SENATORS IGNORE WILSON'S DESIRES

Administration Faces Determined Fight

PREROGATIVE ISSUE IS RAISED

Committee Action on Jones and Warburg Adverse.

PRESIDENT STANDS FIRM

WASHINGTON, July 9.—The Administration met today in the first stage of its fight to have the Senate confirm the nominations of Thomas D. Jones, of Chicago, and Paul M. Warburg, of New York, as members of the Federal Reserve Board.

The banking and currency committee voted 7 to 4 to report the nomination of Mr. Jones to the Senate with an unfavorable recommendation, and agreed to postpone indefinitely further consideration of the nomination of Mr. Warburg.

Jones Report to Be Submitted.

The Jones report will be submitted by Acting Chairman Hitchcock early next week, and the debate over his confirmation will be resumed on the floor of the Senate behind closed doors in executive session.

No further action will be taken by the committee on the Warburg appointment until the New York banker changes his mind and decides to accept the committee's invitation to submit to its questioning.

The committee's action on these two nominations was taken in the face of a determined effort on the part of the President to obtain approval of them.

President to Continue Fight.

In his conference with the newspaper men today the President made it clear that he would continue the fight.

It was pointed out tonight that in insisting on confirmation of Warburg the President was running into the question of Senate prerogatives and might find many votes against him which would otherwise be on his side. The Senate has grumbled for years about the invasion of its prerogatives by Presidents, and in this case many Senators feel they have found an issue on which they can stand together.

Opposition to Mr. Jones was based on the fact that he is a director of the International Harvester Company, now being sued by the Government as a combination in restraint of trade and illegal under the Sherman anti-trust law.

Objections on Different Grounds.

There was little criticism of Mr. Jones other than that he was a director of the Harvester Company, but several members are said to have declared they could not conscientiously approve a man connected with a concern now being prosecuted.

Objection to Mr. Warburg so far is based on an entirely different reason. The committee has asked him to appear and submit to questions about his business connections. He has refused, and the question as now viewed by the Senate is whether it should confirm any man who will not accept such an invitation.

MOTHER AND SON TO "TALK" LETTERS

INFERMITIES OF AGE WILL NOT STOP LOVING EPISTLES.

District Attorney Reames Provides Dictagraph and Records for Parent Losing Eyesight.

Rather a unique correspondence is shortly to begin between United States District Attorney Reames and his mother, who lives in Berkeley.

Mr. Reames returned yesterday from San Francisco, where he went on Federal business, and Berkeley, where he visited his mother.

He made the elderly Mrs. Reames a present of a dictagraph of the latest and most powerful model, taking it with him from Portland, where it had been given a thorough trial in his office.

Mrs. Reames' eyesight is failing with advancing age, so that she is finding it increasingly difficult to write or read letters—and letters between her and her son are weekly necessities to both.

Now, when Mrs. Reames wishes to write a letter to her son in Portland she will put a blank record on the dictagraph and simply talk to him to her heart's content, even if it takes several records.

The record or records will be sent by express or parcel post to Portland, and Mr. Reames will "read" them on the dictagraph in his office.

He will "write" to his mother in the same way.

OBREGON'S FORCES TAKE GUADALAJARA

Mexico's Second City in Rebel Hands.

12,000 FEDERALS ARE ROUTED

Way Now Thought Clear to March on Capital.

CITY WELCOMES CAPTORS

Great Quantities of Munitions Acquired and It Is Said Constitutional Army Will Gain 15,000 Recruits

COAHUILA, Mex., July 9.—The Carranza-Villa mediation conference adjourned today, after signing a protocol covering all its discussions.

It is known that General Villa's position and conduct in general has been vindicated.

General Felipe Angeles will continue as chief of artillery in the division.

DOUGLAS, Ariz., July 9.—Telegraphing from the Governor's palace in the City of Guadalajara, General Alvaro Obregon today informed F. S. Elias, border representative of the rebels, that he had captured the city Wednesday morning and utterly routed 12,000 federal troops commanded by General Miel, federal Governor of the State of Jalisco.

