BANKS KEEP 39 PER CENT

Demand for Money and Firm Interest Does Not Affect Big Reserve.

Portland banks continue to maintain a strong reserve, in spite of the de-mand for money and of firm interest rates, according to the response made yesterday to the regular call by the Controller of the Currency. The re-serve in the Nationar banks of the city on June 30, for which date the call was effective, was 39 per cent. The legal requirement is only 25 per cent.

Total deposits aggregate approxi-mately \$70,000,000, which is a slight decrease over the corresponding period last year. Cash reserves in the Na-tional banks alone aggregate nearly

Portland Still Has Chance to Win Convention of Homeopaths.

ATLANTIC CITY, N. J., July 8.—The board of trustees of the American In-stitute of Homeopathy today recom-mended Long Beach, L. L. as the next

place of meeting, but so much opposition developed that the incoming board and the newly-elected president were authorized to select the next convention place at the December meeting of the trustees. New Orleans and Fortland, Or., want the meeting. Among subjects discussed today was the anesthetic problem. Dr. J. W. Hassler, New York, spoke of the advantages of giving ether through a vein instead of inhalling it. In a report of three years' surgical work Dr. Florence N. Ward, of San Francisco, said that careful pre-operative study of patients and their symptoms and the use of nitrous oxide and oxygen instead of ether and chloroform as anesthetics had led to important advances in convalescence and rapid recovery of patients.
