight. He will be taken before Mrs. Burch tomorrow.

WOODSMEN TO CELEBRATE

Logging Camps Will Close, 200
Men Will Go to City for Fourth.

VANCOUVER, Wash., June 29.—(Special.)—Two logging camps of the Twin Falls Logging Company will close June 29 and 200 men will go to the cities to celebrate July 4.

The logging camps will not start up immediately after July 4, but a camp of construction will be established and the company will build an extension of two miles of logging track into the tract of timber known as the McClure tract, comprising 250,000 acres when bought by the company last year. About 10,000,000 feet has been logged.

Court Upholds Abatement Law.

OLYMPIA, Wash., June 29.—The Supreme Court today upheld the constitutionality of the red light abatement law enacted by the last Legislature.

OFFICIAL PHOTOGRAPH OF ROOSEVELT WEDDING IN MADRID.

MR. AND MRS. KERMIT ROOSEVELT.
The bride of Kermit Roosevelt was Miss Belle Willard, daughter of United States Ambassador Willard, American representative at Madrid. The couple were married June 11.

OLD UNION REVIVED

Rival Meetings of Butte Miners
Called for Tonight.

MORE TROUBLE IS FEARED

Local of Western Federation Signs
Up 86 Loyal Members and New
Organization Has 2677 and
Is Increasing List.

BUTTE, Mont., June 29.—Butte Local No. 1, Western Federation of Miners, whose officers were forced to flee for their lives last Tuesday night when their meeting was broken up and their hall dynamited, resumed business in Butte today. It was announced that 86 former members had signed the new membership rolls. The old list was lost when the hall was dynamited.

The independent union of miners, organized to be free from federation control, continued enrolling members and at present the new union has 2677 names on its books. Each union will hold meetings tomorrow night, the new organization in the largest hall in the city, and the old in a place yet to be selected. The Butte local if its programs is followed, will authorize the payment of bills and sick benefits.

The city continues quiet, to all appearances, but outbreaks are feared. The independent union of miners, organized to be free from federation control, continued enrolling members and at present the new union has 2677 names on its books. Each union will hold meetings tomorrow night, the new organization in the largest hall in the city, and the old in a place yet to be selected.

W. T. FOSTER RE-ELECTED

PRESIDENT OF REED COLLEGE
HEADS HYGIENE BODY.

Fight on "Quack" Doctors by San
Francisco Brings Results, Says
Federation Speaker.

SAN FRANCISCO, June 29.—William T. Foster, president of Reed College, Portland, today was re-elected president of the Pacific Coast Federation for San Hygiene, in session here today. Other officers are: First vice-president, Rev. Sydney Strong, Seattle; second vice-president, Judge Adolphus E. Granger, San Francisco; secretary, H. H. Moore, Portland; treasurer, Mrs. Charles F. Edson, Los Angeles.

"If the civilization of the white race is to survive it must be saved through the diffusion and adoption of sound policies in regard to social hygiene carried enthusiastically and persistently into action," wrote Charles W. Elliot, president emeritus of Harvard University, in a letter read today at the opening session.

Among the delegates from the Northwest who spoke were Dr. J. Allen Gilbert of Portland, medical adviser of the Oregon State Board of Health. He described the work of his office, which is maintained as a bureau of free medical advice to save citizens from falling into the hands of quacks.

"Fifteen quack" doctors have been driven out of San Francisco since the State Board of Medical Examiners opened its campaign against medical fakirs less than a year ago," said Louis H. Ward, legal adviser of the State Board of Medical Examiners, and that the board intended to rid the entire state of medical charlatans.

Two Officers Ordered to Camp.

VANCOUVER BARRACKS, Wash.

BOAT EMPLOYEE LOSES SUIT

Remuneration From Roanoke
Company for Injury Denied by Judge.

A verdict for damages was denied Henrik A. Dahl in his suit against the owners of the steamer Roanoke in United States District Court yesterday. It was announced that \$8 for money lost by the plaintiff in the injury was so neglected that the amputation of a leg was necessary.

Judge Wolverson said that the allegation of negligence had not been borne out by the evidence, and that the Roanoke would have been held outside the Columbia River bar for 24 hours had she attempted to return to Astoria.

The vessel should have put back, so that he could have received proper attention, and alleged that his injury was so neglected that the amputation of a leg was necessary.

BUCKET BRIGADE FIGHTS
Dairyman Balmer's Home, Mile
South of City, Is Destroyed.

Fire totally destroyed the home of E. Balmer, a dairyman, on Boone's Ferry road, less than a mile south of the city limits, yesterday afternoon. A defective fuse started the blaze. The building was an old two-story frame affair, which burned rapidly.

The house was owned by S. D. Kilpatrick, a Nebraska man. The blaze started about 2:45 o'clock. A bucket brigade was formed and a number of men worked desperately to save the adjoining buildings. They managed to confine the flames to the house. Mr. Balmer's loss on contents is estimated at \$1000, not covered by insurance. The building was insured.

OAKLAND WILL CELEBRATE
Women's Christian Temperance
Union Plans July 4 Festivities.

