

OSTEOPATHS SUED BY STATE BOARD

State Body Sustains Charges Against Dr. Van Brakle, of Clackamas County.

RULING MAY BE FOUGHT

Action Marks Another Chapter in Long Fight for Official to Retain Office—Judge Anderson Told of Dismissal.

The State Board of Health sustained the charges against Dr. J. A. Van Brakle, of Clackamas County, Health Officer, and removed him from office at the meeting of the Board Wednesday.

Early in April the Board began taking testimony on the charges against Dr. Van Brakle's appointment. The hearings were conducted in Portland April 7.

On June 1 Dr. Calvin S. White, secretary of the Board, advised the Clackamas County physicians to make their reports directly to the Board, as there was no health officer there.

A penalty is attached to the failure of physicians to report their cases to the health officer, and a few days ago Dr. Van Brakle stated that he intended to take up some of the cases on which reports had not been made to him.

The question whether the Board has power to remove a health officer was threshed out at the hearing in April. C. E. Lattimore, attorney for the complaining physicians, asserted that this power lay solely with the Board.

That the osteopaths of the state regarded the Van Brakle case as a fight between the allopaths and the osteopaths was indicated when, after the April 7 hearing, Dr. E. Moore, a Portland osteopath, said:

"We feel that Dr. Van Brakle is being persecuted, and the osteopaths of the state have raised a fund to fight the case."

DR. VAN BRAKLE IS DEFIANT

Clackamas Official Threatens to Prosecute Physicians.

OREGON CITY, Or., July 9.—(Special.)—Dr. J. A. Van Brakle, osteopathic County Health Officer, ousted by the State Board of Health tonight, issued a general "defi" to the board and threatened to prosecute every physician in Clackamas County who does not make his monthly reports to him.

"Dr. Van Brakle said: 'This is the third time the state board has put on this little comedy. I shall continue to be County Health Officer in spite of the state board. The County Court will refuse to judge on its stand in my support.'

"I shall begin prosecution against every physician in the county who fails to report. The law provides a penalty of \$100 and constitutes each failure a separate offense. I shall have a conference with Gilbert L. Hedges, County Attorney, within the next few days.

"The state board has tried to remove me before. It has twice instructed the County Court to oust me and the court has refused. The board doesn't worry me at all."

WOLVERINES TO GATHER

Melvin G. Winstock Guest of Michigan Society Monday.

Melvin G. Winstock, as the special guest, will be the principal speaker at the social gathering of members of the Michigan Society Monday night at its regular meeting on the fifth floor of the Masonic Temple.

LEACH IRONWORKS SUED

George Hayden Wants \$5000 for Loss of His Home by Fire.

Because of the alleged neglect of the J. M. Leach iron works to provide a proper spark extinguisher on the smokestack of their foundry at Union Avenue and Oregon Street, George Hayden, colored, and family are without a home.

AUTOS CRASH; 9 UNHURT

JANET BORING, 3 YEARS OLD, AND MRS. P. ARLETT ARE INJURED.

Machines Collide on East 39th Street and Two Occupants Are Thrown Under—Collision Is Broken.

Two persons received severe injuries last night when an automobile, driven by Earl Stanley, a farmer at Gresham, collided with a runabout driven by Percy Arlett, of 553 East Forty-third street, on East Thirty-ninth and East Oak streets. Nine others escaped with slight cuts and scratches.

The seriously injured were Janet Boring, the 3-year-old daughter of George A. Boring, sales manager for the Pacific States Electric Company, and Mrs. Arlett, wife of Percy Arlett, sales manager for the California Ink Company.

The other passengers in the Arlett runabout were George Boring, Mrs. Boring and Betty Arlett, 2 years old. All three escaped with slight scratches and bruises.

Mr. Arlett was driving south on East Thirty-ninth street, he says, when Stanley's car came from the east, going east. Arlett says that he had stopped his car when the accident occurred. Stanley applied his brakes, Arlett says, but the car did not stop and struck the runabout broadside.

The runabout was turned on its side. Mrs. Boring and her baby were flung under the body of the machine. Mr. Boring rays he lifted the automobile from those under the car without assistance.

The Boring baby was taken to St. Vincent's Hospital, where Dr. R. A. Watkins cared for their injuries. The Arlett baby was taken to the hospital at Belmont street.

Patrolman Morris says the side of the Arlett car was bent and that Stanley's car was not damaged.

NEW TREATY REVEALED

AMBASSADOR PAGE TELLS OF ARBITRATION PLANS.

Announcement Made at Peace Centenary Meeting in London Evokes Outbursts of Cheering.

LONDON, July 9.—The American Ambassador, Walter H. Page, speaking at the peace centenary meeting in the Metropolitan Tabernacle tonight, revealed a new treaty between the two nations and complimenting Viscount Bryce on the part he played in clearing up all difficulties between the two nations, the Ambassador said it was the policy of the American people to have an alliance with none; where there was perfect friendship, alliances were not needed.