In a fierce battle extending over a zone of 30 miles, the federal army was cut to pieces by Obregon's force of fewer than 10,000 men. Five thousand federalists were captured, Obregon said, together with all the artillery and ammunition of the enemy.

Rebel Cavalry Pursued.

Those who escaped are being pursued by constitutionalist cavalry.

General Blanco was sent to cut off all communication with Mexico City. He tore up the railroad line and prevented the federalists from moving any stores from the city.

Few of the attacking force were killed or wounded, Obregon reported. He informed Elias that he led his forces personally into Guadalajara. The city went wild with enthusiasm over the entrance of the rebels, and it is estimated here Obregon will secure 15,000 recruits in the city before marching on Irapuato, the railroad junction on the Mexican Central connecting the City of Mexico with Northern and Western Mexico.

SALTILLO, Mexico, July 9.—General Carranza was advised officially late today of the fall on today of Guadalajara. (Concluded on Page 2.)

HINDUS CAPTURE OFFICER

Inspector Reid Is Locked Up When He Boards Komagata Maru.

VANCOUVER, B. C., July 9.—This evening, when Inspector Reid, of the Vancouver immigration department, went aboard the Komagata Maru, now in port with a shipload of Hindus who are attempting to gain entrance into Canada, he was forcibly detained by the Hindus, who locked him in a room for over an hour. Mr. Reid loudly protested and the Hindus finally gave way, allowing him to depart without molestation.

Inspector Reid was taking aboard a large quantity of provisions for the Hindus, who had applied for assistance.

Colonel's Daughters Sail for Home.

SOUTHAMPTON, Eng., July 9.—Mr. and Mrs. Kermit Roosevelt and Mrs. Nicholas Longworth, daughter of Colonel Roosevelt, were on board the Imperator, which sailed for New York today.

SULZER MENACE IS PUT UP TO COLONEL

Party Leaders Fear Deposed Governor.

WAY BY PETITION IS OPEN

Roosevelt Urged to Run Himself to Block Move.

DANGER IS USED AS CLUB

News From Louisiana That Democratic Committeemen Are Quitting Party Brings Telegram of Congratulation.

OYSTER BAY, N. Y., July 9.—(Special.)—Progressive party leaders fear ex-Governor Sulzer will go into the primaries and capture the Progressive party nomination for Governor unless Colonel Roosevelt consents to make the fight himself.

"The Sulzer danger" has been used as a club to set into line those Progressives who have approved the opinion that the Colonel ought to keep out of the race and devote more of his time to the affairs of the party in the Nation. The argument also has been placed before the Colonel and as a result some of the leaders feel that the chances of his becoming the Progressive candidate for Governor have increased greatly.

Sulzer Can Use Petitions.

The fact that admittedly is worrying the Progressive leaders is that Sulzer, by getting out petitions, could have his name placed on the primary ticket of the Progressive party in the state for the office of Governor. That he could obtain the required number of signatures is not a Progressive leader doubts.

Reports from Washington to the effect that there had been a wholesale desertion of the party of Wilson Democrats to the Progressive party in Louisiana pleased Colonel Roosevelt mightily tonight. He was told that the majority of the members of the Democratic Congressional committee in the Third Louisiana District had resigned to join the Progressives.

Action of Louisiana Pleasants.

He gave this statement to the correspondents: "Nothing has given me greater pleasure than the reported action in Louisiana. I have telegraphed John M. Parker my congratulations and have begged him to extend my heartfelt greetings to each of the gentlemen named.

"The Progressive party is the natural

VOLCANO CHAIN AGAIN IN ACTION

ALASKAN SEA DISCOLORED BY SULPHUR FOR 200 MILES.

Great Mountain on Mainland Joins Aleutian Peaks, According to Tale of Skipper.

SEWARD, Alaska, July 9.—All the volcanoes along the Alaskan peninsula west of Seward to the Aleutian Islands are in action, according to a report brought here today by Captain McMullen, of the steamship Dirigo, which arrived today from Dutch Harbor.

