# WOMEN TRY VAINLY TO COMPEL ACTION

Suffragists, Undaunted by Rebuff at White House, Continue at Capitol.

CONGRESS IS NEXT GOAL

Made That Rules Committee Has Postponed Scheduled Session Until August 1.

WASHINGTON, July 1.—Women suffragists, determined to wage their fight before Congress in spite of President Wilson's refusal to lend aid, were busy today about the Capitol and House offices building, scouting and telephoning in a vain effort to assemble the House rules committee.

The women were informed that a meeting of the committee to discuss special rules for immediate consideration of the prohibition and suffrage questions, called for today, had been postponed until August 1, but fearing some kind of a trap, they remained on watch and sent out searchers for committeemen.

CUMMINS TO OFFER AMENDMENT 2 AMENDMENTS FAVORED TO ANTI-TRUST BILL.

Senator Says No Business Field Is Small but It Has Room for at Least Two Competitors.

trary legal limit on the amount of capital to be sllowed in a single corporation engaged in any particular line of business was advocated in the Senate today by Sanator Commun. ate today by Senator Cummins in a speech supporting the Administration trade commission bill. The Senator announced he would propose an amend-ment empowering the commission to fix the limit and establishing the rule that "no corporation should command an amount of capital which of itself tended to establish a monopoly." "American business," he added, "must

be carried on by large units that may take advantage of the modern devel-opments which make for economy and efficiency in business. But there is no business field in this country so small but that it ought to be occupied by at least two competing concerns." that the United States Steel Corporation, though it controlled only about one-half of the country's steel industry, through its capitaliza-tion of \$1,500,000,000 had power to eliminate competition, the Senator said would limit the capitalization of any single company in the steel business to \$300,000,000.

Senator Cummins also announced that he would propose amendments giving the proposed trade commission authority to eliminate interlocking di-rectorates and holding companies.

REMARKS ARE CLARIFIED Assistant Superintendent Rice Says

He Did Not Criticise. In a report of the remarks given by assistant Superintendent Rice, of the

city schools, before the teachers' committee of the School Board the impression is given that there has not been co-operation always between the board of directors and the Superintendent's office in the matter of the transfer of pupils from crowded buildings to buildings having vacant rooms. Mr. Rice desires that this impression be corrected, as Mr. Rice did not criticise the School Board.

"The question of filling up these vacant rooms has its difficulties," says Mr. Rice, "it being, in many cases, a matter of distance and association. This problem has been discussed at different times by the Board and the Superintendent, and, to any recommendations made by the Superintendent the Board always has given its hearty support, the result being unanimity of action. In the matter of salaries, the facts are that, for some time, principals have been paid some time, principals have been paid on a schedule based on the number on a schedule based on the number of rooms, but last year a plan based on successful service was discussed by the Superintendent and the Board. In any future readjustment of salaries such a plan, no doubt, will receive careful consideration."

For they had already heard of the

they would come when a quorum was in sight, but that time never came. Finally the suffragists called in their sentinels and left the Capitol, announcing that they proposed to continue their fight throughout the session.

OPPOSING LEADER DEFIANT

The suffragist came is to pick berries and do chores on the farm and in return for this he will make a little money and will be kept on the farm all Summer long, instead of being confined to the two-week limit which the ordinary fresh air excursion of the Associated Charletten provides.

ST. LOUIS, July i.—A conference between local suffragist leaders and antisuffragists terminated here tonight in the exchange of polite but plain spoken defiances. The meeting was occasioned by the visit to St. Louis of Miss Minnie Bronson, of New York, general secretary of the National Association of Anti-Woman's Suffrage.

"I hope to organize here," said Miss Bronson. "I have been extremely successful in Montana, North Dakota, Nevada and Nebraska. I shall return to the East within a few days, and steps will be taken immediately toward the organization of a Missouri Anti-Suffrage League."

Under orders from District Attorney
Evans, Acting Detective Captain Joe
Day last night telegraphed the San
Francisco authorities to release Freeman and hold Miss Schabert pending
the action of her family. Mr. Evans
based his determination on the fact
that Freeman is a minor and on lack
of evidence that he paid for the girl's

GIRL'S SENTENCE 60 DAYS

Theft From Meler & Frank. Sixty days' imprisonment was the sentence imposed on Mrs. Erna Zahos, 16 years old, convicted of stealing goods from Meier & Frank's store. She was arrested by Datactives Venchy and Craddock on the complaint of William Kiernan, of the Meler & Frank store.
It was alleged that she had been charging goods to other person's accounts.
Because of her youth, Municipal Judge Stevenson allowed her the privilege of serving out the sentence in the House of Good Shepherd. Miss Wilma P. Crandall, of the department for the protection of women, handled the case and asked that the girl be allowed to go to the home.