The old arbitration treaties between the two countries, however, had been renewed for another period, and he was free to announce that a new treaty was being concluded whereby a commission was to be set up, to which either government could refer any question arising between them. Both governments, he added, promised not to begin hostilities until the commission had investigated and submitted its report.

"That treaty, he said, was now virtually completed. The announcement evoked great outbursts of cheering.

SANDBAG MEN AT WORK

Contractor H. Johnson Is Knocked Senseless and Robbed.

H. Johnson, a contractor, who lives at 445 Vancouver avenue, reported to the police last night that two men had sandbagged him at Fourth and Couch streets. He said that the men struck him on the head from behind, knocking him unconscious. While he lay on the street, he said, he was robbed of \$110 in gold and a gold watch. Detectives Hill and Hammersley accompanied Johnson on a tour through the North End, but he was unable to recognize his assailants.

William Gardner, 24 years old, was arrested on suspicion. He will be held for investigation. The instrument employed was a sharp club, which made a superficial gash in the scalp. Two dollars and 60 cents was taken from Johnson's pockets. Patrolmen Goulden and Russell, motorcycle policemen, were assigned to the case.

Divorce Suit Transferred.

The divorce suit of Alfred E. Clark, a local attorney, against Mrs. Marcella Clark has been transferred from Circuit Judge Gaten's court to Judge Cleeton's department. The change was made because Judge Cleeton will hear the insanity charge against Mrs. Clark. This hearing was scheduled for today but was postponed until Monday. It is understood that the insanity charge may be withdrawn.

Injured Railroader Dies.

W. T. Platt, line foreman of the Southern Pacific Railroad, who was injured while riding a gasoline speeder between Cook and Oswego Wednesday, died at the Good Samaritan Hospital 9:15 last night.

Portland Couple Obtain License.

SAN FRANCISCO, July 9.—(Special.)—Leon T. Simpson, 44 years old, and Evelyn Caffrey, 37 years old, both of Portland, secured a marriage license here today.

PHONE GIRLS GET \$9

WASHINGTON FIXES WAGE BY ORDER OF COMMISSION.

Employees Under 18 Given \$6 Weekly and Raising Affects All Phases of Industry in State.

OLYMPIA, Wash., July 9.—(Special.)—The Industrial Welfare Commission today issued orders fixing the minimum wage of telephone girls over 18 at \$9 a week and of those under 18 and of messengers at \$6 a week.

The order affecting telephone girls is applicable to any female over the age of 18 years in any establishment operated in connection with any telegraph or telephone line and therefore includes office help in this industry. The order stipulates that at least an expert employed by the State Desert Land Board, he did not believe a woman, who had not studied engineering, would be competent to do the work of an engineer. Lewis, who has made several inspections of the work, was not in the city. Friends of Mr. Lewis, however, said the action of the Governor in sending a woman to do the work which it is the business of the State Engineer to do was in keeping with his sending Miss Hobbs to Copperfield to make the town "behave."

Stur at Mr. Lewis Seen. Sheriff Rand, of Baker County, had declined to act at the Governor's dictum and it was made to appear that the Sheriff could not or would not enforce the law. They say Miss Hobbs was assigned to the work to make the Sheriff appear more or less ridiculous. Now, they say, Miss Hobbs is sent to Laidlaw on a mission intended by the Governor to convey a similar impression as regards the State Engineer.

They point to the fact that Mr. West is supporting an initiative measure which provides for the abolition of the office of State Engineer as an elective office and its recreation as an appointive office by the State Desert Land Board. The law eliminates Mr. Lewis and makes the engineer of the Tumalo project state engineer at a larger salary until 1916 than Mr. Lewis is receiving.

BILLIARD EXPERT WINS

LOYD JEVNE, FORMER CHAMPION, DEFEATS MAX BISAILLON.

Walter Johnston, ex-Northwest Titleholder, to Play Him Tonight on McCredie's Cushions.

Lloyd Jevne, the former three-cushion billiard champion, won an interesting match of 18.2 balkline billiards from Max Bisailon in the McCredie billiard parlors last night. Jevne scored 300 points while the local man was registering 253 markers.

Balkline is not Jevne's forte, as he has made his name in three cushions. For seven years he won the world's championship and at present he has a handsome medal which he won as a result. Walter Johnston, the ex-Northwestern three-cushion champion, will play Mr. Jevne in the McCredie parlors tonight, starting at 8:30 o'clock.

After the game last night Mr. Jevne entertained the large audience by an execution of the French trick balls and fancy shots.

Later he took four balls the size of marbles and the way he made them perform was marvelous. He used nothing but his forehead to make them act. After tonight's match Mr. Jevne will give the same exhibition as he presented last night.

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the "Mother's Friend."

This is an external embrocation applied about the neck and shoulders for the purpose of reducing the strain on ligaments, cords and tendons.

It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were freed from a most annoying sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it and their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly. It is used very successfully to prevent caking of the breasts.

"Mother's Friend" has been prepared in the laboratory of Bradford Regulator Co., 264 Lamar Bldg., Atlanta, Ga. for more than two generations and can be had of almost any druggist from coast to coast. Write to-day for the little book.