Captain McMullen said Mount Katmai, the great volcano on the mainland across Shelikof strait from Kodiak Island, was throwing out great volumes of sulphur-laden smoke. The sea, he said, was discolored by sulphur dust and pumice for a distance of 100 miles on either side of the volcano. Mount Shishaldin and Mount Pavlov, the most active volcanoes in the Aleutian Islands, were smoking when the Dirigo passed them.

Captain McMullen reported that the natives living along the Alaskan peninsula said the great clouds of volcanic dust hurled into the air last month were caused by volcanic eruptions and not by old deposits of volcanic ash, stirred up by the terrific windstorm, as previously reported by passing ships.

GREAT HIGHWAY IS VIEWED BY MANY

Hood River Campaign Includes Road Trip.

DELEGATES ARE ENTHUSIASTIC

Scenic Beauties of Columbia Road Excite Wonder.

MANY CONVERTS ARE MADE

Hundreds Praise Work Being Done by J. B. Yeon, Express Delight at Progress and Predict Victory of \$75,000 Bond Issue.

Six coachloads of good roads enthusiasts spent all yesterday on the Columbia River Highway in the inspection of the several miles between Onatona Gorge and Bridal Veil. One carload came from Portland and five from Hood River, which county will vote next week on an issue of \$75,000 road bonds.

To many this was the first glance of what soon will be one of America's greatest scenic roads. The result was the strengthening of the cause of good roads in Hood River County, for while many of those on the trip were awestruck only out of curiosity, they were converted to enthusiasts before the day was over.

Farmer Threatens to Quit.

"I'll sell my farm in Hood River if that bond issue does not carry," said J. E. Anderson, a prominent rancher.

"Now, do not misunderstand me. I do not mean to pull out of there, like a hurt schoolboy, because I did not have my way, but because I think I can do better in a country better equipped with roads."

The Portland Delegation, headed by Rufus C. Holman, detracted at Onatona Gorge and then walked back to Gordon Falls, a beauty spot which has been turned into one of the several parks along the scenic way.

Scene Falls Viewed.

This fall was viewed by many Portland people for the first time. It is not visible from the train, but can be had from the new road. The fall is in the park opened to the public by S. Benson.

While the stream is a thing of beauty and its cold waters among the pursuit of the many streams, its real value will be in the fact that it is the only one which originates from a spring. As the country back on the cliffs becomes populated, many of the streams will be contaminated and no longer fit to drink.

Gordon Falls Beauty Spot.

This will not mar their scenic beauty but the value of Gordon Falls will be enhanced. The drop is over a cliff close to the spring.

Lunch was enjoyed in this beautiful cove. Following this the Hood River delegation continues its inspection in both directions, led by Mr. Holman and Mr. Benson.

Mr. Benson was particularly anxious to have any skeptic view Multnomah County's activities. When night came, Roy D. Smith, now one of the leaders in the movement for better roads, prophesied a 3-to-1 vote for the bond issue.

It was not long ago that Mr. Smith could not see any real reason for the road. Now he cannot say too much for it.

Investment Declared Profitable.

"It's a campaign of education. The project never was put to me in the right way," says Mr. Smith. "I've come to the conclusion that good roads are money in our pockets, far more in amount than the cost."

George T. Frather, another prominent Hood River man, voiced his reasons for being in favor of better roads and the bond issue.

While John W. Hinrichs has always been in favor of good roads and interested in their progress, he was surprised to see the splendid work done by Multnomah County.

Hotelkeepers Enthusias.

Mr. and Mrs. C. A. Bell see better business for their hotel at Hood River. "I've been favoring the bond issue and good roads movement in general from the standpoint of increased land values which will result," said Hans Lage, a well-to-do farmer who settled in Hood River 30 years ago. "I have watched this or that particular part of the country advance over another portion. The advance almost invariably was due to good roads. The country which harbored nothing but cowpaths seemed to have that same spirit in every other activity."

"Hood River has made few mistakes so far," declared R. Hand, orchardist and inn-keeper.

Bankers Favor Bonds.