OAKLAND, Or., June 29.—(Special.)—The members of the Women's Christian Temperance Union have completed arrangements for a July 4 celebration in Oakland.

A number of decorated floats representing business houses will be in a parade, as well as a large car carrying 48 little girls symbolic of the various states in the Union.

At the City Park a programme will be given. Mayor J. P. Bridges will read the Declaration of Independence.

EXPLOSION VICTIM FOUND
Cause for Nonunion Mine Disaster
Not Ascribed as Yet.

TRINIDAD, Colo., June 29.—The wrecked shaft of the Royal mine, near Aguilar, yielded today the body of Matt Schmitz, a 42-year-old man, sole victim of an explosion last night. That Schmitz was the only person in the mine at the time of the explosion was the statement of mine officials. The cause of the explosion is unknown.

The Royal mine employs about 30 men and has been operating as a non-union mine.

ADNA YOUTH IS DROWNED

While Bathing With Companions
Allen Curtis, 17, Loses Life.

CHEHALIS, Wash., June 29.—(Special.)—Tonight while swimming in the Chehalis River a short distance above Adna, six miles west of this city, Allen Curtis, the 17-year-old son of W. A. Curtis, a merchant at that place, was accidentally drowned.

HINDU SAYS FAITH PREVENTS ACCIDENT

Safety on Streets Rests on Belief of Eternal Existence, Says Speaker.

IDEA OF GOD EXPLAINED

Creative Power Is Denied by Christian
Yoga Founder at Meeting.
Religious Freedom Is Urged
by Speakers.

"If you have the conception that you will exist forever you cannot, for instance, meet with an accident in passing along the crowded and busy city streets," said A. K. Mousundar, of Spokane, founder of the Christian Yoga movement, addressing the first conference of the followers of that movement for Oregon, Washington, Idaho and Montana, at Women of Woodcraft hall, Tenth and Taylor streets, last night.

Mr. Mousundar, who is a native Hindu and who said he came to America "because of the master's command," related instances from his personal experience illustrating his statements. He said that a friend once playfully pointed an "unloaded" gun at his head and then pulled it at his arm and pulled the trigger.

The bullet passed through his sleeve, but did not injure me," said Mr. Mousundar.

"Forget Personality," Is Plea.
He pleaded for peace for the human spirit.

"Why do we struggle?" he asked. "We must forget ourselves, forget personality, for so long as one exists on the personal plane we are afflicted by the ills of the personal plane. We are not educated men and women in the academic sense," said Mr. Mousundar. "Unless we are touched by the holy spirit we cannot speak."

He declared that for himself he "did not want any position, name, fame or glory."

"I have enough," he said. "My master's spirit is urging and it is my duty to serve."

"God and Man Co-Existence."
He explained that the members of the movement do not think of the Deity as a separate, removed being, but as part and parcel of man and the entire universe, co-existent.

The Christian Yoga followers do not believe that God is a creator. Illustrating this tenet of their philosophy, Mr. Mousundar said: "The universe is omniscient, omnipresent, all-powerful and unchangeable. Being unchangeable he cannot create, for that would mean change."

Preceding Mr. Mousundar, the Rev. Ralph M. DeBit, of Oakland, editor of the Christian Yoga Magazine, began an address on "The Christian Yoga Movement and Its Healing Message."

Speaker Is Interrupted.
The speaker was interrupted by a man who arose and blurted out: "That's all nonsense, I'm glad I didn't bring my wife."

The man left the hall, and Mr. DeBit, visibly confused, curtailed his remarks. Mr. Mousundar took up the thread of his argument and completed the explanation of the Christian Yoga creed which he began.

The movement, according to the speaker last night, declares absolute equality of man and God. "Everything is all right," said Mr. Mousundar, "all religions, creeds and sects."

Frank O. Garrison, minister of the Portland Christian Yoga center, delivered a short address. There was a piano solo by Mrs. D. T. Hunt, vocal solo by Mrs. Freda Burton and Miss Anna Friake and selections by a quartet composed of Miss Prinke, Miss Myrtle Huff, J. J. Thompson and E. H. Haskell. Miss Elvira was accompanist.

There will be a session of the conference at 2:30 P. M. today. The meeting will come to a close tonight. Mr. DeBit, Mr. Mousundar and Mr. Garrison will be the speakers.

MADERO'S AID TO RUN

GENERAL PENIA TO SEEK MEXICAN
PRESIDENCY IS REPORT.

Minister of War Under Sisin Executive
Is to Be Candidate in Country
Controlled by Government.

MEXICO CITY, June 29.—In well-informed circles it is reported that General Angel Garcia Pena, who was retired from the Mexican army in 1911, but is now one of Huerta's commanders, is to be a candidate for the Presidency of the republic in the elections to be held in the future in that part of the country controlled by the government.

General Rubio Navarrete, who recently commanded the federal troops in Vera Cruz, arrived here with part of his forces today. He went into consultation with Huerta.

A claim by the American Club in Mexico City for damages done last April by a mob has been presented to the government through the Brazilian Minister, but the government has refused to consider it on the ground that while the club is composed of Americans, it is a Mexican corporation, operating according to the laws of the republic and enjoying the privileges of Mexican associations. Redress, therefore, the government says, must be sought through the Mexican courts.

