Judge Morrow Decides That Russell T. Chamberlain Cannot Be Discharged.

TEARS OF RELIEF SHED

Court Decision Regarded as Important in Granting Enlarged Powers to Civil Service Board. Appeal Thought Unlikely.

Tears of gratitude welled in the eyes of Russell T. Chamberlain yesterday when he learned that Judge Morrow had upheld the Civil Service Commisslon in retaining him as a servant of the city.

"I am thankful," said the aged janitor, who gave of his best for the service of his country when the call of duty came, away back in the '60s, to preserve the Union, "that in my old age I am not to be compelled to go out into the world again and compete with younger men. drop a man from the service without the consent of the Civil Service Board. Although Commissioner Brewster can appeal the case to the State Supreme Court it is considered doubtful whether he will take that action or not. There is a chance that other Commissioners might not uphold him in an appeal. When he asked the Commission to uphold him in an appeal to the Circuit Court from the decision of the Civil Service Board he met the opposition of Commissioner Bigelow. The others, however, upheld him in his appeal plan.