E. O. Blanchard and B. C. Brock, cashier and assistant cashier of the First National Bank, respectively, were among the visitors. "The work here is an inspiration for any community," declared Mr. Blanchard.

The part which appealed to L. W. Cannon, also of Hood River, was the benefit in return for the actual expenditure.

H. F. Davidson, president of the Pacific Fruit Distributors, thinks the bond issue and the resultant road will be the boon of the apple industry.

The grading of the highway as far as Onatona is well advanced, and

(Concluded on Page 2.)

MEAT PRICES WILL RISE

Beef at 16 Cents to Butcher Predicted by Packers.

CHICAGO, July 9.—Meat prices will rise above the record figures of recent years, despite the huge grain crop, according to packing-house representatives, who today asserted that the present scarcity of cattle and the effect of dry weather on grazing lands would more than offset the enormous grain yield.

A price of 16 cents to the butcher for beef was predicted as an early possibility, and it was pointed out by one of the packing-house men that cattle are now higher than for some time. Scarcity of grass-fed cattle was referred to as a factor in the predicted advance.

The dry summer in the West last year, one of the representatives of the packers said, was the chief cause of the scanty supply on the hoof, and another declared that the demand for meat exceeded the supply and naturally caused prices to advance. All agreed that meat prices showed signs of rising.

BARLEY GOES 60 BUSHELS

Walla Walla County Wheat Crop Estimated at 6,000,000 Bushels.

WALLA WALLA, Wash., July 9.—(Special.)—Barley on the Right J. Tompkins place, near Pleasant View on Eureka Flat, is going for meat export. Mr. Tompkins will begin his wheat harvest Saturday. This will run about 40 bushels an acre, he believes.

Harvesting will begin Monday all over the flat.

Estimates of the county wheat crop range from 5,500,000 to 6,000,000 bushels. The large acreage of hybrid wheat will bring up the total.

COMPANY BOARD ISSUE UP

Warrant Issues for Employer for Alleged Discharge of Employee.

SALEM, Or., July 9.—(Special.)—Labor Commissioner Hoff announced tonight that he had issued a warrant for the arrest of Joseph Heckart, superintendent of a contracting company at Troutdale, accused of discharging an employe because he refused to live at a company boarding-house.

Mr. Hoff says Heckart, who is working on the Pacific Highway, violated section 2177, Lord's Oregon laws. Heckart is the first man to be charged with the offense in the state.

RURAL CHILDREN HELPED

Fortune Left to Educate Youths With Limited Advantages.

HOUSTON, Tex., July 9.—Francis A. Ogdin, a wealthy oil magnate who died here June 6, left a will, it was learned today, in which he provides that his entire estate be devoted to the education of country children, especially children whose educational advantages are limited.

His estate is scattered in more than a dozen states, his Texas holdings alone being appraised at about \$1,000,000.

NIGHT BLOOM IS 9 INCHES

J. Thornburn Ross and Family Stay Awake to See Pet Blossom.

Mr. and Mrs. J. Thornburn Ross, who have been the owners of a night-blooming cereus plant for several years, were rewarded for their care of it last night when there appeared a wonderful bloom.

It began opening about 6 o'clock, and by 9 o'clock it was nine inches in diameter and quite fragrant. The entire family remained up until a late hour watching the rare blossom unfold.

DUCKS' CRAWLS YIELD GOLD

Eight Fowls Killed by Yankton Man All Provide Nuggets.

ST. HELENS, Or., July 9.—(Special.)—S. Saulser, a farmer living near Yankton, came into town today with several pieces of natural gold.

Mr. Saulser killed eight ducks last week and each time found little nuggets of solid gold in the ducks' crawls. His duckpen is on a side hill of rock. Experts tell him there is probably a pocket of placer gold on his place.

"KATY FLYER" HELD UP

Four Masked Men Blow Express Safe and Get Valuables.

ST. LOUIS, July 9.—The Missouri, Kansas & Texas "Katy Flyer" was held up by four masked bandits at Matson, Mo., about 60 miles southwest of here, late tonight.