The Brazilian Minister said today that he has no fear of a critical situation arising in Mexico City.

MEDIATION AGAIN WOULD

(Continued From First Page.)
rather skeptical. The Huerta delegates are noncommittal.

The American delegates will remain here as long as there is a flicker of hope for a solution.

AGENTS OF CARRANZA CONFERENCE DURING DAY BUT NO RESULTS KNOWN.

WASHINGTON, June 29.—In Washington tonight mediation and the Mexican revolutionary movement both seemed to be in an unsettled state. Agents of Carranza who have been here for some time conferred frequently throughout the day and tonight Raiva Zubaran, principal agent in Washington, left for New York on a special mission. He did not announce the purpose of his trip. Luis Cabrera, chief constitutionalist opponent of the provisional government, also seemed to be in a state of uncertainty. He is expected to leave for New York within a few days.

TAMPICO RECEIVES WEAPONS

Steamer Sunshine Reported to Have
Discharged Arms Cargo.

GALVESTON, Tex., June 29.—Advices reached here today that the schooner Sunshine, which sailed from here last Friday with 2000 cases of small arms and ammunition, arrived yesterday at Tampico.

The report said the cargo had been discharged. The Sunshine cleared for Havana from there.

CALLS TO REOPEN HEADQUARTERS.

DOUGLAS, Ariz., June 29.—Colonel P. Elias Calle, who, despite his recent strife with Josef Maytorena, civil governor of Sonora, retained the position of military commander of that state, with the exception of the Guaymas garrison, announced today that he soon would return to Hermosillo, the state capital, to reopen his headquarters there.

COTTON 'GAMBLING' IS UP

HOUSE SUBSTITUTES HIGH TAX
BILL FOR MAIL REGULATION.

Senate Measure, Like One in Lower
Body, Would Seek to Check Practice, But Neither Would Prohibit.

WASHINGTON, June 27.—The House substituted today the Lever bill for regulation of cotton exchanges through prohibitive taxes for the Senate measure proposing regulation by means of prohibiting the use of the mails and telegraph for so-called gambling transactions.

The House put the bill through, under suspension of the rules, by a vote of 84 to 21, and sent it to the Senate. If the Senate fails to agree to the substitute the differences will be taken up in conference.

The Senate bill, through the Post-office Department and the Interstate Commerce Commission, jurisdiction over the telegraph, would prohibit the transmission of quotations and lists of sales of cotton that did not comply with the requirements as a standardization prescribed in the bill. Both bills would regulate, though they would not prohibit, transactions in futures.

The House bill relies on the Government's taxing power, instead of inhibitions on the mail and the telegraph, proposing a tax of 5 a bale on contracts that do not comply with the requirements.

LINE APPROVES MORTGAGE

Northern Pacific Directors Sanction
\$20,000,000 Refunding Bonds.

NEW YORK, June 29.—The directors of the Northern Pacific Railway Company today approved the new refunding and investment mortgage recently authorized by the shareholders. The mortgage will bear date of July 1, 1914, and will secure issues of bonds maturing on July 1, 1947, a period of 33 years.

The executive committee was authorized to sell all or any part of \$20,000,000 of the new bonds, one-half of which will be used to take up an equal amount of one-year notes maturing July 9 next, and the remainder to reimburse the company for advances already made for additions and improvements to the property.

SPEED BOAT MAKES DIVE

Ed Lowe, of South Bend, Is Nearly
Drowned Testing Craft.

SOUTH BEND, Wash., June 29.—(Special.)—Ed Lowe was nearly drowned today while testing the new speed boat of the Lowe. The craft turned over in the river and dived to the bottom.

Lowe, who wore a life preserver, shut off the engine and jumped clear of the craft. He sank but was picked up by the excursion launch Lassie.

The racer came to the top and was towed to the boat ways. It was running 30 miles an hour when plunging to the bottom. It is entered for the speed boat races at the Astoria regatta.

CONUL AT CANTON SENDS APPEAL FOR 2,000,000 FLOOD SUFFERERS.

WASHINGTON, June 29.—Consul-General Cheshire, at Canton, China, in behalf of a committee of American missionaries, appealed to the State Department today for help for 2,000,000 people made homeless and destitute by floods in two Southern China provinces.

The department was asked to transmit the appeal to the Red Cross and all benevolent organizations.

MINE OUTPUT INCREASES

Eastern States Production for 1913
Valued at \$13,753,577.

WASHINGTON, June 29.—The value of the mine output of gold, silver, copper, lead and zinc in the Eastern or Appalachian states last year was \$13,753,577, compared with \$13,470,256 in 1912, according to figures today by the Geological Survey.

The gold output was 8017 fine ounces, valued at \$165,723; silver, 111,214 fine ounces, valued at \$67,172; copper, 19,191,225 pounds, valued at \$2,094,222; lead, 1,622,990 pounds, valued at \$71,604. The zinc, 184,328,400 pounds, valued at \$19,254,816.