The baggage, express and mail cars were detached and run a mile up the track, where the express safe was blown to pieces.

Officials of the American Express Company have declared there was \$1000 worth of jewelry in the safe, but could give no estimate of the money it contained.

PRISON MUTINY RENEWED

Fire Started and Power Belting Out at Blackwell's Island.

NEW YORK, July 9.—Another outbreak among prisoners in the penitentiary at Blackwell's Island occurred today as a sequel to one last night in which several keepers were set on and badly hurt. The trouble today happened in the tailor shop, where a fire was started by the rebels and the power belting was cut. Six ringleaders were put back in their cells.

The prisoners mutinied as a protest against the refusal of the authorities to restore yesterday's culprits to good standing.

"REST" AT OYSTER BAY.

SALEM, Or., July 9.—(Special.)—Labor Commissioner Hoff announced tonight that he had issued a warrant for the arrest of Joseph Heckart, superintendent of a contracting company at Troutdale, accused of discharging an employe because he refused to live at a company boarding-house.

Mr. Hoff says Heckart, who is working on the Pacific Highway, violated section 2177, Lord's Oregon laws. Heckart is the first man to be charged with the offense in the state.

KARLUK'S CAPTAIN DENIES

Bartlett at Loss to Understand Report About Missing Men.

NOME, Alaska, July 9.—Captain Robert Bartlett, of the Canadian Arctic exploration expedition, today positively denied that he had sent any report to the Minister of Marine at Ottawa which could be construed as indicating that eight men of the Karluk's crew were missing and probably lost.

Captain Bartlett said he was as a loss to understand how the Canadian officials obtained the information which they gave out as coming from him, and said that as far as he knew all the men who were on the Karluk when she was wrecked in the Arctic ice last February were safe on Wrangell Island.

SECRET DOCKET RAPPED

Judge Says Non-Public Divorce Is Rich Man's Institution.

SAN FRANCISCO, July 9.—"The secret divorce file is a rich man's institution."

This was the declaration today of Judge Sturtevant, of the Superior Court, commenting on a recently-filed divorce.

"The present statute of this state is ambiguous," continued the judge, "and should be altered radically. Almost anybody with influence can put anything on secret file."

BEAR ABOUT SALT CREEK

Farmer Near Rickreall Kills Two Cubs With Shotgun.

RICKREALL, Or., July 9.—(Special.)—Bear, which formerly were seldom seen in Folk County, have been closing in toward civilized quarters. While casing for stock on the Patterson farm near Salt Creek, several miles northwest of here, Roy Slater this week killed two cubs in a tree.

The mother was in another tree nearby, but having only a shotgun Slater decided not to shoot her.

NEW EXPLOSIVE IS MIGHTY

Steel Caisson Used by Navy in Test Is Wrecked in Single Shot.

NORFOLK, Va., July 9.—A heavy steel caisson, modeled after the new dreadnought Pennsylvania and used as a target, was so badly damaged today by a new navy shell during a test that it was taken to drydock.

The new explosive is closely guarded by the Navy and details of the test probably never will be made public.

MILLS TO KEEP RUNNING

C. A. Smith Plants to Continue at Full Capacity.

MARSHFIELD, Or., July 9.—(Special.)—Arno Meece, superintendent of the C. A. Smith industries, who is here from Oakland, says the Smith mills and other plants will continue operating at full capacity.

The mills are saving about 650,000 feet daily and three vessels are employed in moving the output.

VINCI PAINTING FOUND

Masterpiece Believed Discovered in Friebourg by Collector.

GENEVA, July 9.—A painting which is pronounced by an expert to be the work of Leonardo Da Vinci was recently bought for a small sum at a village in the canton of Friebourg, by Lausanne, a collector.

It will be sent to Paris for examination by experts.

AIRSHIPS COLLIDE IN AIR

Lieutenant of Russian Army Killed and Another Injured.

GATCHINA, Russia, July 9.—Two military aeroplanes collided near here today.

Lieutenant Schenzenko, the pilot of one, was killed, and the pilot of the other, Lieutenant Nogoroff, badly injured.
